Ashley Wingert:

“I’ve been endurance riding since 2005, and originally met ‘*Liberty*’ in 2013 as a ‘catch ride’ mount. She was a catch ride mount for me in a handful of Limited Distance endurance rides between 2013-2016, and then in 2020, she officially became mine. We started our endurance career together at the end of 2020, and the 2022 season was her second full season, completing eight rides for a total of 425 miles. Six of those rides were finishes in the Top Ten, and she culminated the season by finishing her first 75 mile ride and being awarded Best Condition.

Liberty was bred by Kirt and Gina Lander of Kingman, AZ, and is by Shagya Arabian stallion *Janos*, out of Arabian mare *Justa Inspiration*. She is everything that the Shagya Arabian has been bred to be -- smart, bold, intuitive, and seeks a connection with ‘her person.’ She lives for the endurance trail, and quickly earned herself the moniker of ‘war mare’ for her unrelenting desire to keep tackling the trail in front of her. It’s been a delight to share so many hours and trail miles with her, a mare who is truly my heart horse.”

NASS President's Message

Spring is just around the corner and daylight savings time begins on Sunday, March 12. I'm counting the days. We all know what this means, the beginning of the end of the dreaded long winter days for us avid outdoor equestrians. Happy trails are a coming!

The NASS Board has been busy all winter managing your registry. I thought I would give you a little overview of what we all do. Elaine Kerrigan wears a lot of hats these days as Registrar, Web Master, Assistant Chair on the Performance Awards Committee, Director At Large and now she's taking on editing the Newsletter together with Adele Furby, Melissa Rodewald and myself. I'm extending a huge thank you to Elaine for her devotion to this organization. While it might sound like Elaine is running everything, there are actually many more jobs and tasks performed by many others.

Adele Furby is Vice President, takes our meeting minutes and assures the accuracy for posting on the website and for our records. Adele is the Director of the Rocky Mountain Region. She plans and coordinates our breed inspections. Adele is a Judge sanctioned by the ISG and Editor of the Inspection Newsletters. Adele is also in an honorary position of being the NASS historian. She has written many articles of the NASS and Shagya history. Adele is the Liaison between NASS and the ISG, keeping us posted of ISG activities and events and in turn keeps the ISG informed of NASS activity. She will be traveling to Europe this summer to the Babolna Stud in Hungary for the Annual ISG Convention, where Shagya representatives gather from all around the world.

Kathy Richkind sits on the Board as Director at Large and is our USDF representative. She is also one of our sanctioned Judges.

Shelley Child sits on the Board as a Director at Large and is Chairman of the Fundraising, Marketing and Face Book Committees.

Candace Phillips is Director of the Eastern Region and Chairman of the Promotions and Bravo Award Committees.

Melissa Rodewald is Director of the Northwest Region and is on the Newsletter Committee. Melissa has recently stepped down from being the Editor, after being the Editor for many years. She did an exemplary job too, I might add! Thank you for all your excellent creation of a beautiful Newsletter, Melissa!

Other members of the Board who help us with ideas and decision making are Susan Keil, DVM, Midwest Regional Director; and Bronwyn Rutland, DVM, Director at Large.

Beverly Thompson is our Treasurer and has been for many years. She is actually on her second round of being Treasurer for NASS. Bev has kept excellent records and keeps us on track, never letting anything slip passed us. Thank you so much, Bev, for all your devotion to NASS. Bev would like to retire from being Treasurer and we are actively looking for her replacement. If you are interested, please contact Bev or myself. You can find our email addresses on the website.

Someone else I would like to thank is Hallie Goetz. She has stepped down from the Board and was Director at Large, Web Master and Face Book Chairman. Hallie is also a sanctioned Judge. Thank you, Hallie for all your contributions.

I would also like to thank Patty Betts for originating the Radautzer Award in 2011 and managing it up until 2022, when she decided to step down. She did a great job collecting the information from AERC and information from our NASS Endurance Riders for entry into the program. Since I am the Performance Awards Chairman, I am taking on the Radautzer Award.

Thank you to everyone who makes NASS the great organization that it is. ***Joan Clark***

NASS Inspection March 2022

by Adele Furby

It has been a long time since NASS conducted an inspection. Our last one was in 2017 when we had an Arizona inspection and an East Coast inspection. Since that time of course Covid was an interruption, but also, we have had very few requests for inspections and this is primarily due to a current lack of eligible horses. The downturn in the number of foals produced has been a big factor. Also, in order to pay the travel and other expenses for judges, we need more than one horse here or there, considering that long distance travel gets expensive.

Last March we were able to conduct an inspection in Southern California. Since Kathy Richkind and I could drive together to the area in one day we were able to make the inspection affordable.

We were lucky to have beautiful weather for the inspection. The equine photographer Lynne Glazer was there and, as always, she got some great photos. Our President Joan Clark was also able to attend as a learner judge. Joan already had had some experience as a learner judge and we were impressed with her level of accomplishment.

Our hosts Don and Shelley had organized some great snacks that kept us going throughout the day. We also met Nina Bowman, who is from Malibu area and who is the proud owner of the big gelding *Nicodemus Silver SH*. Nina is an active endurance rider.

We first looked at the eleven-year-old stallion **Karol du Cavallon*, who was born in France, and imported to Canada. He arrived in the US in the fall of 2021. *Karol's* pedigree is very high percentage Shagya-Arabian, with only one purebred Arabian in the 4th generation—the original Arabian *Faraq*, 1962, who was imported to the Babolna Stud from Egypt during the '60's. His sire *Carol* is a son of German-born

**Karol du Cavallon*

Osiris, one of **Oman's* “look-alike” full brothers. *Carol's* dam *Shagya XLIV-5*, also called *Carmen I*, was born in Babolna and sold to Italy, where she had only two foals. *Carmen's* sire *Shagya XLIV*, 1962, Babolna, was out of the beautiful *91 Siglavy X*, 1951, Babolna. This valuable Siglavy line later became extinct in Babolna. *Carol* was successful in endurance races and he is known as the progenitor of successful endurance horses as well.

Karol's dam *Koheilia* is named for her dam, a *Koheilan XXVI* daughter born in Mangalia. Mangalia is a Romanian state stud on the shores of the Black Sea, and is unique for its lines stemming from the desert-bred stallion *El Sbaa* who was used there extensively. The other predominant lines in her Mangalia pedigree include the Romanian line of *Hadban*, as well as the French line of *Nedjari*, 1926.

***Karol du Cavallon pedigree**

Carol 18.04.1995 IT Kiens ShA bay	Osiris 18.05.1984 DE Remagen ShA bay	O'Bajar 1978 DE Hamburg ShA gray
	Shagya XLIV-5 [Carmen (I)] 1976 HU Bábolna ShA gray	Marzalla 1973 DE Mülheim ShA gray
Koheilia 21.06.1992 DE Bedburg-Hau ShA dark bay	Mistral 19.07.1987 DE Marl-Polsum ShA dark bay	Bartok 1971 DE Hamburg ShA dark bay
	Koheilian XXVI-9 10.09.1971 RO Mangalia ShA chestnut	Mirabell 1971 DE Ankum ShA bay
		372 El Sbaa IV-2 1965 RO Mangalia ShA chestnut

As a beautiful eleven-year-old stallion in his prime years, *Karol* presented with a very elegant type. His head was chiseled and dry and his neck was beautifully shaped. He had a good withers and saddle area, however he was a bit “wasp-waisted” at time of inspection and his hindquarter lacked muscle. His front legs were very good but his hind legs were a bit overangulated and toeing out. He had an exceptionally good walk, using his back very well, his trot and canter tended to be a bit flat, although ground-covering. He did well with his free jumping, showing good bascule.

Koheilia's sire is the German-bred *Mistral*, a son of *Bartok*, whose dam *O'Bajan XIII-12*, *Babolna* 1964, known more commonly as “*Babolna*”, is also found in *Carol's* pedigree as the dam **Oman* and *Osiris's* sire *O'Bajar*. In general *Karol's* pedigree is a balanced one, with no specific predominating, but the *O'Bajan* line via *O'Bajan VII* is the most influential.

Karol's sire Carol

Carol's dam Shagya XLIV-5 {Carmen (I)} and Carmen (I)'s grand-dam, the dam of Shagya XLIV, 1962, Babolna, 91 Siglavy X

**Karol du Cavallon*

We next inspected the elegant *Nairobi Silver SH*, bred by Shelley Child. Shelley had sold this mare as a filly but the owner never had the mare inspected. Meanwhile the owner had died and Shelley got her back. By Shelley's stallion *Sterling Silver AF* (**Shandor* x *Sapphire* by **Oman*), and out of *Nicolatina Star AF* (*Starwalker* x **Nicolette* by *O'Bajan I-10*), she is heavily Shagya-bred, with no purebred Arabian ancestors in her 4th generation, and only 4 in her 5th generation.

NASS members are pretty well-acquainted with Nairobi's pedigree elements—especially her grandsires **Shandor* and **Oman*. Another really interesting element in her pedigree is Sterling's grandmother, the classic imported mare **Szikra*. **Szikra* was brought to America by Petra Gorski, a German gal who married an American soldier. Her sire *Saphiro* was a son of *Gazal VII* out of a *Siglavý Bagdady V* mare and out of a *O'Bajan VII* daughter, while her dam was a grand-daughter of *Siglavý Bagdady VI* by *Siglavý Bagdady V*, and out of a *Kuhaylan Zaid d.b., 1923*, son from a *Kuhailan Haifi I* daughter. Also, *Siglavý Bagdady V's* dam is by *Kuhaylan Zaid d.b.* Both *Kuhaylan Zaid d.b.* and *Kuhailan Haifi d.b., 1923*, were brought up from the

desert in 1931 to Babolna and Gumniska respectively. Sterling's sire's grandmother is also a daughter of *Siglavý Bagdady VI*. The *Siglavý Bagdady* and the *Kuhaylan Zaid* and *Koheilan Haifi* lines are well-known for their elegance, so she

comes by her score of "9" for type honestly.

At age 11 she was also in her prime, and her classic Shagya-Arabian head was well-set on a good neck and body. Her strong loins, smooth topline, and well-developed broad and deep hindquarters earned her an "8" for body. As with the stallion, her walk was her best gait. This is a mare that nobody would mistake for anything other than a Shagya-Arabian.

Nairobi Silver SH

Bajara Silver SH

The second mare we looked at was the charming 6-year old bay mare *Bajara Silver SH*, also by *Sterling Silver AF*. Her dam, however, is bred quite differently from *Nairobi's* dam. She is out of *Brook PFF*, a grand-daughter of *Hungarian Bravo* out of the imported *Koheilan I DK* daughter **Aminah*. Here we do find one common element, as **Aminah's* dam is a *Siglavy Bagdady VI* daughter. On the bottom side we find another line to *Hungarian Bravo* through *Brook's* dam *Bridget*, whose sire is the **Shandor* son *Almos* and out of the *Bajar* daughter **Arriva*.

** Aminah, dam of Bold Bravo AF*

<p>Brook PFF 10.04.2004 US White Salmon ShA gray</p>	<p>Bold Bravo AF 07.05.1988 US Hall ShA gray</p>	<p>Hungarian Bravo 1960 US Hamilton ShA gray</p>	<p>Pilot 1943 AV gray</p>

			<p>Hungarian Bravo 1960 ShA gray</p>
			<p>Bint Ghasala 1982 PSh bay</p>

Bajara Silver SH

Bajara did not have a distinct Shagya-Arabian type as did *Nairobi*. Her head had a straight profile and her neck was her best feature, earning an “8”. She was a bit overweight, and while smooth-bodied and with a smooth topline, her shoulder was steep and her withers were not prominent enough, but she had good length of pelvis. She was a correct mare and moved correctly, with ordinary gaits

Bajara’s dam line: below, Bridget, above right Bint Ghasala, below right Bravita AF by Hungarian Bravo

The last horse we looked at was the very tall and handsome four-year-old gelding *Nicodemus Silver SH*. As a son of *Sterling Silver AF* and **Nicolette*, his pedigree elements have already been reviewed above. He certainly looked like a big Shagya-Arabian, earning a 9 for his type. While his neck was a bit short it was well-set. His withers were impressive and his topline was strong and smooth. His hindquarters and hind legs were correct with good joints, but he had rather severe calf knees in front, which may be the result of the fact that his dam was not known to be in foal until far into the pregnancy. His trot was elevated, cadenced, and elastic, and his canter was ground-covering.

Nicodemus Silver SH with proud owner Nina Bomar

*Nicodemus was the last foal of the extraordinary mare **Nicolette*, left, imported to the US in utero by Dave Bulecheck. A daughter of the Balaton daughter **Niobe*, she was the epitomy of a great Shagya-Arabian mare with the best Babolna bloodlines.*

2022 NASS Inspection Evaluations: Numbers are for: Type, Head, Neck, Body, Legs, Walk, Trot, Canter
Judges: Adele Furby, Kathy Richkind

***Karol du Cavallon #ShA-11-324** (Carol x Koheilia by Mistral)

Eleven year old purebred Shagya-Arabian stallion
Breeder: Gaby von Felten. Owner: Shelley Child
Height: 15.3 h, 160 cm., Girth: 74 in, 187 cm., Cannon: 20 cm
Scores: 9,8,9,7,7,9,7,8, Average 8.0, Approved Book I
A rather large chestnut masculine stallion with very good type. A triangular-shaped head with large soft eyes and alert expression set on a long arched neck with clean open throatlatch. Long sloping shoulder and good length of rein. Prominent withers extending well into the back. Ideal saddle area. Deep body, a bit wasp-waisted at the moment. Strong, broad, still-developing hindquarters. Correct front legs with short cannons and strong joints. Slight over angulation of hocks and toes out a bit. Short pasterns. Correct elastic long walk in good rhythm and with excellent use of back, a bit close behind. Ordinary trot of medium length, appears a bit sore on left hind. Ground-covering gallop. Exhibits good jumping ability and good bascule.

Bajara Silver SH #ShA-16-307(Sterling Silver AF x Brooke by Bold Bravo)

Six year old Purebred Shagya-Arabian mare.
Breeder: Shelley Child, Owner: Shelley Child
Height: 15 hh, 153 cm., Girth: 78.5 in., 199 cm., Cannon: 19 cm
Scores: 7,7,8,7,7,7,7,7, Average 7.125 Approved Book I
A compact Shagya-Arabian mare, somewhat overweight, with a head with a straight profile set on a good riding horse neck. Her shoulders are long and steep and her withers are not prominent enough. Smooth topline, broad hindquarters, good length of pelvis. Correct legs. Correct walk and trot in good rhythm. Easy canter.

Nairobi Silver SH #ShA-11-278 (Sterling Silver AF x Nicolatina Star AF by Starwalker)

Eleven year old purebred Shagya-Arabian mare
Breeder: Shelley Child Owner: Shelley Child
Height: 15.2 hh, 157 cm., Girth: 76 in, 193 cm., Cannon: 19 cm
Scores: 9,9,8,8,7,8,7,7, Average: 7.875 Approved Book I
A medium-sized feminine Shagya-Arabian mare with excellent type. Classic Shagya head with soft eyes and gentle demeanor. Well-formed triangular neck well set on a long, somewhat steep shoulder with short steep humerus. Adequate withers, strong loins, smooth topline. Well-developed broad and deep hindquarters. Correct legs a bit tied-in in front legs, joints a bit small. Long walk in good rhythm. Ordinary trot and canter.

Nicodemus Silver SH #ShA-18-313 (Sterling Silver AF x *Nicolette by O'Bajan I-10)

Four year old Purebred Shagya-Arabian gelding
Breeder: Shelley Child Owner: Nina Bomar
Height: 16.1 hh, 165 cm., Girth: 71 in., 180 cm, Cannon: 20 cm
Scores: 9,8,7,8,6,7,8,8 Average 7.625. Evaluation
A large, immature, typey Shagya-Arabian gelding who is still developing. A large typical head with a straight profile and friendly expression. A well-set rather short neck. Impressive withers, smooth strong topline. Adequate shoulders. Good hindquarters and correct hind legs with good joints. Rather incorrect front legs due to calf knees. Large correct feet. Medium-sized walk a big close behind. elevated, elastic, cadenced trot. Ground-covering canter.

NASS 2022 Radautzer Annual Award

This Breed Award is named after the horses from the famous Austrian military Shagya-Arabian stud farm of Radautz (located in present-day Romania) and the European tradition of giving a horse who showed exceptional courage and stamina the highest praise when described as being “tough as a Radautzer”.

First Place – ***Liberterra KGL (Liberty)*** (NASS/P-ShA-06-300) is a Part Shagya-Arabian, owned and ridden by Ashley Wingert, bred by Gina Lander. Ashley and Liberty completed 425 miles in 2022, attending eight separate rides, finishing in the top ten, six times. *Liberty* is a seventeen year old bay mare standing 15.1. *Liberty's* sire is *Janos* (NASS/ShA-98-154) and her dam is *Justa Inspiration* (AHR*540223), an Arabian. Ashley and *Liberty* are new to NASS this last year. Congratulations Ashley and a great big welcome to NASS. We look forward to seeing you and *Liberty's* future.

Second Place – ***Theo the Wonder Horse*** (NASS/P-ShA-11-293), a Part Shagya-Arabian, owned and ridden by Rachel Miura, bred by Jered Johnson. Rachel and *Theo* completed 300 miles in 2022, attending four rides, two of which were multi-day rides. A twelve year old grey gelding, *Theo's* sire is *Bold Bravo AF* (NASS/ShA-88-021) and his dam is *Nadeja* (AHR*542632), an Arabian.

Farm News

Hallie Goetz writes:

“It’s been a quiet winter so far, but this fall I managed to bring *Neddora SHG* (*Neddor* x **Lutka-62*) to an American Trakehner Association (ATA) breed inspection at Tylord Farm, Benson, VT. Tylord Farm has had a longtime connection to the Shagya-Arabian, having imported the *Balaton* (*Gazal VII* x *Babolna*) daughter **Esna* for their Trakehner breeding program many years ago. It was great to see some of **Esna*’s descendants among their current herd and truth be told, they were my favorites well before I knew of their Shagya-Arabian connection. I definitely have an eye for that type of Trakehner. It was interesting to see all the horses in residence, the presented mares and foals, and to hear the Inspector’s comments which were spot on.

“*Stardancer*’s (*Starwalker* x **Szikra*) gelding sons, *Halo SHG* and *Orion SHG*, are all fuzzed up in their winter coats looking pretty much like yaks... I have my fingers crossed that come spring they’ll be looking like young horses again.

Neddora SHG at her ATA OSB approval.

“Let’s all encourage the use Shagya-Arabian stallions for breeding, between all the purebred Arabian mare owners and others out there looking to produce an athletic, versatile horse or two, this breed is definitely worth a try! I hope to see you and your horses out at rides, shows, inspections, etc, this year. *Babolna* in June sounds fun!”

Orion SHG

KB Tomega Fahim+++/ (ShA)
(KB Omega Fahim++++// x *Thassia)

From Kerrigan Bloodstock:

“Congratulations to all who participated in the Radautzer Award and the NASS Annual Awards Program!!

“While only one KB bred horse, *KB Tomega Fahim+++/ (ShA)*, entered only one dressage test this year, I am very proud that he achieved the highest average score at the highest test level of the horses that were entered into the NASS Annual Performance Awards Program, Dressage Division. Additionally, I am very proud that three KB owned or bred mares were represented in the Meritorious Dam division, *Samantha*, *KB Sequoia Fahim* and **Thassia*.

“Twenty year old **Thassia (ShA)* and 28 year old *Samantha (ShA)* are now retired, leaving a hole in my Shagya breeding program with *KB Omega Fahim++++// (ox)*. While ‘Meg’ is not retired, I lack the Shagya mares. *KB Tomega Fahim+++/ (ShA)* is beginning his breeding career as his dressage training continues, however the rest of my Shagya mares are his full sisters.”

Samantha (*Amurath Samurai x *Kornelia) and *Thassia (Bahadur x Thirza) with Shagya babies by ‘Meg’

Farm News continued

Nina Bomar writes:

“I got my beautiful *Santo* whose registered name is *Nicodemus Silver SH*. He was a yearling, but time has passed us by and he’s soon to be a very handsome five year old.

“Our house had recently burned down and we were feeling distraught and disheartened. I’d been looking at the breeder’s Facebook page, Sterling Shagyas, and they’d been posting pic’s of him since the day he was born. He was the goofiest and most playful baby and he always made me laugh. He was such an active colt and a good looking boy and I

“I’m partial to Arabians but had learned about the Shagyas and found them to be intriguing. One day the breeder posted him for sale and I happened upon her ad. We talked it over and then she and her husband delivered him to our ranch.

“He was calm, sweet and had the biggest bootie. I loved his big boned body and his delightful disposition. He was a yearling and the first thing I did was trim his hooves. He was such a good boy.

“We named him *Santo* because he was so special and we’ve loved on him for the past 4 years. He’s now with my trainer and already under saddle. He probably stands around 15’3 hands and he’s a tank. I’m so excited about him and looking forward to riding him. My future plans are to use him for endurance, but for now he’s enjoying all the baby steps that it takes as he heads towards adulthood.”

ISG European Championship

**The ISG European Championship
for Shagya-Arabians
will take place on 17 and 18 June
2023 in Bábolna.**

Stud farm in Bábolna

At the same time an ECAHO C-Show for purebred Arabians will take place.
Various demonstrations/sport competitions with international participation will be held.
Endurance rides over 20, 60 and 80 km.
Driving competitions for single and double carriage.
Dressage and jumping competitions.
The organizers hope that good stallions from all ISG associations will participate in the show.
The ISG delegates meeting will be held on the afternoon of June 16 in the cinema hall.
The venue is the National Stud Bábolna.
The event is organized by MALE, the Hungarian Arabian Horse Association.

The North American Shagya-Arabian Society has been a proud member of the ISG, the Purebred Shagya-Arabian Society International for 37 years

The umbrella organization of the national Shagya-Arabian breeding societies of: Bulgaria, Denmark, Germany, France, Croatia, Netherlands, Norway, Austria, Romania, Sweden, Switzerland, Spain, Czech Republic, Hungary, the USA, and Venezuela as well as the State Stud farms of Kabuik (Bulgaria), Bábolna (Hungary) and Topolcianky (Slovakia).

The purpose of the ISG is the coordination of Shagya breeding in the cooperating countries from the point of view of the breeding aim, and the preservation of the purity of breed, as well as the advancement of the Purebred Shagya-Arabian breed.

The ISG represents internationally the interests of the Shagya-Arabian breeders, and maintains standards for the publishing of the studbooks to its members. These national studbooks require recognition by the Purebred Shagya-Arabian Society International--the ISG.

The Shagya-Arabian is an exclusive Arabian breed originating over 200 years ago in the Austrian-Hungarian Monarchy. The Shagya-Arabian is a noble, versatile and able sport horse suitable for hobby and competition, endurance riding, and hunting, as well as western riding and carriage driving.
