employees

1

#### **Pre-filter**

- Removes sand, rust and other solid particles
- Significantly extends the life of a main filter

2

#### **Water softener and deferrizator**

- Filters groundwater, well water and water in open reservoirs
- Removes iron, manganese and hardness salts, with any content of organic substances

3

#### **Fine filter**

- Removes chlorine, odor, heavy metal ions, organic compounds, traps micro-impurities

4

#### **Drinking water machine**

- Makes water potable without boiling
- Purifies water in a special way for allergy sufferers and babies
- Restores the natural mineral balance of water

Efficiency

Under counter - Reverse Osmosis  
Drinking water filter machine

MORION RO-202s-C - 4 stage &  
MINERALIZATION **0.0001 micron**

1

A 1000 Water softener & Iron  
remover

Removes iron, manganese and  
hardness salts

Pre-Filter for cold water removes  
active chlorine, heavy metals

Viking maxi  
Stainless

Carbon Block  
**5 micron**

Pre-Filter for cold water reducing  
sand, rust, silt

Viking maxi  
Stainless

Polypropylene  
**20 micron**

€ 1.983 + vat

The price includes installation charges, pipes & fittings

Efficiency

Under counter - Reverse Osmosis  
Drinking water filter machine

MORION RO-202s-C - 4 stage &  
MINERALIZATION **0.0001 micron**

2

A 800 Water softener & Iron  
remover

Removes iron, manganese and  
hardness salts

Pre-Filter for cold water removes  
active chlorine, heavy metals

Gross Big  
Blue 20"

Carbon Block  
**5 micron**

Pre-Filter for cold water reducing  
sand, rust, silt

Gross Big
