

# SureColor® T-Series Printers

Epson T-Series wide-format printers serve offices of all sizes with fast, accurate printing.

## Small or Home Offices

**1-5**  
employees

**2-3**  
sets of  
jobs/week

Epson's entry-level printers offer the convenience of on-demand professional printing at a reduced cost compared to outsourcing to a reprographics shop.

## Mid-sized Offices

**5-50**  
employees

**3-10**  
sets of  
jobs/week

Epson's workgroup printers provide high-performance technical printing for a small team of employees requiring a centralized printer.

## Enterprise

**50+**  
employees

**10+**  
sets of  
jobs/week

Epson's enterprise printers are ideal for businesses that print high volumes or on heavy media. These models offer options such as an internal print server as well as the Adobe Postscript Module.

Precise printing for numerous applications.

1 Print speeds are based on the print engine speed only. Total throughput time for any print depends on workstation configuration, file size, print resolution, ink coverage, networking, etc. Actual print speeds will vary. | 2 Product size excluding stand. | 3 Most features require an Internet connection to the printer, as well as an Internet- and/or email-enabled device. For a list of Epson Connect™ enabled printers and compatible devices and apps, visit [www.epson.com/connect](http://www.epson.com/connect) | 4 Wi-Fi CERTIFIED™; level of performance subject to the range of the router being used. Wi-Fi Direct may require printer software. | 5 Cartridge yields vary considerably based on images printed, print settings, paper type, frequency of use and temperature. For print quality, a variable amount of ink remains in the cartridge after the "replace cartridge" indicator comes on. The printer ships with full cartridges and part of the ink from the first cartridges is used for priming the printer.
