API 5L

This American Petroleum Institute (API) specification covers seamless and welded steel line pipe for use in conveying gas, water, and oil in the oil and natural gas industries.

ASTM A53

This American Society for Testing and Materials specification covers seamless and welded steel pipe intended for mechanical and pressure applications, including ordinary uses in steam, water, gas, and air lines.

ASTM A106

This American Petroleum Institute (API) specifications covers seamless carbon steel pipe for high temperature service.
