You are invited to attend the first annual Hope United "Meet the Need" Pastor Forum, bringing together dozens of churches, pastors, and community partners in engaging discussion on how we can work together to meet community needs in St. Joseph County. This forum is free and will include: brunch, engaging speakers, roundtable discussions, and thoughtful brainstorming on how we can unite to make a bigger impact on our community as servant leaders. Let's work together to discover how we can spread hope and create lasting change.
