### ***Destination Wedding Guide***

***Thank you for trusting Santa and his Elves to help you navigate the exciting journey of planning your destination wedding. We're here to make this experience as joyful and stress-free as possible.***

***To begin, we'll schedule a virtual meeting via phone/ video with everyone involved in the planning process. This will give us a chance to discuss your wants, needs, and desires for your special day and create a roadmap for your dream destination wedding.***

***During this initial meeting, we'll explore questions such as:***

- . Do you have a destination in mind?***
- . What is your ideal timeframe for the trip?***
- . How many guests are you anticipating?***
- . What is your budget, and how will expenses be handled?***

***We'll delve into the specific wedding details later on. For now, please have everyone joining you on this adventure email us at [santasleighstravels@gmail.com](mailto:santasleighstravels@gmail.com) so we can coordinate with them at the appropriate time.***

***Thanks,***
