What's New from KB

July 2023

A Note from Kristen...

I hope you are making some time for a vacation this summer. I was able to spend some time with my family in the cold Comal River over the 4th of July holiday. It was nice to relax and catch up with old friends.

In this edition I will focus on two of my manufacturing partners, MergeWorks and Workrite Ergonomics. If you want more information or need samples, please reach out.

Made in San Antonio

Proudly located in the San Antonio suburb of Universal City, MergeWorks focuses on providing solutions for privacy, display, and mobility. You and your clients are always welcome for a factory tour. The beautiful showroom is filled with acoustic solutions and the production floor is always buzzing getting products ready to ship across the US.

Note: Angela Hinner is the MergeWorks rep for Austin and Central Texas. I cover San Antonio and South Texas. It's ok if you forget; either one of us will help you!

LET'S TALK ABOUT NOISE

NRC, STC, absorption, reflection, and echo. Acoustics can be overwhelming. You can earn the basics of acoustics here.

The Best in Ergo

Workrite Ergo is known as the leader in ergonomic furniture and work tools. If you need HATs, monitor arms, or cable management reach out and let me quote it for you.

Competitive prices and fast lead times!

I would love to connect

Reach out and let's set up a time for coffee, lunch or a Lunch & Learn.

Make it a great day!
