Parent Education and Playgroups in Taunton!

Triumph, Inc. PC+ Program Parent Child Plus Program

Triumph, Inc. is fortunate to receive funding from the Mass Dept. of Early Ed & Care. Called PC+ (Parent Child Plus), this grant funded program is designed to bring literacy rich educational programming and toys to children and families in the greater Taunton community for ages birth to 3. This is done by our 2 home visitors (currently done remotely) Miss Kelly and Miss Heather. Our PC+ team is housed at our Barnum St. location and is overseen by our Home Based and Community Programming Manager, Christine Pilotte. Christine and her team offer a variety of workshops, playgroups, STEM events and other early childhood opportunities (all FREE!) to young families (all done virtually for now). They even offer programming during vacations and summer break!

PC+ currently has a few openings - you can call Miss Nancy at 508.822.5388 x208 to sign up for PC+ and other community opportunities. **Be sure to 'like' them on Facebook = Triumph, Inc. Community Programming @triumphcfcetaunton** to get the most current and up to date information.

PC+ and CFCE are programs of Triumph, Inc. and are funded by a grant from the MA Dept. of Early Education and Care.

ParentChild+
Equal Possibilities From The Start

Technology & Transportation

Transportation Manager Kathleen Holton has been working with a Samsung dealer to get tablets for families that have been waiting for them. She hopes to have the issue resolved soon and appreciates everyone's patience and understanding. In the meantime, if families have technical issues with tablets they have at home, please reach out to her via email and she will do her best to help. You can reach Kathleen at: kholton@triumphinc.org

Our buses are currently operating at full capacity according to CDC and Early Education & Care guidelines.

Our Classrooms are LIVE!

Did you know our preschool classrooms are offering a LIVE feed?

ClassDojo

Children remote learning at home can connect into their individual classroom to participate and see their classmates. Families can check the specific ZOOM times on their Class Dojo page. The link and time to join into the classroom are posted in advance at the beginning of each week so you can plan your schedule to take advantage of this great opportunity for your child.

Health Curriculum

This month, our Health and Nutrition area will be featuring a virtual 'make and take'. Be on the lookout for a video of Miss Melinda and Miss Daniella who will be making Banana and Peanut Butter Sushi roll-ups.

Supplies will be sent home to families for our remote learners with instructions on how to make the roll-ups. This will be done in English, Spanish and Portuguese!

Family Yoga at Home 2-Part Workshop

You are invited to join Miss Keri as she teaches the positive effects of practicing yoga with your children at home. **On March 19th** from 6:30 p.m. to 7:30 p.m., Miss Keri will show caregivers skills to guide your child through some fun and calming exercises. The next day, **on March 20th** at 9:30 a.m., you and your child will join together in a family yoga class where you will be able to experience first hand how to use your new yoga skills!

This is an exciting opportunity to help you and your family practice yoga to become more mindful.

Families who attend both classes will receive a special thank you gift bag.

Space is limited for these workshops and families must **PRE-REGISTER** by March 12th by calling Miss Nancy 508.822.5388 x208
