Just want you to know that I can still see your red lunatic face running over to me at the ballot count while screaming at the top of your lungs YOU'RE A FUCKING DISGRACE when I close my eyes sometimes. Good job. 👍

And I can still hear the death threat voicemails too from people that sounded just like you. Saying if I ever went back to set as a prop or the next time they see me I'm going to get a screwdriver to the throat. I can still see the hate mail.

I look back at how many times I went out of my way for you in the past. How I did that for so many people 24 hours a day 7 days a week for 6 years. But silly me wanted to get treated and paid like the man before me. Silly me busted Dolan and Meere stealing money. Silly me listened to people when they told me to do the right thing and stand up. Silly me.

Just a text reminding you that you all did that. You, [REDACTED], were a part of that. Your heroes Ray Fortune and Barbara Kastner sat there and watched you treat me that way and did and said nothing. And I hope you are all fucking happy with yourselves.
