In response to your two comments: "For centuries, advanced beings have lived among us, both underground and in the skies." and ". . . it is a revelation of truths long hidden. As we approach this monumental event, it is vital to remain vigilant, question the narratives, and seek the truth."

These creatures, referred to as aliens, are not from a different planet, constellation, or solar system. They are demons, created by the Lord Jesus Christ, their Creator, for the express purpose of deceiving those who hold the truth in unrighteousness. Their mentor is Satan, also known as the father of lies. He, as well as his demon followers, are compulsive liars. My statement can be backed up by several individuals in the UFO field, specifically, the YouTube video by Gonzo Shimura, entitled *Age of Deceit: Fallen Angels and the New World Order*. Upon examination of individuals who were in a conflict of being kidnapped by these aliens, when abductees either sang a Christian hymn, quoted scripture, or cried out to Jesus for protection, these demon entities quickly fled, while at the same time the kidnap experience suddenly ceased.

There is a correlation in this country between an acceptance of biblical truth, and a blatant rejection of biblical truth from the public's' consciousness. I would determine that the most notable events in America's history would be highlighted by Westcott and Hort's' phony, counterfeit Greek New Testament. It was also given impetus by Darwin's' evolutionary treatise entitled, "Origin of Species," The Scopes' Monkey Trial, Rome's' ecumenical movement, the higher criticism of liberal academia, Rockefeller's' World and National Council of Churches, as well as the progressive infiltration of Bible seminaries, colleges, and Bible societies, and voilà, you have widespread public confusion, rejection of biblical truth, and a general malaise of America's' consciousness.

Truth has not long been hidden. Those people, God's people, lead of the Spirit, have known truth since they have been in possession of his sacred word, as well as the Holy Spirits' conduct reflected in the lives of his saints.

In closing, you cannot recognize truth, if you do not know the truth, Jesus Christ. . . whether you are an historian, researcher, librarian, educator, writer, a content creator, videographer, movie producer/director, or journalist. If you do not have a foundation of truth, and that truth is not Jesus Christ, you will be deceived.
