

AUTOMATED CHEMICAL SOLUTIONS

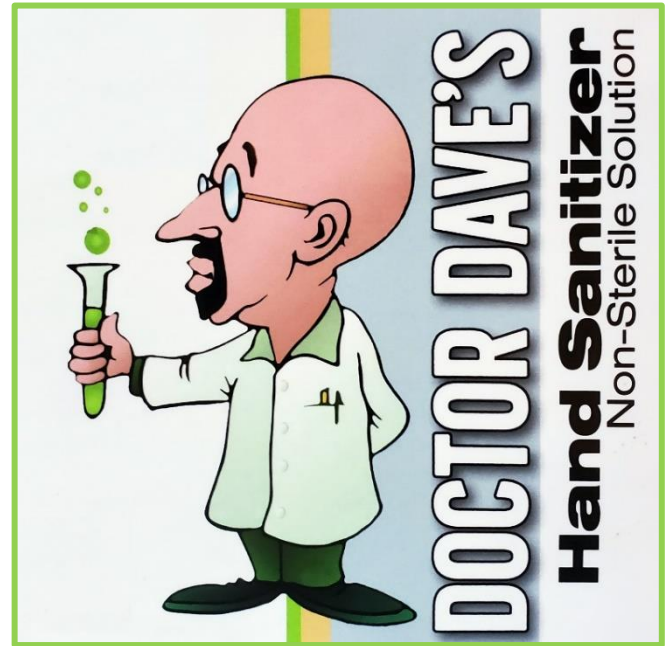

Better Products • Better Service • Better Solutions

Introducing Doctor Dave's AutoSan HS Hand Sanitizer. Specifically formulated according to the World Health Organization and the Food and Drug Administration guidelines issued during the COVID-19 public health crisis.

- Effective hand sanitizer that does not require being rinsed off after use.
- Free flowing liquid allows for liberal and even coverage of hands. Sprayable formulation.
- Contains moisturizers to prevent drying of hands.

Being offered for sale by the case.

- 16 oz bottles - 25 to the case
- 1 gallon jugs - 4 to the case
- 5 gallon cubetainers with spigot

* Due to the uncertain market with alcohol and packaging materials, pricing and availability are subject to change without notice.
