

Be Gone

G

Be gone

Cm,G

The hour has touched the dawn

Cm,D

And I must carry on

D#min7

To be on my way

G

Today

Cm,G

And if You should care to pray

Cm,D

It would reach me in that way

D#dim7

And would heal my heart

G

And start

Cm,G

To pry the years apart

Cm,D

Which have bound me here so hard

D#dim7

In this broken place

G

I face

Cm,G

All the strange and wondrous ways

Cm,D

You have blessed me with Your grace

D#dim7

Showered down from high

G

I try

Cm,G

As I fight this urge to cry

Cm,D

Choking on a last goodbye

D#dim7

I can almost hear

G

You near

Cm,G

As You wipe away the tear

Cm,D

And You banish all my fear

D#dim7

I am newly made

Edim7

G#

I wait

C#m,G#

But I know it's not too late

Cm#,D#

To live out this holy fate

Edim7

In the great beyond

G#

Be gone
