

RAMS MEETING MINUTES 5-18-2024

The meeting commenced at 9:00 a.m.

23 members in attendance

Meeting minutes from last month (April 2024) approved.

Treasurers report: balance as of the end of April 2024, \$26,631.08 – accepted

We have a new web master. Patrick Lenahan has agreed to take over the function previously performed by Jerry Columbus. The club thanked Jerry Columbus for performing this service.

Members were asked to be certain to take broken airplane parts and batteries home with them after being at the field – in other words what you bring to the field please take home with you.

A discussion was held regarding who will be responsible for taking the garbage off the field when the container is full. No definite volunteer was identified.

Hurricane preparations were discussed. The items to be secured prior to the hurricane were discussed.

A discussion of the Porta Potty situation was held. The current one we have is ADA compliant and many members expressed concern regarding the unsanitary conditions that result from lack of a urinal. The cost of the club acquiring two Porta Potties was discussed (\$3800 delivered) but there would still be service fees required. No decision was reached – it will be further discussed at a board meeting this fall when board meetings resume.

Safety: Please look at the safety requirements posted on the website.

Adjourned 9:20 a.m.
