

## Radio script 1

Sue Ek here to let you know that I'm running for State Representative because we need balance in our state government. When meeting people on the campaign trail, I'm told their biggest concern is the economy. With one-party control, House Democrats raised taxes by more than \$10 billion dollars in just two years. Our hard-earned tax dollars are not being respected. We need lower taxes, fewer unnecessary regulations, and school choice. I want to make life simpler and more affordable. Help me make a difference. Vote Sue Ek. Paid for by Ek For House Campaign Committee.

## Radio script 2

I'm Sue Ek, and I am running for State Representative to help us get back to the days when our hard-earned tax dollars weren't wasted and the cost of everyday living was much more affordable. Let's bring balance back to our state government with lower taxes and school choice. Let's create a better life by ending the one-party control that gave the state budget a 40% raise by taking money out of Minnesotans' pockets. Help me make a difference—vote Sue Ek. Paid for by Ek for House Campaign Committee.
