### ***Horsemanship Training Sessions***

Riders attending the Advanced level of the Twisted Tree Farm Spring Camp begin by participating in a five-day Horsemanship Training Session where they work with top trainers and stable managers. Instruction focuses on flatwork, gymnastics, related distances and course work, as well as an intensive stable-management curriculum that incorporates proper care and grooming, horsemanship skills and barn management. Riders provide their own horses for the Advanced Training Sessions and all necessary care.

### ***Testimonial, Ellie Dryer***

My name is Elizabeth Dreyer, I am a student at West Texas A&M. I had the opportunity over my winter break to intern at Twisted Tree Farm. The month that I spent with them was truly an experience I will never forget. I was surrounded by amazing horses and an even more amazing community. I was able to participate in a clinic given by Karen Healey, jump some with Max Doelger and then of course the day-to-day training with Janet. I learned so much to improve my riding and horsemanship, as well as how to manage and properly run a successful barn. Janet is an amazing trainer, who leads by example and cares for the success of everyone around her. She puts her heart and soul into her work and is an inspiring person to be around. I cannot thank her enough for the opportunity she gave me.
