## **NASS INSPECTION UPDATE!**

Dear NASS Members,

### **Here is an update on possible 2026 Inspections:**

The NASS BOD met this week and I informed the BOD that the BC has received applications from two possible inspection sites—one in VT area and one in Ann Arbor, MI area. Tentative dates would be late September or October.

The NASS BC would like to hear from you ASAP if you would like to present horses at either of those locations.

Also, if you would like to request presenting a horse at another location during 2026, please fill out the attached inspection request form and send it in to NASS Breeding Committee Chair Adele Furby at [NASS breeding committee chair@shagya.net](mailto:NASS breeding committee chair@shagya.net). Thank you!!

Questions? Contact Adele at [adelesshagyash@gmail.com](mailto:adelesshagyash@gmail.com)
