Captain's Log

Hello fellow Parrotheads!

Our last meeting at at Ciscos Mexican restaurant was a success with over 20 community service parrotheads in attendance!

HAPPY to see everyone made it there, tho we did have a last minutes change of venue. Thank goodness for the internet website and Facebook!

It was great to see the results of the "behind the screen work" of Chris Graham (thank you!) with the delivery of fresh name Name Tags and our fresh batch of ball caps. Our new members now blend in with the crew! We know who you are now!!

Next on the presses will be new shirts, Tshirts and tanks, etc., getting us all ready to be stylin' during our 25th anniversary year beginning this October / November 2019. Meeting of The Minds will be upon us in no time.

This year we will NOT be Dark in August, we decided early on to have a Meeting. SO BRING out those new caps, your big sunglasses and the sun screen!! It will be sunny sunny time for all! Micky Wilks is opening her pool for a combo meeting and POOL party. Watch for your Evite, plan to pick an item to bring and share....just nothing that could melt!!

Bring your ideas...for our September meeting along with some 25th Anniversary celebration ideas. Don't forget to bring a bro-buddy, girlfriend for some extra fun for all!

Pebblebrook Hotel Trust and Margaritaville Holdings unveiled plans Monday to open the brand's first West Coast resort in San Diego. Pebblebrook expects to reflag its Paradise Point Resort & Spa as the Margaritaville Island Resort San Diego in 2020 following a \$35 million renovation.

The hotel will be located on the 44-acre Vacation Island in Mission Bay, 10 minutes from downtown San Diego. It will feature 462 casita-style single-story guestrooms, 80,000 square feet of meeting space, a mile of beachfront, signature Margaritaville food-and-beverage concepts, new recreational activities and family-friendly amenities, a marina, a spa, tennis courts and a fitness center. Its five pools and public spaces will receive updates to reflect the rebranding.

A QUICK LOGISTICS UPDATE FOR PHIP'S 2019 MEETING OF THE MINDS!!

Hello Parrot Heads! Here is the latest update for PHIP's 28th Annual Meeting of the Minds 2019 "License to Chill in Key West, Florida. Don't delay in registering for PHIP's Meeting of the Minds! Why? You have until September 15th and then registration is CLOSED.

NEW AND IMPROVED KEY WEST ON-ISLAND TRANSPORTATION!!

Over the years PHIP's Meeting of the Minds has provided FREE travel all over the island from the Casa Marina to downtown. During our post-event survey we heard some complaints about our parrot head shuttle. To add those comments our event budget has also seen the cost of the shuttle over DOUBLE in cost over the past three years. All that said there was significant feedback and kudos to the Key West Duval Loop which I had encouraged people to use via the notes on back of the last two years' laminated credential.

EXCITING NEWS!!

Here is some exciting news coming from recent meetings with city hall and the new mayor's office! I am pleased to announce a gift from the City of Key West to PHIP's Meeting of the Minds! The Duval Loop will be stopping **right on the street in front of the Casa Marina** and running through the days of our entire event on a **special PARROT HEAD DUVAL LOOP** route just for PHIP's Meeting of the Minds! This is your passport to a FREE ride around Key West. Keep those cars off the street! You can view the information about the Duval Loop at the link below and the route that will be followed during our upcoming event.

As always I have invited some of the folks at city hall to come out to the event again this year so be sure to thank them for supporting our event in so many great ways. Parrot Heads love Key West and to the home of the 28th Annual PHIP's Meeting of the Minds....The City of Key West...WE THANK YOU!

Questions About Coolers, Chairs, and the Mobility Challenged Seating Area at the Casa Marina

As always we have many new people coming from all over the world and the questions are asked. Can we bring **coolers** into the Casa Marina? The answer on this one is no coolers are allowed on the *grounds* at the Casa Marina. You will be literally surrounded by bars and even a very special bar this year featuring \$5 Margaritaville Gold Tequila Margaritas as well as \$3 Land Sharks. More to come on those details. There will be plenty of water on hand for everyone to stay hydrated in the tropical climate as well as your favorite beverages all over the grounds at the Casa.

Chairs? YES please bring your chairs! Put them in the sand! WE want you comfortable for the hours and hours of music! There are just a few areas we have to exclude the chairs such as right in front of the stage but all of the signs will direct everyone. Flying? Buy an inexpensive chair at the local drug store or discount store and bring it on over! YOU need to see ALL of this entertainment! Stay comfortable!

Mobility Challenged? Some of our PHlock attend our event in wheel chairs and on crutches from unexpected last minute surgery, etc. If you need special seating it WILL be provided right up on the sidewalk in front of the main stage as in previous years. We want *everyone* at our event and we will do our best to make *everyone* comfortable so YOU can have a great time!

HAVE YOU HEARD ABOUT THE NEW FACEBOOK GROUP?

Have you heard about the new Facebook group for PHIP's Meeting of the Minds? It is out there. Go send a request to join! Ask all your PHriends to join! We have only been open for a couple of months and membership is climbing.

Left Coast Parrothead Wine Auction September 14, 2019

The Left Coast Parrothead 2019 Wine Auction will be held at Chris and George's house on September 14th. We hope you all attend this Phun event. In the past this has been one of our biggest charity events and we hope this year will be the same. We always have a great variety of wines to auction, many with some interesting stories behind them. We also have some great silent auction gifts lined up this year. As in the past, admission is two bottles of wine; one bottle to donate to the auction (hopefully with a story behind it) and one bottle to drink. Jim Sumner from ASA is donating approximately 40 bottles of wine for the event. Some will be auctioned off and some will be packaged and included in the silent auction. He also is spreading the rumor that he will also donate some pretty cool silent auction items. We hope to have a couple of bottles of his wine at the September meeting to preview.

So, put the date on your calendar, save your dollars and help make this event a great charity event. Proceeds from the ASA donated items will go to ASA to provide food and other items for our troops overseas.
