

"POLICY REGARDING LISTS OF NASS-APPROVED STALLIONS"

Each owner of offspring of a stallion whose owner is not a NASS member in good standing during the year of registration and/or during the year of conception may register those offspring by paying a "stallion activation surcharge", provided that all the other registration requirements in the Guidelines are fulfilled. This surcharge will be in the amount of the active membership fee which the stallion owner did not pay during the year of conception and/or the year of registration. By payment of the stallion activation fee each owner may register any number of foals that were conceived and/or registered during the year and/or years in question."

"NASS will maintain lists of NASS-Approved Stallions to be used by the registry and Breeding Committee for registry and informational purposes and the lists will be posted on the NASS website.

The Breeding Committee Chairman is responsible for keeping the lists up to date and for reporting any changes in status on any stallion as they occur. The Breeding Committee Chairman, with the advice and consent of the Breeding Committee, will inform the Registrar, the Assistant Registrar, NASS Officers, the Board of Directors and the Webmaster of such changes in a timely manner.

1) "Active Approved Stallions"--All NASS-approved stallions standing in the United States and Canada whose owners are active members in good standing of NASS as required by the Registry.

For additional information on each stallion, contact the owner from the contact information provided.

List will include sire and dam, color and measurements, method of breeding availability (i.e. natural cover, cooled semen, frozen semen), along with contact information for the stallion owner--name, mailing address, e-mail address, telephone, website link. For website use a photo is allowed.

2) "Inactive Approved Stallions"-- All NASS-approved stallions that are unavailable for breeding mares in North America (i.e. stallions now deceased, gelded, retired from breeding, or whose semen is not longer available for any reason) whose owners were NASS members in good standing as required by the Registry at the time when the stallions were actively breeding mares in North America.

For additional information on each stallion, contact the owner from the contact information provided.

List will include sire and dam, color and measurements, along with contact information for the stallion owner--name, mailing address, e-mail address, telephone, website link. For website use a photo is allowed.

3) "Approved Stallions Whose Owners Are Not NASS Members In Good Standing" as required by the Registry--Offspring of stallions whose owners are not NASS members in "good standing" with the registry are not eligible for registration with NASS until such time as the registry requirements are met. Contact the NASS Breeding Committee Chairman or your Regional Director for more information.

List will include sire and dam and owner's name."
