

## League Rules

Pop's Poker League Championship (PPLC) rewards PERFORMERS and REGULARS!

\$5 will be collected from every entry from each qualifying tournament (from the prizepool), which will be held as the prizepool, for a "league championship" tournament at the end of a specified qualifying period, for all qualified players.

The league championship will be held at Pop's Poker on a specific date and time to be posted on the website and inside at Pop's Poker, prior to the start of each series.

### How Players Qualify for the PPLC

In order to qualify, you must play a "qualifying" tournament. The buyin and fees will be posted, including the \$5 league fee for each tournament (if applicable), prior to the start of the tournament. Pop's reserves the right to hold tournaments that are NOT qualifying tournaments in addition to the qualifying tournaments.

The number of PPLC seats will be limited to a specific amount that will be set prior to the start of the series and posted along with the schedule online ([www.poppoker.com](http://www.poppoker.com)) and at Pop's Poker.

Players may qualify for a seat in the PPLC in one of two ways, by either being a top performer, or a top regular as follows: PERFORMERS --- Pop's will calculate your total cumulative "cashes" and rank you relative to other players' cashes.

The top "performers" (½ of the available seats) will be guaranteed a seat.

REGULARS --- We will calculate your total cumulative "buyins" and rank you relative to other players' buyins.

The top "regulars" (½ of the available seats) will be guaranteed a seat.

If two performers are tied for the last performer spot, the tie is broken by comparing their total buyins.

If two regulars are tied for the last regular spot, the tie is broken by comparing their total cashes.

If the tie still remains after the tie breaker, for either performers or regulars, the ties will qualify.

You cannot qualify for more than one seat, even if you technically qualify in different groups of qualifiers. For example: It is possible that a highly ranked "regular" is also a highly ranked "performer" yet that player will only be awarded one seat.

Players cannot substitute another player for their seat. Qualified players must be the one who plays in that seat. Specific seats and table assignments will be determined at the point of registration on the day of the PPLC.

If a qualified player does not show up to play in the PPLC by the end of the late registration period on the day of the PPLC, their seat will be forfeited.

### League Championship Structure

- 20,000 starting chip stack
- 20 minute blinds
- Late registration through the first 5 levels + the 1<sup>st</sup> break
- Prizepool TBD
