NASS has been a recognized member of the Internationale Shagya-Araber Gesellschaft (ISG) since 1986 and is the North American Registry for Shagya-Arabians.

### Society Purposes are:

- Promotion, preservation, and improvement of the Purebred Shagya-Arabian horse.
- Establishment of a Shagya-Arabian Registry for Purebred and Partbred Shagya Arabians.
- Regulation and approval of breeding stock.
- Dissemination of information about the breed to the public.
- Establishment of an Performance Awards system for performance achievement.
- Promotion of cooperation with Shagya-Arabian breeders around the world, and in particular with the Purebred Shagya Society International (ISG).

# KERRIGAN BLOODSTOCK

ELAINE KERRIGAN | EUREKA, CA  
WWW.KERRIGANBLOODSTOCK.COM

\*Thassia (Bahadur x Thirza), my Shagya mare from Germany, had a super black colt early on April 26. His sire is KB Omega Fahim++++// (ox). All is well and he shows promise to be a very athletic individual. \*Thassia's side of the family is known for being exceptional sport horses. So, along with Grand Prix dad, this baby has performance written all over his future!

KB Sharif Fahim was born April 17, 2011. His Arabian sire is KB Omega Fahim++++// (ox) and his Shagya-Arabian dam is Samantha (\*Amurath Samurai/ \*Kornelia). Exciting possibilities with this stunning black colt!!

\*Thassia's first American-born foal, a lovely colt by "Meg"

Elaine Kerrigan now has TWO black colts on her hands!  
Samantha is the proud dam to KB Sharif Fahim

Looks like a future sport horse!

KB Sharif Fahim showing off!

# The Unicorn Preserve

PHIL AND TERRY HEY | SIOUX CITY, IA

We have had WAY too much rain here on the prairie! Our property is located on high ground so we have experienced none of the flooding, but the rain kept the paddock knee deep in thick muddy goo for weeks. Thank goodness we've had five dry days in a row now, and the ground is becoming firmer. But the big Missouri River has overflowed its banks in a few areas which is downright scary. Fortunately, we are about 8 to 10 miles from the river, and in no danger, but we can't say the same for friends who live on McCook Lake, a Missouri River oxbow, and the community of Dakota Dunes, which is just over the border, whose homeowners are suffering quite a bit of flooding. Many volunteers have been working overtime filling up sandbags.

Shagya Emir AF (Shagya Scherzo AF/Echo Daal by H. Bravo), aka "Kairos", had been in training with Missy Fladland since the first of February and he has made incredible progress. He has shoulder in, travers and renvers down pat and is working on half-pass and walk/canter transitions.

I was only able to ride him a handful of times over the winter and spring, as Missy is nearly three hours away. However, we entered our first show May 28-29, a USDF show in Mason City, IA. Kai and I are reconnecting after four long months apart, and started out riding Training II and III. We managed to get scores of 62+ and 63+ for second and third place in a big class on Saturday.

On Sunday, a thunderstorm and accompanying downpour delayed competition for an hour. This left a couple of major "lakes" in the arenas. One of said "lakes" was a long, fetlock deep thing between R and B. We had a nice canter depart in the corner between C and M but Kai decided he didn't think he could canter through the puddle and nearly stopped dead right before B.

I put my leg on and he bounded back into the canter just in time to do our 20 m canter circle, but ended up with a third in that class. Back home, we have been schooling diligently and our next outing is the Iowa Dressage Classic in the Des Moines area. I think there is a show photographer there, so we'll sign up for pictures which we can hopefully share.

The plan is to improve our scores enough to show First Level by August or so. In the meantime, I have been working on improving Florence (Baron AF/Flora AA by H. Bravo) aka "Flow", and she is responding well. Her canter has improved and she is learning to stretch down. Our main goal is to help her relax her back, so it can swing. We haven't hitched her up for a drive yet - maybe this weekend!!

Cosmos Whitner (Shagya Sun/Ravenwood Crescent ox by Saud El Ameer ox) aka "Count", has lost a lot of the residual puffiness in his tendon though he is left with a second degree mechanical limp. He loves his job as "turnout supervisor".

Happy riding everyone!

## Farm News

# Cindy Smith

SUWANEE, GA

I moved from Saudi Arabia to Georgia last fall. After eleven years I have lovely Bridget (Almos/Bravita AF by H. Bravo) back! This Shagya mare was the last foal born on my place in Waterloo, MT. She was nine months old when I moved to Saudi Arabia. She has been with Gwyn Davis the past year and arrived in Georgia in the wee hours on Saturday. After her early career as a broodmare Bridget is moving on. Gwyn's daughter, Lilly, has given Bridget ground work training and two months of riding. She is boarding at a lovely old barn nearby and I look forward to riding on the many park trails in the area.

Bridget - now reunited with her owner Cindy Smith

# Carolyn Tucker

MORGAN HILL, CA

I do have some good news! I was just able to acquire a beautiful \*Oman son that looks a lot like \*Oman. CR Hungarian Hussar (\*Oman/Cougar's Classic ox by Cougar Rock). He is big and dark bay like his dad. His dam has excellent endurance bloodlines. He is a pleasure to have and I'm sure enjoying riding down the trails with him.

H. Hussar is double registered half Arabian and Part Shagya-Arabian. I'm enjoying some horse camping this summer and will be taking two Shagyas for horse camping this week and have plans for July and August too.

# Northeast Shagyas

HALLIE GOETZ | DANBY, VT

WWW.NORTHEASTSHAGYAS.COM

We are happy to announce the birth of our first filly by KB Omega Fahim +++// (ox) out of our Shagya mare SH Frolic (Shagya Scherzo/Fantasy by \*Oman). She is a beautiful bay rabicano filly who we have named Okalani SHG.

Our six-year-old gelding, Jonas SHG (Janos/Blue Velvet) completed his first competition earlier this spring, a 25-mile CTR, with very high scores. He really impressed the judges, along with many endurance riders and combined driving folks due to his impressive physique and sane friendly personality. He was ridden by the same Junior Rider who put 250-competition miles on \*Lutka-62 (Lumbusch-51/\*Irahna-453) last season.

Okalani SHG

Jonas SHG under saddle

Neddora SHG (Neddor/\*Lutka-62) is heading to the same training barn later this spring, so between the three of them, we should get the breed some notice out on the trail this season. Ledger SHG (Neddor/\*Lutka-62 by Lumbusch-51) aka "River", continues training with his owners in Rhode Island. O'Bajan Sahara SHG (Janos/Shagya Scarlette AF by \*Shandor) is maturing into a beautiful black mare and we hope to get her in foal this year, possibly along with another mare or two.

I had the great experience to judge the "L'Association Francaise du Cheval Arabe-Shagya" breed inspection in Cluny, France earlier this spring. We reviewed numerous stallion prospects, resulting in three Shagya-Arabian stallions and one purebred Arabian stallion being approved for Shagya-Arabian breeding. A fourth Shagya-Arabian that had already been approved in Austria was accepted, too. We inspected quite a large number of mares for breeding approval. There were many interesting bloodlines represented at this event and many had been bred specifically for endurance.

One can see the results of this inspection, along with many wonderful photographs and a video, on-line at: <http://www.shagyafrance.fr/afcas/annonces/annonces-afcas-2011/cluny-2011>.

I've leased one of my broodmares and she has since been confirmed in foal, but I still have some others available for breeding lease if anyone is interested.

Hope to hear from all of you about your Shagyas and to see you at the next Shagya-Arabian event. [northeastshg@verizon.net](mailto:northeastshg@verizon.net)

# Sterling Shagyas

SHELLEY HOUSH | BLUE JAY, CA  
WWW.STERLINGSHAGYAS.COM

It has been a good start to 2011 here at Sterling Shagya Sporthorses. In April, Silver Nike SH (Sterling Silver AF/Nicolatina Star AF) was shipped to her new home in TN. The new owners had come to stay for a week with me and we took Nike to a Buck Brannaman Clinic. Reveille SF was also taken to the clinic by his owner Renetta Hatcher. Both horses were in the colt starting class and did well. I thoroughly enjoyed the classes - colt starting in the morning and horsemanship in the afternoon. I am now starting several horses on my own using his methods and hope to be back out on the trail this fall.

Sterling Silver AF (\*Shandor/Sapphire by \*Oman) is still recuperating. We followed up the surgery with stem cell therapy, now we wait... In meantime he is busy with breeding. I had one spectacular filly this spring (full sibling to Nike) - my best yet! We are expecting two foals in 2012 and anxiously await two in Australia - due in Dec.

Ramius SH (Sterling Silver AF/Rondine xx by Silken Reality) is now 3 and standing a good 16+ hh. He was to have been started under saddle already, but with the EHV-1 outbreak I have not been able to send him to the trainer yet. He allows me to sit on his back while he is out in the field, so think he will be very easy to start. He is looking for a competition home, preferably in eventing.

New Moon Silver Knight by Sterling Silver AF, age 3 months  
First Shagya born in Australia! Congratulations!

# Jamie Brätt

SILVER SPRING, MD

WWW.TEVISORBUST.BLOGSPOT.COM

Back in mid-December, Shagya Skamp AF (Janos/Samantha by \*Amurath Samurai) was diagnosed with a ligament tear in his right hind pastern, probably from a harsh spill we took over some slippery leaves on a training ride. Though he never “complained” much of pain and barely showed up lame, ultrasounds revealed about 40% ligament damage. A long winter of stall rest ensued. I elected to add three sessions of shockwave therapy to hasten the healing process.

Though Skamp and I were both feeling pretty frustrated and depressed by February, the strict agenda of rest and treatment really paid off. By early April, the ligament was 90% restored, so I began hand walking and light riding to rehab Skamp’s atrophied muscles. He was also fitted with a pair of hand-forged aluminum shoes that are extra wide under the injury area to help displace any stress while keeping everything lightweight. I refer to them as Skamp’s “Air Jordans”.

A final checkup in early June showed remarkable 100% healing to the ligament - even the vet was surprised! Finally, Skamp was cleared for full turnout with the herd - six months to the day from his first diagnosis. I shed tears of joy as I unclipped the lead and watched him canter off, whinnying to his buddies: “I’m baaaaack!”

I continue to ride about three times a week but don’t have my sights on any endurance competitions this year. Although Skamp could certainly be ready in a few months, I won’t: I’m pregnant! My husband, Sasha, and I are very excited for our firstborn to arrive in early November.

Skamp gets a massage and a mohawk in April, as he returns to light work. He really enjoyed the massage!

Skamp’s first set of “Air Jordans” - aluminum support shoes.

## Jamie Brätt (continued)

SILVER SPRING, MD

WWW.TEVISORBUST.BLOGSPOT.COM

There are some silver linings to the “injury winter”. First, certain “chores” became the bread and butter of my horse time, and I learned to relish them more: hand grazing, grooming, cleaning tack and buckets, a roll in the dirt.

Second, I do believe Skamp and I have become more closely bonded. Though naturally people-friendly and impish, Skamp has always considered his horse buddies the BFFs and humans an entertaining second. I like that independent spirit about him.

But, in his physically vulnerable state I think Skamp also came to appreciate me as an ally and a consistent voice of comfort through the many vet visits, etc. Similarly, I have become more attuned to his mood indicators and the little activities he enjoys most. I think this mutual trust and appreciation will help us as we continue our quest to ride at Tevis one day.

I would like to thank a few folks who were really integral to making it through this tough winter: my amazing vet and farrier and their staff, my husband, my mom, my riding buddies here in Maryland, and the NASS community who always had an encouraging word. I feel like I should have “Team Skamp” tee shirts made!

For more photos, video and expository, always feel free to check out my blog: [www.tevisorbust.blogspot.com](http://www.tevisorbust.blogspot.com)

“Sunset walkabouts” became a special time to bond, relax and reflect.

## Welcome, New Members!

We are so happy that you have joined the NASS family.

Laura Marshall – Dana, Indiana

Tobi Taylor – Tucson, AZ

# Adele's Shagyas

ADELE FURBY | MOIESE MT  
WWW.ADELES-SHAGYAS.COM

Congratulations to: Christy Lovegrove of Billings, Montana, who has purchased the Purebred Shagya-Arabian broodmare Shagya's Sisu AF (\*Shandor/\*Shagya II-2). Sisu is one of the few purebred Shagya-Arabian mares in the US with an entirely "Babolna" pedigree. Christy is an eventer and dressage rider and plans to breed Sisu to her Irish Sporthorse stallion! Sisu should have a nice life on 80 acres of pasture with Christy's other broodmare, and we are excited to see how the Shagya line will contribute to the Irish Sporthorse breed.

Congratulations to: Laurie Marshall of Dana, Indiana, who has purchased the Part-Shagya gelding Holiday Star AF (Starwalker/Hollogram by Roemer DWB). Laurie is a riding student of Lily Davis at Maple Ridge Farm and will continue training with Lily for dressage and combined training. Laurie's daughter is hoping that Mom will consent to eventually let her use Holiday as a jumper!

We are happy to announce the recent birth of the first two foals by Onyx AF (Janos/MJL Shaleez by \*Shandor)! Interestingly, the two mares were bred one month apart from each other and they foaled on the same day!! Tamara (Amurath Samurai/\*Korina) had a black filly for the Tom Wedegaertner family in North Carolina (no photo yet), and at Adele's Shagyas, Empress Estelle AF (\*Shandor/Echo Daal by H. Bravo) had a tall dark colt (will be grey) with 4 black feet and a star. We were excited that \*Nicolette (O-Bajan 1-10/\*Niobe by Balaton) was due to have a foal by Onyx also, but unfortunately, Nikky lost her foal two months ago due to a twisted umbilical cord.

Sisu's new "hubby", Christy Lovegrove's Irish Sporthorse stallion--who looks very similar to Sisu in type!

Holiday Star AF shown by one of Lily Davis's students in a hunter class.

Empress Estelle AF and her colt by Onyx AF

# Adele's Shagyas (continued)

ADELE FURBY | MOIESE MT  
WWW.ADELES-SHAGYAS.COM

Shagya Raja AF (Shagya Scherzo/Rachelle AA by H. Bravo) has been going well under saddle over the past few months with Dick Vrooman and we are planning his first test collection later in June. I haven't decided yet which mare will be his first one to breed!

\*Hadban USA (Harapnik/\*Irahna-43 by Amos) became the first NASS stallion to complete the NASS mandatory stallion performance testing, which was instituted in 2008. He completed his testing in the discipline of endurance/distance riding with his 3rd 50-mile AERC race. He had previously also completed two back-to-back 35 mile AERC races.

\*Hadban USA is eight years old this year, and was approved for breeding during the NASS Inspection Tour in 2009. Hadban's last race was out in Washington state, the "Milwaukee Rail Trail". As its name implies, the ride is on the old railroad bed in an area of western desert country. There are a number of steep drop-offs on either side of sections of the trail, making passing or being passed a bit more problematic, especially for a stallion! Also, the old railroad bed makes for a very firm surface with very little "give". On the other hand, the grades are all gradual.

As before, \*Hadban was carrying Dick and his roping saddle, weighing in at 250 pounds. And there was a fierce head wind blowing. \*Hadban and Dick took it all in stride, and \*Hadban finished with all "A's" on his card and nice compliments from the vets.

In mid June, Jeremy Olson competed \*Hadban USA in the Ft. Howes 50-mile FEI ride. The pair completed with a top-ten finish. Thanks to this successful pairing, Jeremy plans to campaign with \*Hadban after an R&R break for the horse at Adele's Shagyas. Congratulations to team \*Hadban, those who bred him, raised him, trained him and ride him!

Shagya Raja AF showed off his "prance" to Ahmed Al Samarraie when he was presented during the 2009 NASS Inspection. Ahmed Al Samarraie photo

Hadban and Dick Vrooman on the hard-packed "rail trail". Jeremy Olson also rode Hadban to a top-ten finish at the 50-mile Ft. Howes FEI ride in June.

# Adele's Shagyas (continued)

ADELE FURBY | MOIESE MT

WWW.ADELES-SHAGYAS.COM

In the midst of \*Hadban's busy summer, we somehow also found time to take a test collection and test freeze of his semen. \*Hadban produced a high volume of semen with excellent motility and unusually high concentration! His test freeze post thaw results were also excellent. Over the next few weeks we will collect and freeze his semen for future use, and I plan on Hadban's first breeding to be to my 4-year-old bay approved Purebred Shagya filly Rexanne Star AF (Starwalker/Shagya Regine AF by \*Shandor).

\*Hadban USA completing his performance testing with Dick Vrooman aboard.

## NASS STALLION PERFORMANCE TESTING CRITERIA

- 1) Dressage:  
5 scores of 60% or higher from at least 3 USDF recognized judges at first level (or higher), with at least 2 scores from first level test 4, by 9 years of age.
- 2) Endurance:  
5 successfully completed AERC sanctioned events with at least 3 of which must be 50 miles or more by 9 years of age.
- 3) Competitive Trail:  
5 completed events sanctioned by NATRC by 9 years of age with at least 2 placings in the top 20% of competitors.
- 4) Eventing/Combined Training:  
2 successfully completed beginner novice USEF 3 day events or combined training events or similar, and 1 successfully completed novice 3 day event, combined training event or similar by 9 years of age.
- 5) Hunter/Jumper:  
5 placings from 3 USEF recognized shows in Green Hunter or Regular Hunter by 9 years of age.
- 6) Driving:  
Completion of 3 American Driving Society sanctioned Combined Driving Events with raw dressage scores of 65% or better at training level or higher by 9 years of age OR  
Completion of 3 American Driving Society sanctioned Combined Driving Trials with raw dressage scores of 65% or better at training level or higher by 9 years of age OR  
Completion of 2 twenty mile Distance Driving events by 9 years of age OR  
3 placings in the top third of the individual driving classes of Dressage, Country Pleasure, Pleasure or Driving Obstacles at USEF sanctioned shows by 9 years of age OR  
Any combination of 3 of the above events with qualifying scores by 9 years of age.

SISTERS, OR

Silver Bells (Amara's O'Biwon/Danika [Hanoverian]), aka "Ozzie", and I took the winter off and we are now getting back into the swing of things. We are back at Karen O'Neal's and hope to go back to eventing soon. On top of all our other awards, he won national champion, USEF Silver Stirrup Award for training level Jr/yr. Check out the picture in Equestrian magazine. We are so proud!

Emily Christen looks forward to the competition season ahead with "Ozzie"

## Farm News

# Chris Evans

ORANGEVILLE, ON

On March 13 we were blessed with a new filly from our mare Lily Creek Diva Dance (Sarvar PFF/Dynamos Dancer ox by PR Dynamo ox). This foal was sired by Olympic hopeful Trakehner Patras vom Rappenhof so therefore has Shagya on both sides of her pedigree. (See Fall 2010 issue for more details.) Turning grey, she has been the friendliest of foals and we hope she keeps that attitude! May want to be an eventer like father - already jumping manure piles!

Lily Creek Diva Dance and her first foal - a friendly filly!

## Farm News

# Linda Klee

FORT BRAGG, CA

Follow Hope (\*Oman/Faith's Fantasia ATA) and I are doing well. We have been working at our dressage and it's paying off as she is more equal on both sides even more lovely to ride. We are doing shoulders in and haunches in at the trot. Nice 10 m circles and some lengthenings across the diagonals and down the long side. We finish up going long, low and supple. We trot on the trails, jump some logs and gallop on the beach and do some fun liberty stuff in the round pen. Like I've said before...it's all good on a Shagya! We plan to do a couple of dressage shows this year and some fun horse camping and trail riding. Happy trails!

Follow Hope in dressage training with Linda Klee

## Farm News

# Monique Vincent

MARQUEZ, TX

MJL Olivia (\*Oman/MJL Stanz Abi ox) and I declared for Canada West team for the NAETC. The list of declared riders and horses will be posted by Endurance Canada on June 6. We have until July 15 to accumulate points. The ranked list of nominated horses and riders will be announced July 30, and, the squad announcement will be made on August 7.

My trainer and I have decided to work to get MJL Shagala (\*Shandor/MJL Jasmine) ready for her first ride at the Armadillo on Halloween weekend.

MJL Olivia with her eye on the trail!

MJL Shagala also enjoying the green stuff

Imported 1998 grey broodmare. Elegant, typey with a dry head, refined neck, good body and saddle area. Correct legs (got an 8 for legs at her inspection). Excellent Babolna pedigree. Her dam is by Balaton out of 162 Amor. 15.1 h.

Price available upon request.

## NEWSLETTER POLICY

NASS News is a tri-annual publication (or "newsletter") designed to keep NASS members informed on of current news of the NASS organization, its members, & NASS' parent organization, the ISG. In years of NASS Inspections there will be a fourth issue dedicated to the Inspection. Other information of general interest to Shagya-Arabian admirers: such as articles on horse management, training, breeding, etc. can be included if space permits.

Advertising: The fee for the tri-annual newsletter for a half page ad will be \$35.00 and for a full page ad \$60.00. The discount for an annual ad (for a full year/three issues) is \$90.00 for a half page and \$160.00 for a full page. The fee for the "Inspection Issue" is \$125 for a half-page ad and \$200.00 for a full page ad. NASS members may place Classified word ads in the newsletter at no charge (maximum 30 words). Non-NASS members can place Classified word ads for a price of \$15.00 (maximum of 30 words). All horses advertised for sale must be registered with NASS. All Shagya-Arabian and Arabian stallions advertised for breeding must be registered with and approved for Shagya Breeding by NASS.

The Newsletter will include (but is not limited to) the following topics: Committee Reports, Clinics-Shows-Open Houses, Farm News, ISG News, HHA News, New Foals, New Horse Owners, New Members, Articles of Interest on horse management, breeding, etc. if space allows, \*Classifieds: List of NASS registered horses for Sale, Calendar, and Half-page and Full page Advertising. \*Sale horse information in the listing may include: name, sire & dam, measurements, age, color, markings, & level of training. Ads are limited to 30 words per horse. Prices are permitted for horses for sale.

The tri-annual newsletter and Inspection Issue will be assembled and edited by an Editor. Prior to Publication they will be reviewed by the NASS President (and the other BOD members as required) to insure appropriateness of the material. Letters, articles and advertisements from members reflect ONLY the opinion of the author and not of NASS. NASS cannot be held responsible or liable for ANY wrong or misleading information. NASS reserves the right to refuse anything submitted for cause.

Submissions to the Newsletter, including advertising and sponsorship should be directed to the Editor. Payment must be received before publication deadlines and should be made out to NASS noting reason.
