# Restoration Mission 2026

A Weekend of Healing, Identity,  
and Awakening

This is more than a retreat. It's a rescue mission

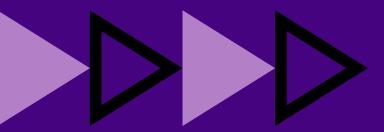

## Our Founders

# About GLP

Grace Light Productions was born from a vision to bring light into the darkest places — through story, film, and faith-based experiences that awaken hope and reveal truth.

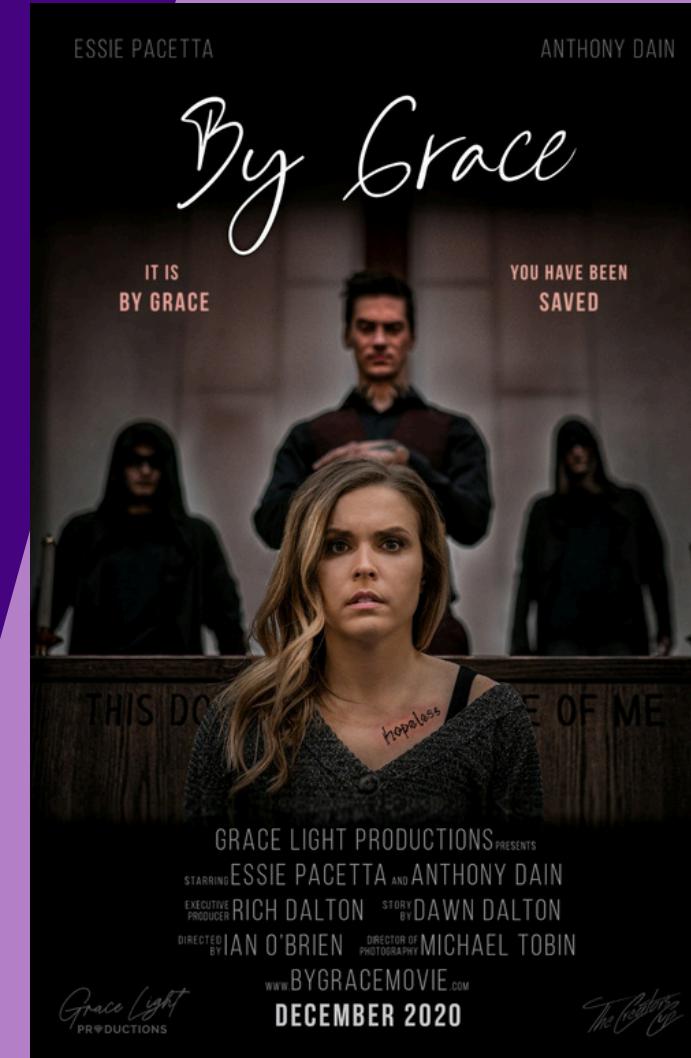

Founded by Rich & Dawn Dalton, Grace Light began as a storytelling ministry and has grown into a multi-faceted production and teaching company with one mission: to help people encounter the healing power of Jesus and rediscover their true identity in Him.

A few of their projects include — the multi-award-winning short film “By Grace”, our children’s series, Olivia The Sparrow & Friends, and the Operation: Rise & Reign identity curriculum — all carry the same heartbeat: Restoration, redemption, and awakening.

Each story and event is designed to expose the lies that keep people bound and lead them into freedom through the Word of God.

# Why Partner With US

You're Helping Restore  
What Was Broken. 

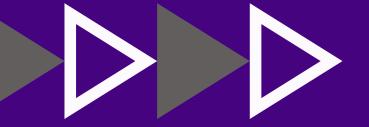

Every dollar you give helps women heal from trauma, shame, and loss — replacing lies with truth and pain with purpose. Your partnership provides a safe place where women encounter the love of God, rediscover who they are in Christ, and walk away changed forever.

You're Investing in  
Generational Freedom. 

When one woman is restored, entire families and communities are changed. Many of the women attending this retreat are mothers, leaders, and daughters carrying the weight of generational wounds. Your support helps break those cycles — so healing can begin, not just for them, but for generations to come.

You're Joining a Mission  
That Lasts Beyond a  
Weekend. 

Restoration Mission 2026 isn't just an event — it's part of a larger movement through Grace Light Productions to awaken identity, ignite purpose, and equip women to rise and reign in freedom. Your partnership builds a foundation that will ripple through future retreats, resources, and testimonies around the world.

# Why It Matters

## Restoring Her Worth

When a woman walks through trauma, loss, or shame, she often carries the weight of believing she's not worthy of rest or healing.

Your gift tells her she is. Your partnership doesn't just send her to a retreat—it sends her on a journey of rediscovering who she is in Christ.

## Together, We Can...

- Ensure that no woman is turned away because of finances
- Create a safe place for healing and identity restoration
- Ignite a ripple of freedom that extends far beyond one weekend

## Join the Mission
