

What's New at KB & CO.

October 2024

Finally Fall!

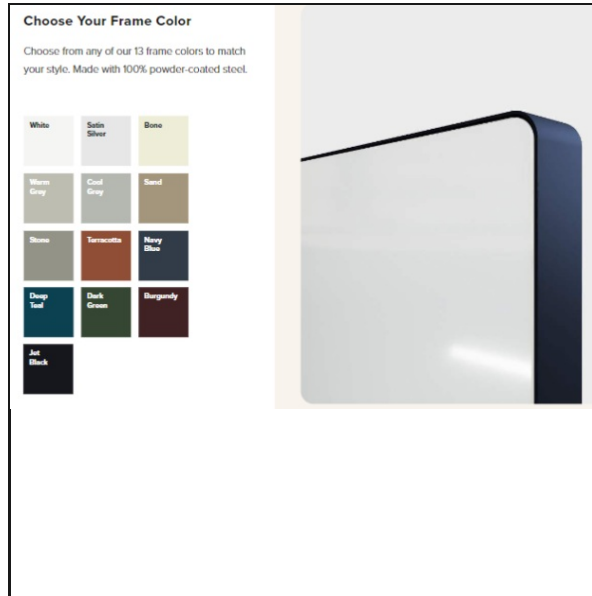

It is finally Fall, y'all! Thank goodness for cooler days and pumpkin spiced everything. Fall also brings sweatshirts, football, Halloween, and Thanksgiving. I am not a big fan of Halloween; I just don't enjoy dressing up or being scared. Thanksgiving, however, is my favorite holiday full of family, football, and good food.

I am thankful for customers like you who have become friends. It is an honor when you trust me enough to help specify solutions for your best customers. The KB & CO. manufacturers are the best of the best, and together we are committed to providing excellent service to help you WIN.

Reminder I only rep Via Seating and OE Electric in Austin. Angela Hinner is my partner who reps the others. Either of us can help you if you forget...

NEW from Clarus

Atmus Mobile Desk

A mobile dry-erase glassboard featuring a flip-up desk - ready for meetings, presentations, and solo work. Roll Atmus anywhere to collaborate with others. Flip up the desk to rest phones and laptops and write notes on the glass surface.

Podcast for Designers

Are you using AI without even realizing it? In this episode, Alexandra takes a fun dive into how AI is shaking up the design world. Alex and her guests break down the perks, the pitfalls, and what we need to watch out for as AI becomes a bigger part of our creative process. From ditching boring tasks to unlocking new levels of creativity, they explore how AI shapes the future of design and what it means for you!

WOO PIG SOOOOIE!

My family recently went to Fayetteville, Arkansas to visit my son. We got to see the Razorbacks beat #4 Tennessee and the atmosphere was incredible! It was great to see Javier but so hard to leave. I wish he wasn't so far away, but he is doing well and has found an interest in Middle Eastern studies!?!

NEW KB & CO. Manufacturer

Sunline Systems

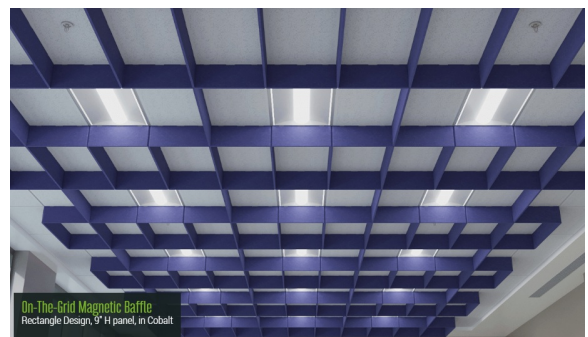

Sunline cubicles feature flexible configurations, allowing you to customize the layout to fit your office space perfectly. With adjustable panels, integrated technology options, and ergonomic accessories, these cubicles are built for comfort, efficiency, and adaptability.

Halloween Recipe

Monster Munch Popcorn

INGREDIENTS

- ½ cup (125 mL) white or yellow popcorn kernels, divided
- 1 tbsp (15 mL) oil
- ½ tsp (2 mL) salt
- 1½ cups (375 mL) mini pretzel twists
- ½ cup (125 mL) bear-shaped honey or chocolate graham snacks
- ½ cup (125 mL) lightly salted, dry roasted peanuts (optional)
- ½ cup (125 mL) candy corn
- ½ cup (125 mL) candy coated chocolate pieces
- 2 oz (60 g) vanilla-flavored almond bark
- Purple concentrated food gel (optional)

DIRECTIONS

1. Pop the popcorn with oil in a large pot over medium heat. Transfer to a sheet pan, being careful not to add unpopped kernels; sprinkle with the salt.
2. Top popcorn with pretzels, graham snacks, peanuts, candy corn, and chocolate candy.
3. Microwave almond bark on HIGH 1 minute; stir. Continue microwaving 30–60 seconds, stirring after 30 seconds until the bark is melted and smooth. Add food coloring until the desired color is reached.
4. Drizzle the melted bark over the popcorn mixture.
5. Let stand 5–10 minutes or refrigerate until set. ENJOY!

Makes 15 servings

Define Neighborhoods and Create Space with Heartwork

Heartwork endcaps and work aisles allow you to indicate neighborhoods, create unique spaces for a variety of flexible work, and provide a place to store what is most important to you. Combine any of the pieces from our Building Block Collection to construct your custom endcap. Work aisles can be created from any of Heartwork's Building Block Collection stretching as wide as you need. Mix and match colors and surfaces to personalize and define your one of a kind space.

HABITAT FOR HUMANITY

Recently I had the privilege of serving with IIDA SACC and Interior Design students from UIW to help paint a home for Habitat for Humanity. I have always wanted to do this but never really took the time to look into it. We painted the exterior of the whole home in one morning! It was very rewarding to see the result, meet others with a heart to give back, and to meet the homeowner and learn more about Habitat. If you have a chance to serve, I highly recommend it.
