Sculptured Acrylic Nails 8 - 10 = Super Long Nails

Trading Hours:

Monday - Friday (09h00 - 18h00)

Saturday (09h00 - 17h00)

Sunday (09h00 - 15h00)

Public Holidays (09h00 - 15h00)

Disclaimer:

Please let your Therapist know before the start of your treatment, of any allergies or medication that you may be taking which could affect your skin. Also about any recent injuries in the area of the body that your Therapist is working on. Shellac, Gel Polish and Nail System Applications: **Your nails are jewels, NOT tools!**

Avoid Using:

Sun tan oils or insect repellent on your nails, as many contain solvent oils which will cause damage to polish. Some of the more delicate gel colours can fade in chlorinated water and excessive sun. Chlorine is a bleach and sun intensifies the bleaching action. Dry your hands and nails after swimming and before sunbathing to minimise any color fading, but you could have some fading. Use cuticle oil and moisturise daily to replace lost moisture to your skin and nails to maintain healthy and undamaged nails.

Sunday (09h00 - 15h00)

Public Holidays (09h00 - 15h00)

Disclaimer:

Please let your Therapist know before the start of your treatment, of any allergies or medication that you may be taking which could affect your skin. Also about any recent injuries in the area of the body that your Therapist is working on. Shellac, Gel Polish and Nail System Applications: **Your nails are jewels, NOT tools!**

Avoid Using:

Sun tan oils or insect repellent on your nails, as many contain solvent oils which will cause damage to polish. Some of the more delicate gel colours can fade in chlorinated water and excessive sun. Chlorine is a bleach and sun intensifies the bleaching action. Dry your hands and nails after swimming and before sunbathing to minimise any color fading, but you could have some fading. Use cuticle oil and moisturise daily to replace lost moisture to your skin and nails to maintain healthy and undamaged nails.
