

## Wet Dry Schematic & Parts List

### Wet Dry Variations

|                |                                                                |
|----------------|----------------------------------------------------------------|
| <b>16-1001</b> | 16 Gallon Wet/Dry - With Squeegee Assembly - NO TOOL KIT       |
| <b>16-1002</b> | 16 Gallon Wet/Dry - With Tool Kit - NO SQUEEGEE ASSEMBLY       |
| <b>16-1003</b> | 16 Gallon Wet/Dry - With Tool Kit and 27" Front Mount Squeegee |

### Wet Dry Components

|                 |                                                         |
|-----------------|---------------------------------------------------------|
| <b>16-1013</b>  | 27" Squeegee Assembly with Blades                       |
| <b>16-1027</b>  | 27" Squeegee Assembly with Blades and Mounting Tool Kit |
| <b>650-0014</b> | 27" Squeegee Blade                                      |

## Wet Dry Schematic & Parts List

| Drawing # | Part #             | Description                                                                   | Quantity |
|-----------|--------------------|-------------------------------------------------------------------------------|----------|
| 1         | <b>200-0026</b>    | Wet Dry Expanding Hose                                                        | 1        |
| 2         | <b>100-0037</b>    | Screw for Wet/Dry Latch                                                       | 4        |
| 3         | <b>700-WD16MH</b>  | Wet Dry Motor Housing                                                         | 1        |
| 4         | <b>200-0025</b>    | Wet Dry Drain Hose                                                            | 1        |
| 5         | <b>650-0021</b>    | Wet Dry Tank Gasket                                                           | 1        |
| 6         | <b>501-0005</b>    | 2 Stage Tangential Motor Assembly                                             | 1        |
| 7         | <b>100-0020</b>    | Motor Mount Screws for Wet Dry                                                | 3        |
| 8         | <b>650-0023</b>    | Wet Dry Motor Intake Filter                                                   | 2        |
| 9         | <b>600-0006</b>    | Intake Screen                                                                 | 1        |
| 10        | <b>800-0042</b>    | Wet Dry Latch                                                                 | 1        |
| 11        | <b>400-0026</b>    | Float Switch                                                                  | 1        |
| 12        | <b>800-0023</b>    | Caster – No Brake                                                             | 1        |
| 13        | <b>100-0046</b>    | ½" Screw                                                                      | 4        |
| 14        | <b>16-1027</b>     | 27" Squeegee Assembly with Blades – <i>See assembly schematic for details</i> | 1        |
| 15        | <b>400-0021</b>    | Splash Proof Rocker Switch                                                    | 1        |
| 16        | <b>100-0045</b>    | Control Panel Screw                                                           | 7        |
| 17        | <b>400-0025</b>    | Motor Relay                                                                   | 1        |
| 18        | <b>600-0032</b>    | Wet Dry Control Panel                                                         | 1        |
| 19        | <b>700-EXT12CU</b> | Cord Wrap Upper Cleat – Black                                                 | 1        |
| 20        | <b>100-0054</b>    | Cord Wrap Washer                                                              | 2        |
| 21        | <b>100-0020</b>    | Cord Wrap Screw                                                               | 1        |
| 22        | <b>401-0005</b>    | Complete Wet Dry Pigtail Cord                                                 | 1        |
| 23        | <b>100-0069</b>    | Hinge Bolt                                                                    | 2        |
| 24        | <b>700-WD16B</b>   | Wet Dry Base                                                                  | 1        |
| 25        | <b>100-0033</b>    | ½" Push on Cap Nut                                                            | 2        |
| 26        | <b>800-0053</b>    | 10" Wheel                                                                     | 2        |
| 27        | <b>900-0001</b>    | 10 Quart Cloth Bag                                                            | 1        |
| 28        | <b>600-0034</b>    | Wet Dry Axel                                                                  | 1        |
| 29        | <b>400-0057</b>    | 50' SJEOW Lighted Mosquito Green Extension Cord                               | 1        |
