RE: Letter of Endorsement

To Whom It May Concern:

A strong community begins with a District Attorney that has a strong relationship with law enforcement to not only enforce our laws but to protect the community as a whole including our principles, our morality and our way of life in all of the different ways we as individuals carry such values.

Norm's decades of courtroom experience including civil, criminal, felony prosecution is irreplaceable. The relationships he has forged with law enforcement as Deputy District Attorney will continue to serve our community as he encourages citizens' participation with the DA's office in education and outreach programs to make our communities a safer place to live.

We are proud to endorse Norm Wheeler for District Attorney in the Sixth Judicial District. Norm is an experienced, long-time prosecutor with extensive criminal felony case and jury trials. He is the right man to lead the District Attorney's office. He understands the complexities of the district attorney's office having faithfully served as the Deputy District Attorney for the past five years.

Norm has demonstrated that he is ready to represent the citizens of the tri-county area of the Sixth Judicial District as District Attorney. Through partnerships with citizens and law enforcement he will create change you can trust.

If elected, we are confident he will be tough on criminals damaging our community through dangerous conduct such as drug trafficking and gun violence while continuing his practice of seeking rehabilitation for those struggling with addiction issues.

Therefore, the American Federation of State, County and Municipal Employees (AFSCME) is pleased to endorse Norman R. Wheeler for District Attorney.

Sincerely,

DocuSigned by:
