

Citibuild Development Solutions

Contractor Certification & Prequalification Support

Citibuild Development Solutions provides comprehensive assistance to contractors seeking certification and prequalification for public sector contracts in New York and New Jersey. Our services are designed to help contractors successfully navigate the complex regulatory landscape and secure eligibility for city and state projects, with a particular focus on diversity and small business certifications such as MWBE (Minority and Women-Owned Business Enterprise), MBE (Minority Business Enterprise), LBE (Local Business Enterprise), and SBE (Small Business Enterprise).

Key Support Areas

- **Certification Guidance:** We offer step-by-step support for contractors pursuing MWBE, MBE, LBE, and SBE certifications, ensuring all documentation and requirements are met for city and state agencies.
- **Prequalification Process:** Our team assists with the preparation and submission of prequalification applications, helping contractors demonstrate compliance, financial stability, and relevant experience.
- **Regulatory Advisory:** Citibuild provides expert advice on navigating the regulatory requirements for public sector contracts, including eligibility criteria, application procedures, and renewal processes.
- **Ongoing Support:** From initial application to final approval, our professionals offer ongoing support, troubleshooting, and updates on regulatory changes affecting contractor eligibility.

Value Proposition

By partnering with Citibuild Development Solutions, contractors gain access to proven methodologies, advanced project management tools, and a network of experienced advisors. Our commitment to integrity, transparency, and excellence ensures that contractors are well-positioned to compete for public sector contracts and contribute to the region's development goals.
