Sheds Direct Building Series

GOOD

EAGLETM SERIES

The Eagle SeriesTM offers straightforward, dependable protection for your belongings—shielding them from the elements and keeping them secure. As the most budget-friendly option in the Sheds Direct lineup, these buildings come in a limited range of sizes and features, making them a practical choice for essential storage needs.

Barns & Sheds

6' x 8' 8' x 16'
8' x 8' 10' x 12'
8' x 10' 10' x 16'
8' x 12' 10' x 20'
12' x 16'

BETTER

ALL-AMERICANTM SERIES

Sheds Direct's most popular series, the All-AmericanTM Series, gives you the perfect balance of quality and affordability.

Available in classic wood or easy-care vinyl, you can add options and upgrades to create a space that fits both your life and your budget.

Barns & Deluxe Sheds

8' x 12', 8' x 16'
10' x 12' - 10' - 24'
12' x 12' - 12' x 48'
14' x 16' - 14' x 48'

Sheds

8' x 10', 8' x 12', 8' x 16'
10' x 12' - 10' - 24'
12' x 12' - 12' x 48'
14' x 16' - 14' x 48'

Modern Escape

10' x 12' - 10' x 24'
12' x 12' - 12' x 28'

BEST

PRESIDENTIALTM SERIES

Step into the Presidential Series, where craftsmanship meets limitless possibility. Designed for those who demand more than just a shed, this series offers the widest variety of upgrades and features available—ensuring every building is as unique as the vision behind it.

Build On-Site

The best builders from our shop can build in your yard. The fee for this service is 10% upcharge of the subtotal price. Typical discounts and promotions will not apply unless otherwise noted.

- You must have at least 36" for materials and builders to pass through.
- Our trailer with materials must be within 150' of the build site.
- All Build On Site projects must submit photos and a video of access to the build site.
- Customers are required to have a relatively level surface within 8" from low point to high point.
- Rent-to-Own is not available for Build On-Site.

Scan to design your custom shed!

What about delivery fees?

Sheds Direct provides FREE DELIVERY within 50 miles of a Sheds Direct sales location!

Our delivery drivers have a variety of tools available during the delivery process to ensure that we can place the building exactly where you want it without any damage. If you have doubts about whether we can deliver to your location, one of our team members will be happy to work with you to inspect your site and plan the delivery location prior to your official delivery.

Pictured to the right is one of our mules. A mule is a small, maneuverable vehicle with a hydraulic lifting system used to transport sheds safely and precisely. It can navigate tight spaces and rough terrain and allows for controlled positioning to prevent damage to the shed and the surrounding area. You will see one just like this during the delivery.

Scan to see a shed delivery.

Leveling, Block, and Anchoring Available

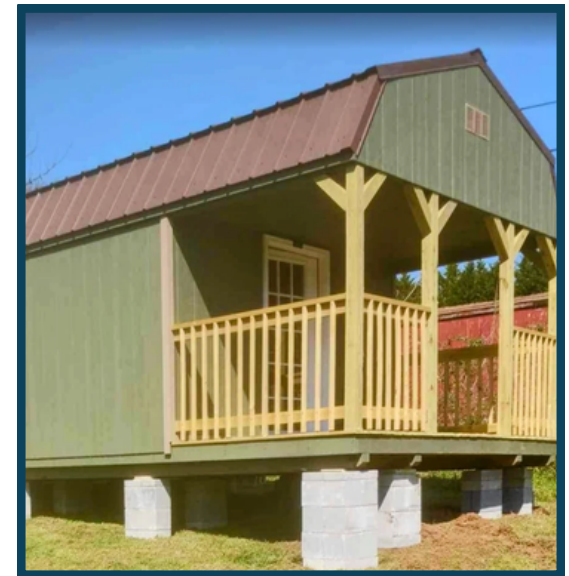

Our **FREE LEVELING PACKAGE** provides block to get the building level. It begins with a 2" or 4" cap block (*depending on the size of your building*) and levels the building up to 24" for the highest pillar.

If the highest pillar exceeds 24", a **BLOCK PACKAGE** is required.

The **BLOCK PACKAGE** is used to level buildings 24" – 36". It allows leveling higher than a 2" or 4" cap block and/or allows the highest pillar to exceed 24" but not higher than 36".

Block packages range in price from \$150 to \$600 (*depending on the size of your building.*)

ANCHOR PACKAGES help secure your building against high winds, heavy rains, and keeps it more stable. Some municipalities also require sheds to be anchored.

What kind of foundation do I need?

Your building's foundation depends on your preference, your shed's size, weight, and soil. You should also consider how your shed will be used and if there are any city or county ordinances that may dictate your foundation.

CONCRETE BLOCK works well for smaller sheds.

GRAVEL PADS are an excellent choice where drainage is a concern, as they prevent soil erosion.

PAVERS are an inexpensive and easy-to-install option for small sheds.

A **CONCRETE SLAB** is the most durable and stable option. It works well for all buildings, especially heavier ones like workshops, as it provides a permanent, level floor.

LOFTED BARN WITH ROLL-UP GARAGE
DOOR

Can you help with financing?

Absolutely! We offer payment options to fit every need and budget, including traditional financing and rent-to-own options.

For customers who **purchase outright**, we accept cash, personal or bank checks, money orders, and all major credit cards as forms of payment. You can pay for your storage building at the time of purchase and have it delivered to your property hassle-free.

COTTAGE WITH AIR CONDITIONING, BASEBOARD HEAT,
ELECTRICITY 15-LITE DOOR, FINISHED CEILING AND WALLS

Our **Rent-to-Own program** is an excellent option for those who prefer a flexible payment plan. You can get your storage building delivered with no credit checks, no long-term commitments, and the option to pay off your building early. With our Rent to Own program, you'll enjoy low monthly rental payments.

We've partnered with third-party companies to offer our customers **TRADITIONAL FINANCING** options (including low interest rates and longer terms for qualified buyers). See your Sheds Direct Partner for details.

90 DAYS SAME AS CASH allows you to own your shed immediately without any other charges if you pay in full within 90 days.

KENNELS

Give your best friend the space they deserve. Our kennels feature a protected indoor area for shade and shelter, plus an attached open-air run so your dog can safely enjoy fresh air and sunshine.

An additional enclosed storage area keeps food, leashes, and toys organized and out of the weather.

Comfort, security, and room to roam — all in one smart design.

6' x 8' EAGLE SERIES

Our 6' x 8' Eagle Series is available in both classic barn and traditional shed styles, delivering all the premium features, materials, and craftsmanship found in our larger buildings—just in a more compact size.

Built with the same attention to detail, durable construction, and high-quality materials, the 6' x 8' Eagle Series is perfect for homeowners who need dependable storage without taking up too much backyard space.

All the quality you expect. Sized to fit your space perfectly.

Sheds Direct also carries these fabulous products. Ask for details today!

PLAYHOUSES

Our playhouses create a safe, imaginative space where children can explore, learn, and make memories right in their own backyard. Built with quality craftsmanship and designed for years of enjoyment, they're more than just a play space.

As your child grows, so does the purpose. What starts as a magical playhouse can easily become a cozy hang-out for teenagers — the perfect spot to host friends, do homework, or listen to music.

CHICKEN COOPS

Our chicken coops are Amish-built and constructed to the same Sheds Direct standards our customers have come to expect. Designed for durability, functionality, and long-lasting performance, each coop is carefully crafted with premium materials and attention to detail.

With secure construction and thoughtful design, our coops provide a safe, comfortable home for your chickens—while adding charm and value to your backyard.

YOUR SPACE YOUR WAY

Sheds Direct, Inc., stands behind the quality and craftsmanship of our buildings. Each building is backed by a limited warranty, with coverage length determined by the Series selected and the construction materials used.

Presidential Series	Limited 10-Year Warranty
All-American Series	Limited 5-Year Warranty
Eagle Series	Limited 2-Year Warranty

- Coverage applies to defects in materials and workmanship under normal use.
- Warranty periods begin on the date of original purchase.
- Exclusions may apply for damage caused by misuse, neglect, or acts of nature.

Details of coverage for your specific purchase are provided at the time of purchase.
