

“Join the Movement: Empower Pedicab Drivers in NYC!”

Be part of the New York Pedicab Alliance — fighting for fair policies, affordable insurance, and electric-assist legalization!

Why Join Us?

- 🚲 **Advocacy Power:** Stand with fellow drivers to demand fair treatment and sustainable industry practices.
- 👉 **Community Support:** Connect with a network of drivers who share resources, advice, and solidarity.
- 📣 **Your Voice Matters:** Help shape the future of pedicabs in New York City.

What We’re Working On

- **Legalizing E-Assist & Bike Lanes :** *NYPA is engaging with the DOT and City Council to get electric assist legalized and formally designate bike lanes for pedicab use to improve safety and efficiency.*
- **Fighting to Establish Fair, Capped Rates :** *We are actively lobbying the NYC Council to legally cap pedicab rates at levels akin to the carriage industry, and negotiating better, lower insurance rates for our members .*
- **Seeking Fair Fine Structures :** *We are addressing the adjudication of pedicab cases in New York City Courts to decrease excessive fine amounts, ensuring enforcement is fair and proportionate .*
