July 20, 2020
4700 County Rd 6 NW, Garfield, MN

The Hearing was called to order at 6::30 p.m. by Chairman Dan Diedrich. Supervisors Jim Peterson and Mike Steidl and Clerk/Treasurer Barbara Kilgore and six residents of the road to be established as a township road were present at the site of the dedicated public road.

Purpose. Diedrich stated the purpose of this hearing is to review the dedicated public road that the residents want to be established as a township road. The Township received a petition signed by nine registered voters within three miles of the road requesting the road be established as a township road on June 15, 2020. Peterson stated that the reason they want the road to be a township road is they want the township to take over maintenance of the road.

Diedrich stated that before the township takes over the road it must be brought up to township specifications. There needs to be some ditch work and have room for snow removal and water runoff.

Costs. Peterson received a quote of \$6,350 to widen the road and add gravel there will also be some administration and recording fees from the township. The costs will be paid by the property owners of the twelve parcels that abut the road.
