Water Resistant	Yes
Tensile Strength	2500/2500 N/5CM
Coating Adhesion	100/100 N/5CM
Tear Strength	310/280 N
Temperature	' -30 / +70 deg c'
Thermal Conductivity	<=4 w/m2.k
Eyelets	ABUV

All technical data is indicative. Specification details have been supplied by the manufacturer and are offered in good faith but no warranty is given. A workmanship warranty will be in place but will only cover manufacturer defects and does not under any circumstance cover any damage sustained whilst on site or wear and tear as a result of being used. The warranty will include repairing of the defects free of charge or replacement of the panel if the defects cannot be repaired. In all instances the user of the 'Acoustic Barrier' is responsible for making sure the product is suitable for the particular application. In all instances the user is responsible for ensuring that suitable temporary works/stability considerations are made in relation to the possibility of additional loadings/wind loadings being applied as a result of installing this product. Under no circumstances shall Fence Webb LLP be liable for any loss or damage arising from any noise output/noise pollution or due to any loss or damages as a result of a loss of structural stability either after or during the use of our Acoustic Barrier product. Our liability for any defect shall be limited to repairing or replacing the defective Goods or refunding to you the invoice price of the Goods. Under no circumstances shall we be liable for any indirect, consequential or economic loss of any nature arising out of the defect. In purchasing and using this product you are agreeing to the 'Terms and Conditions' of Fence Webb LLP as detailed on our website at www.fencewebb.com.
