

**NEED A PLUMBER?
WE GOTTA GUY!**

When updating your kitchen or bathroom countertops, disconnecting and reconnecting plumbing fixtures is a necessary part of the process. While Builder's Choice does not directly provide these services, we are pleased to recommend a trusted, local, licensed and insured handyman that you may coordinate with directly. Once your project is confirmed, please contact him to arrange your appointment. Be sure to consult with your Builder's Choice representative beforehand to confirm the appropriate dates for service. All plumbing-related scheduling, communication, and payment will be handled directly between you and the provider.

JP MONTERVINO – 804-363-8229
