### HIGH 'N DRY FARM SPRINGER SPANIELS HEALTH GUARANTEE

This puppy has had first vaccination shots against parvovirus, parainfluenza, adenovirus and distemper. The buyer has 7 working days according to this Health Guarantee Contract to have a licensed veterinarian examine the puppy. If he/she finds any life-threatening genetic defects or life-threatening illness, the buyer may exchange the puppy for one of equal value or a full refund after the return of the puppy with a vet statement. The buyer agrees to pay any fees associated with the return of the puppy, as well as any fee associated with an exchange of a puppy. After the 7 day expiration period the dog is guaranteed for 1 year and may be replaced if a life threatening criteria described above is found and supported by a veterinarian statement.

If there is a congenital defect (not including hips which are genetic) within one year from birth, and it can be surgically corrected for less than the cost of a replacement puppy from our kennel, we will pay the cost of surgery (not the tests, or doctors visits leading to the surgery) up to the purchase price for your puppy instead of replacing the puppy.

If a condition can't be surgically corrected and/or the buyer wishes to keep the dog we will reimburse the original purchase price of the puppy following a veterinary statement. All veterinary costs are the liability of the buyer.

Buyer understands that the following slight genetic defects are not considered serious or life threatening, and therefore is not covered: umbilical hernia, un-descended testicle, under bite, or overbite. Buyer understands that replacement option is only valid when health problems are attributed to a hereditary problem and not due to accident or contagious and/or other illness.
