GOLD RIBBON

Virtual Gala

Saturday
September 26, 2020
@ 7pm

I loved school, dancing, singing, shopping, being silly, monkeys and school.

My life changed on November 6, 2006 when I was diagnosed with Diffuse Intrinsic Pontine Glioma (DIPG). Hospitals, doctors and medications interrupted my time in first grade. Although the doctors did not have any treatments to help my cancer, I continued to enjoy my time with my family and friends. The cancer eventually took my ability to walk, talk and swallow, but I never lost hope. I earned my wings in heaven on October 17, 2007.

After going through my 11 month battle with DIPG, my family was inspired by my love of life and strength to help others. They continue to honor me and my love of monkeys and school. My spirit lives on through their work and passion to find a cure.

Love, Chloe

Be a Seed of Hope!

Help a child with cancer by becoming a monthly donor.

Your monthly donation will help us provide family support to the families who have a child in treatment throughout the year. This includes Warrior Wagons, financial assistance grants, Monkey In My Chair kits, care packages and much more!

The costs of childhood cancer affects the entire family including the loss of an income so one parent can be with the child, increased travel expenses while traveling to and from the hospital and food expenses while they're away from home.

All new monthly donors will receive our NEW awareness shirt!

Donate today and be a seed of hope to a child with cancer!

Salina, KS 67401

The Charles D. Jones Co. is proud to support the Love, Chloe Foundation and its mission to provide hope to diagnosed children and their families.

Our company philosophy:
Together, we are smarter than any one person.

In Memory of James Allen

James Allen, 9 years, attended Central Elementary School in Lyons, Kansas. James was diagnosed with Acute Myeloid Leukemia (AML) in February 2019. Although his time in treatment had its share of ups and downs, James always kept his faith, smile and positive attitude. James was a dedicated gamer. He loved the outdoors, playing football and the Boy Scouts. Sadly, James Allen lost his battle with cancer and passed away May 29, 2020.

Family Support

The Love, Chloe Family Support Program is a community outreach program that assists families with a child diagnosed with cancer. We help them by providing care and holiday packages, resource packets, family financial grants and Warrior Wagons. The cost of childhood cancer affects the entire family. This includes loss of income, so that one parent can be with the child. As we are located in Central Kansas, families must travel for treatment. The added expense of food and travel while they are away can become a huge burden. In addition, we have numerous volunteers who donate quilts and other items. Those items are passed along to the families in the area in Warrior Wagons and care packages. When a child passes, each family is also given a sunrise painting to commemorate the day their child passed. It's our mission to keep the memory of each child alive in the awareness of childhood cancer.

Say Hello to Bryce

Bryce is 12 years old and is doing online schooling this year. He was diagnosed with Diffused Large B Cell Non Hodgkin Lymphoma on December 31st, 2019. Since that time, Bryce and his family have endured many changes in their daily lives and have overcome challenges. However, the family has found a new appreciation for friends and strangers alike who have come forward to support Bryce and their family. Bryce is in remission and doing great!

We Appreciate You!

We want to sincerely thank each of you for supporting our cause this year! It's been a rough year for many families, businesses and non-profits, like ours.

Your support helps us to continue helping children and families as they manuever the childhood cancer journey. It also helps fund much needed research to find a cure. Without your support, there would be no warrior wagons, family financial grants, family support.

We'd also like to thank the volunteers who make up the committees that make the Gold Ribbon Golf & Gala possible. They have been working tirelessly for months to prepare and to make our event the best it can be - especially under the circumstances we've faced this year with COVID-19. In addition, we have many other volunteers who've helped with invitations, gathering in-kind donations, calling on sponsors, picking up items and arranging baskets for the auction. Our golf volunteers are essential in making sure the tournament goes smoothly so the participants enjoy their day. Our collaboration with **Salina Guns & Hoses** for the Golf Balls from Heaven ball drop was much appreciated and everyone enjoyed seeing the balls being dropped from the fire truck!

We hope to return to a live gala next year!

Thank you

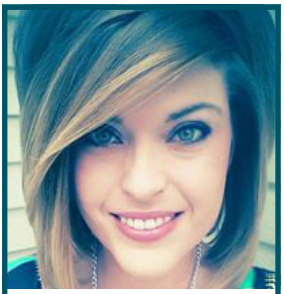
Our 2020 Gold Ribbon Gala Emcees

Hannah Holt



Brittany Willer

Please help us in giving a big “thank you!” to Hannah Holt and Brittany Willer for emceeing the Gold Ribbon Gala! Both ladies are very active in the community and support many great causes in the Central Kansas area. Love, Chloe is honored to have these ladies as part of our event!

Monkey In My Chair

When a child is diagnosed with cancer they are taken out of their daily routine and thrown into a new world of hospitals, doctors and medicine. During a child's treatment for cancer, it is important to help the family and the child remain involved with education and socializing with their peers.

Monkey In My Chair is a program to help elementary-aged school children stay connected with their peers while they are away from the classroom. The program encourages the child, family and school to communicate in a fun, creative and beneficial way. This includes a large stuffed monkey that takes the child's place in the classroom. The monkey does everything the child would do, such as: recess, going to the library and lunch, and attending field trips.

The kits include a teacher companion, photo album, a journal, and a book, "There's a Monkey in My Chair!" to help the teacher and students start a conversation about the child who is undergoing treatment. The Love, Chloe Foundation created the Monkey In My Chair program in 2009 in memory of Chloe. She loved school and monkeys, so it felt natural to create a program that integrated both. Love, Chloe partnered with The Cure Starts Now Foundation to help fund the program and expand it to more hospitals and families in the U.S, Canada and Australia. Love, Chloe funds hundreds of Monkey In My Chair kits each year!

Say Hello to Rylan

Rylan is 13 years old and a 9th grader in Sylvan Grove, Kansas. He was diagnosed with Acute Lymphoblastomic Leukemia on March 16th, 2020. Like so many other families, Rylan's parents' focus became fixated on his health and recovery while siblings were cared for by other family members. "The most difficult part of this is all the time that is spent away from home and time spent away from our other kids," said Sara, Rylan's mom. Rylan is home and in remission, although he's still recovering from multiple surgeries on his hip.

Say Hello to Isabelle

Isabelle is 7 years old and is doing online learning at her home in Lyons, Kansas. She was diagnosed with Medulloblastoma SHH on April 21st, 2020. Even with the challenges at hand, the family expresses their belief that you can never give up, be persistent when you know something's wrong, don't be scared and never stop smiling and laughing! Isabelle is currently at home and returns to Children's Mercy for treatments each month.

The Love, Chloe Foundation

The Love, Chloe Foundation was started in 2008 in memory of Chloe Feyerherm. The foundation's initial focus was developing a program to help children with their time away from school during cancer treatments. The Monkey In My Chair program launched in 2009 and grew dramatically over the next two years. In 2011, Love, Chloe partnered with The Cure Starts Now Foundation in Cincinnati to help continue to grow the program and reach more children around the country. This allowed the foundation to start a family support program to provide financial assistance to families with children battling cancer in Central Kansas. In 2011, the foundation also joined the DIPG Collaborative to help fund ground-breaking research. The collaborative has funded more than $11 million in research over the last eight years. The Love, Chloe Foundation is proud to be part of this collaborative and being able to help researchers work to find improved and more effective treatments for our children.
