

The Depopulation “Smoking Gun”: Alarming Charts Show Number of Americans ‘Vaxxed’ Aligns Ominously with Deagel’s Forecast Numbers for 2025

While checking out all of the absolutely bizarre news the last several days, including the fact that a *‘fully-vaxxed’* *Buzzfeed holiday party* in New York turned into a COVID super-spreader event, Radio City’s Rockettes being *forced to cancel all of their remaining performances* due to numerous fully vaxxed and *‘boosted’* members *‘catching the COVID’* as well as the heavily vaxxed NFL canceling a number of games *because of a ‘COVID surge’*, I came across another story that caught my eye.

(Article by Stefan Stanford republished from [AllNewsPipeline.com](#))

As most ANP readers who have been reading us for quite some time know, we’ve often covered the very mysterious and *‘deep state sourced’* website Deagel.com, and their very bizarre forecast for America and most of the Western world for the year 2025, a forecast which, while varying slightly from

year to year, always forecast America as a hugely depopulated, 3rd world nation by 2025.

With Deagel's sources being the 'deep state' and 'globalists,' including the US Department of State, the US Department of Defense, the CIA, the World Bank and the European Union among others, the MSM and other called Deagel's forecasts a 'crazy dystopian conspiracy theory' but as we had pointed out in this ANP story just days ago, the MSM long called the 'Wuhan lab weaponized COVID virus theory' a 'crazy conspiracy theory,' too, before finally admitting days ago it is the 'most likely theory.'

And as we'd also pointed out in this April 22nd of 2021 ANP story, soon after Deagel was exposed on Doug Casey's International Man website in a story titled "Doug Casey on the Shocking 2025 Deagel Forecast: War, Population Reduction and the Collapse of the West," Deagel's forecast for 2025 got 'nuked,' disappearing from the internet, though you can see some of their previous forecasts in both of the screenshots seen below which we had used as evidence of something sinister happening in previous ANP stories.

So, when I ran across this recent story at CNN listing the total number of Americans currently fully vaxxed at approx. 202 million, with approx. 241 million at least partially vaxxed as seen in the screenshot on the top of this page, I immediately recognized those numbers as aligning very eerily and alarmingly with the number of Americans being forecast to 'die off' by the year 2025 according to Deagel's forecast from several different years. Just a bizarre coincidence, or 'the depopulation smoking gun?'

As you'll notice in the screenshot below originally from this May of 2018 ANP story, the number of Americans being forecast by Deagel to be 'culled' back then by the year 2025 was 227 million, which falls right in line with the number of currently 'vaxxed' Americans. If mRNA vax inventor Dr. Robert Malone is correct in his warning that many of the vaccinated will die from the after-effects of the shot, should Americans really be taking their children to get it? Just think. The globalists want just that.

For those who may not have ever heard of Deagel before, let's go ahead and take a look at [this Doug Casey story from the International Man](#) that led Deagel to nuke their bizarre forecasts of massive depopulation before we continue:

International Man: Deagel is a private online source for the military capabilities of the world's nation-states. It recently released a shocking five-year forecast.

The report analyzes countries by projected population size, GDP, defense budget, and more.

In it, they predict a 70% reduction in the size of the United States population. This is a bold prediction. What are your thoughts on this?

Doug Casey: I've got to say that I wasn't familiar with Deagel—it keeps a low profile. Deagel is in the same business as Jane's—which has been in the business of analyzing weapons systems for many decades.

A look at the Deagel website, which is quite sophisticated, makes it clear we're not dealing with some blogger concocting outrageous clickbait. It seems to be well-connected with defense contractors and government agencies like the CIA.

They've predicted that about 70% of the US population, and about the same percentage in Europe, is going to disappear by 2025. It's hard to believe that anybody in their position would make a forecast like that. There's no logical business reason for it, especially since it was done before the COVID hysteria gripped the world. It stretches a reader's credulity.

Could it possibly happen? It would be the biggest thing in world history. Does it have a basis in reality, or is it just some bizarre trolling exercise? I'm not sure—it's hard to take almost anything from any source at face value these days. But for the last several years, I've been saying that World War III would basically be a biological war. Of course, it will have substantial conventional, nuclear, space-based, and Ai/computer elements as well, but its most serious component will be biological. Essentially, it will involve the use of bacteria and viruses to wipe out the enemy. The odds are that it will be between the US and China. But since anyone with a CRISPR in their garage can hack the genome and DNA of almost anything and anybody... there are no limits to the possibilities.

Certainly, from the Chinese point of view, a biological war makes all the sense in the world. That's because the Han Chinese share a lot of genetic similarities. Presumably, a bacteria or virus can be bred to favor the Chinese and take out most everybody else. The fact is that anything that can be done eventually will be done. It's just the law of large numbers.

And as we've reported time and again on ANP, Deagel's forecast not only warned of America being completely decimated by 2025 but 'Western nations' across the planet as well, and look at what's happening now in places across Europe, Australia and New Zealand, where governments are racing full speed ahead towards tyranny, locking down populations and putting a dagger in 'liberty'.

Just another 'bizarre coincidence' or did Deagel show us the globalists evil genocide plans all along? As seen in the next screenshot below taken from a previous ANP story, back in 2016 they were forecasting a 270 million person 'die-off' by 2025, leaving the US with only 54 million people living here by 2025, with that 270 million figure just over the high end of currently vaxxed Americans.

So if 'the vax' REALLY does work, why are so many of the fully vaxxed and fully boosted still getting COVID? As we had reported just days ago on ANP, with the globalists 'the vax is the answer' narrative now having fully blown up in their own faces as people across America and the world slowly awaken to the fact that it's not stopping people from getting or spreading or dying from COVID, and in fact, the vax itself is killing people, we expect the globalists to kick up their level of tyranny ahead as people all around the world reject the rule of psychopaths.

Perfectly stated in this CNBC story in the words of Dr. Anthony 'Faust-I' who claimed they'll soon have to 're-define' the term 'fully vaccinated' and that 'more restrictions are on the table,' America's Founding Fathers and their great wisdom of writing the 2nd Amendment ensured that tyrants will never be able to fully impose tyranny upon very well-armed and very free Americans without destroying themselves in the process.

And with more evidence emerging every day that this entire COVID episode was manufactured to accomplish a series of globalists objectives, including forcing Americans to stay at home, conditioning them to 'slavery,' which allowed Democrats to carry out massive mail-in voting fraud to get Joe Biden into office and Trump out, while also allowing them to carry out the **moves towards tyranny and genocide** we've seen since, one could be forgiven for asking what the 'true Purpose' of 'the shot' is when it's clearly not working for what we've been told it was 'manufactured' for.

Former General Hospital soap opera star **Ingo Rademacher, who is no longer with the show following his refusal to take 'the vax,'** stated of the unfolding tyranny perfectly:

"If we don't choose what to put in our bodies, we don't own our body. The government owns you."

No thank you.

So with '**Joe Brandon**' now pushing a '**Winter of Death**' for unvaccinated **Americans** a year after he warned America faced a 'dark winter' during the Winter of 2020/2021, and all of us knowing for a fact that '**Operation Dark Winter**' was the **code name for a senior-level bio-terrorist attack simulation** conducted on June 22–23, 2001 that was **designed to carry out a mock version of a covert and widespread smallpox attack on the United States**, it's **not just a coincidence** that **Joe Biden was the Chairman of that exercise's Committee**, and now **he's tripling down** on his **dark winter warnings**.

Each of the videos below take a look at the unfolding madness across America and the world, with a group of global elite POS's pushing tyranny in the name of public safety, mandating vaxxes that don't work for their stated purposes and pushing America and the once-free world closer and closer to the globalist's diabolical world government endgame. If America's Founding Fathers were alive right now they'd surely be saying: keep 'loading for bear',

America!

It is said that the spike proteins migrate to soft tissue organs such as the testicles, ovaries, breasts and brain. I’m noticing a lot of fully vaccinated are suffering from cognitive impairment and paranoia. Is it because these people’s brains have been invaded by large numbers of spike proteins? Some experts are forecasting a large increase in cancers and auto-immune diseases. We know the injections raise havoc with the vascular system, killing many victims.

From the Kung Flu trenches... I just rode the ski lift today with a New Yorker who said his wife and her sister were “Covid Crazy”. He described them as the most insane among an asylum of crazy. They were all part of a large group planning to vacation in Vail. They all caught the Kung Flu before their planned departure. I asked how many were vaccinated and he said “all of them” and “they were all triple vaccinated” ... I asked him at what point does everyone catch on? He did not reply

Here's that link to the original article in case you missed it. I post this, as the vids at the end are jumbled together. They are all available at this link:

It's an interesting article and of course, corresponds to all we have seen on Deagel for a good while. Thing is, I am just not buying those two thirds of Americans are presently vaccinated. Substantiation is needed. That means that two of every three folks I see on the street have taken the jab. Sorry, not in my area.

Will Two,

If you look at the Bible AND history, most people on this planet have only known collectivism, in one form or another. Why is this? Because people don't want the truth. Actually, I think Deagel's predictions are right on. Remember, this is Deep State sourced info. If that doesn't shock you, try this bit of Bible truth. Eight people came out of the worldwide flood. Two out of 600,000 were allowed to see the Promised Land. In Matthew 7:13, 14 Jesus said, "Enter ye in at the strait gate: for wide *is* the gate, and broad *is* the way, that leadeth to destruction, and many there be which go in thereat: 14 Because strait *is* the gate, and narrow *is* the way, which leadeth unto life, and few there be that find it." Then there is the parable of the Sower and the seed from Matthew 13. In verse 11, the Savior said access to the truth is exclusionary. Jesus stated, "Because it is given unto you to know the mysteries of the kingdom of heaven, but to them it is not given." Are you sure that what you've seen on the street might not be tainted with sentimentality and possibly skewed by how you may want things to be? I hope I'm wrong; however, history and God has revealed otherwise. May God in his mercy, not judge America as it truly deserves.

Fauci promotes vaccines and ignores therapeutics. He's been known as Dr. Death his entire career.
