CARBON-LITE™
COMMERCIAL VACUUM

Mosquito's Carbon-Lite™ available with Lithium POWER! The lightest, most powerful commerical backpack vacuum available today without the cord.
Poly Carbon™ material combined with the industry's most powerful Pulse Power™ motor puts Mosquito's Lithium Powered Carbon-Lite at the top of the competition.
At Mosquito our attention to detail and commitment to innovation never ends.
Our lastest product, the Lithium Carbon-Lite™, is the beginning of a true revolution in industrial backpack vacuum design and performance.
Mosquito's state of the art design studio overlooks our production stations in Huntington Beach, California USA.
Furthering our commitment to quality our new Carbon-Lite™ Boasts an impressive 88% of components manufactured in the USA.
Combine that with the industry's longest warranty and the choice is clear.

THE LITHIUM POWERED CARBON-LITE

- The body: New use of Poly-Carbon™ material. Lighter and stronger. The Carbon-Lite™ is approximately 22% lighter than the Proteam Pro 10.
- The motor: Our new Pulse Power™ motor delivers an impressive 65 inches of lift, providing approximately 42% more power than our most popular competitor!
- The hose: Our exclusive Never-Clog hose is an industry first and patent pending. A 6" straw doesn't get stuck. Try that with the competition.
- Components: Titanium and aluminum components, strong and lightweight.
- Cooler: Our flow through motor passes cooling air through the motor. Eliminating heat to your back.
- Tools: The Smooth Glide tool upgrade is standard on the Carbon-Lite™.
- YouTube training tutorials for each feature, benefit and comparison
