

THINGS TO CONSIDER

There was an order to everything Jesus Christ did during the creation week. The pathetic argument made by Liberals regarding evolution and God's method of creation is never based upon the actual words scripture gives us but rather what they want the scriptures to say. This is always the way Liberals operate; twist the truth to make it fit your narrative and then keep telling a lie until it becomes the truth. In scripture this is known as sorcery and those receiving this propaganda, willingly, are said to be bewitched.

Now let's consider the truth of scripture:

1. NATURAL LAW INITIATED—All the natural laws (planetary motion, gravity, centrifugal force, etc.) observed in the heavenlies were initiated at this time
2. DARK MATTER—The matrix of dark matter was created by Jesus Christ for the purpose of veiling God from his creation
3. MAN'S CORRUPTION OF GOD—God is not part of his creation, but rather independent from it. This truth excludes many other man-made beliefs that have clouded and confused the reality and existence of one's Creator, for example *pantheism* which says God is in everything and everyone, while *animism* says the spirit of life is in the rocks, trees, water, wind, etc.
4. NO DEATH 'TIL GENESIS 3—Death and its consequences did not come until the sin of Adam in Genesis 3. This rules out the silly *Ruin and Reconstruction Theory* postulated by 'Christians' who reject biblical creationism and embrace the eons of evolution. Remember, time does not begin until sin enters the world. The visible consequences of sin, namely death, decline, decay, and destruction were not imposed until rebellion produced its fruit
5. DARK MATTER IS THE PROOF GOD EXISTS—Because God is infinite, there is no place in the universe where dark matter cannot be observed. Ever ask yourself why dark matter is beyond scientific scrutiny and why it is everywhere? Why is the universe dark instead of the blinding, deadly light of the Creator? This is a rhetorical question of course
6. TWO OCEANS UNDER THE FIRMAMENT—While the "deep" is mentioned in Genesis 1:2, a thick atmospheric ocean of water vapor surrounded the earth. Its thickness is a matter of conjecture. Verse 14 implies that it was not like the atmosphere of Venus, which perpetually keeps this planet's surface hidden from man's scrutiny
7. THE EARTH: THE CENTER OF THE UNIVERSE—The earth is the center of all things within God's cosmos. From the redemption of man, to observable entropy (decline, death, decay and destruction) throughout the universe. All points of the compass have their genesis from a fixed position on earth
8. MAN MAY BE ALONE, BUT HIS CREATOR IS EVERYWHERE—The fact God created the earth before even making the firmament to place the other planetary and celestial objects in, reveals the Creator's emphasis on the uniqueness of this planet. The idea that man is not alone and that life exists somewhere else in the universe is a vain imagination of man, however; God is everywhere in the universe—omnipresent
9. NOT HEAVENS, BUT HEAVEN—The corrupt manuscripts which bastardize this verse and make plural the word heavens instead of heaven is another tactic the Left uses to interpose themselves as the only ones capable of understanding and interpreting the scriptures. What hypocrites!
10. EX NIHILO CREATION—That which is visible was made from that which is invisible. This is a construct totally foreign to the natural man—lost individual. Faith is the premise by which the believer is called to embrace the creation of the universe. No one was there but God himself. One is called to believe in a faithful, loving, predictable Creator OR man whose mind has been woefully compromised by sin, death, rebellion, while advancing his own religion, which states there is no God—evolution
11. GOD'S SPIRIT PRODUCES LIGHT—His Spirit moving upon the face of the waters produced the light of Jesus Christ. The Sun is an important feature in the creation model, but its purpose and function are to distinguish the day from the night, as well as being a sign, inaugurate the seasons, enumerate days, and signify years. Contrary to popular belief Jesus Christ's light is the reason for life on this planet, NOT the Sun
12. "WITHOUT FORM AND VOID"—Unlike the argument the Ruin and Reconstructionist uses saying God had to go back and recreate the world again because God failed to anticipate man's sin and its consequences, sin of course occurring before the fall to accommodate the evolutionist, this theory makes God look capricious in his creation. It also makes God appear incompetent and lacking the foreknowledge Providence clearly possesses. Sorry, God did not have an Oops moment! The phrase "without form and void" clearly means the continents were not visibly discernable because they were under water, and they were void of life because God had not called them forth to be inhabited. Harkening back to the original creation, Isaiah 45:18 reinforces the miraculous power demonstrated by Jesus Christ during creation—"God himself that formed the earth and made it; he hath established it, he created it not in vain, he formed it to be inhabited: I *am* the LORD; and *there is* none else." In II Peter 3:5 it says, "For this they willingly are ignorant of, that by the word of God the heavens were of old, and the earth standing out of the water and in the water . . ."

While some individuals will try and explain what went on during creation week from a purely 'scientific' perspective, what God did was completely and thoroughly miraculous. This, despite telling us HOW he did it, e.g., in Psalm 136:6 the psalmist tells us God stretched out the earth, and by doing so caused the excess waters to travel below ground, while at the same time the continents emerged above the waters.

Genesis 1:1, 2

IN the beginning God created the heaven and the earth. 2 And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters.

photonic light

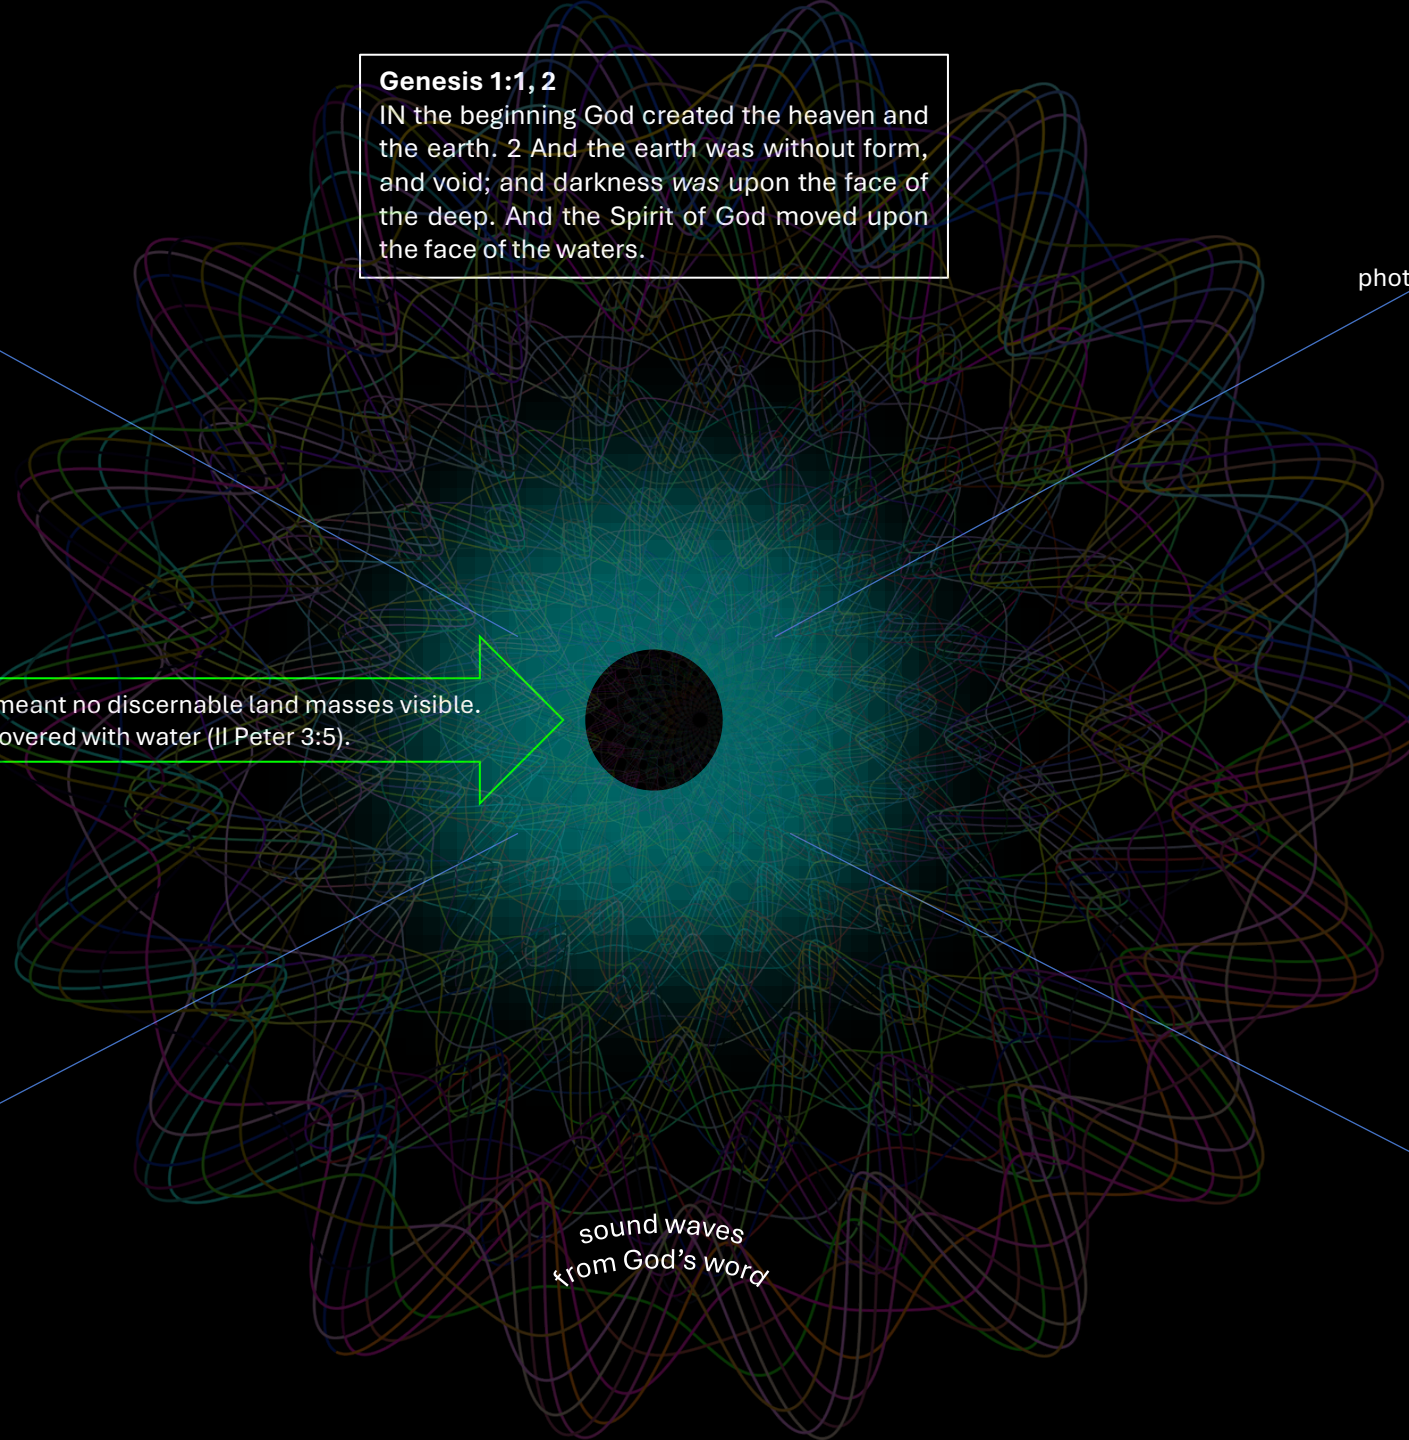

photonic light

Without form and void meant no discernable land masses visible.
They were covered with water (II Peter 3:5).

MINUTE, HOUR, DAY, AND BEGINNING OF WEEK DEFINED IN GENESIS 1

Anyone not being able to see this is truly blind and in denial of this simple, fundamental biblical truth. By virtue of the day, the others follow. How stupid the Liberals really are!

Consider this:

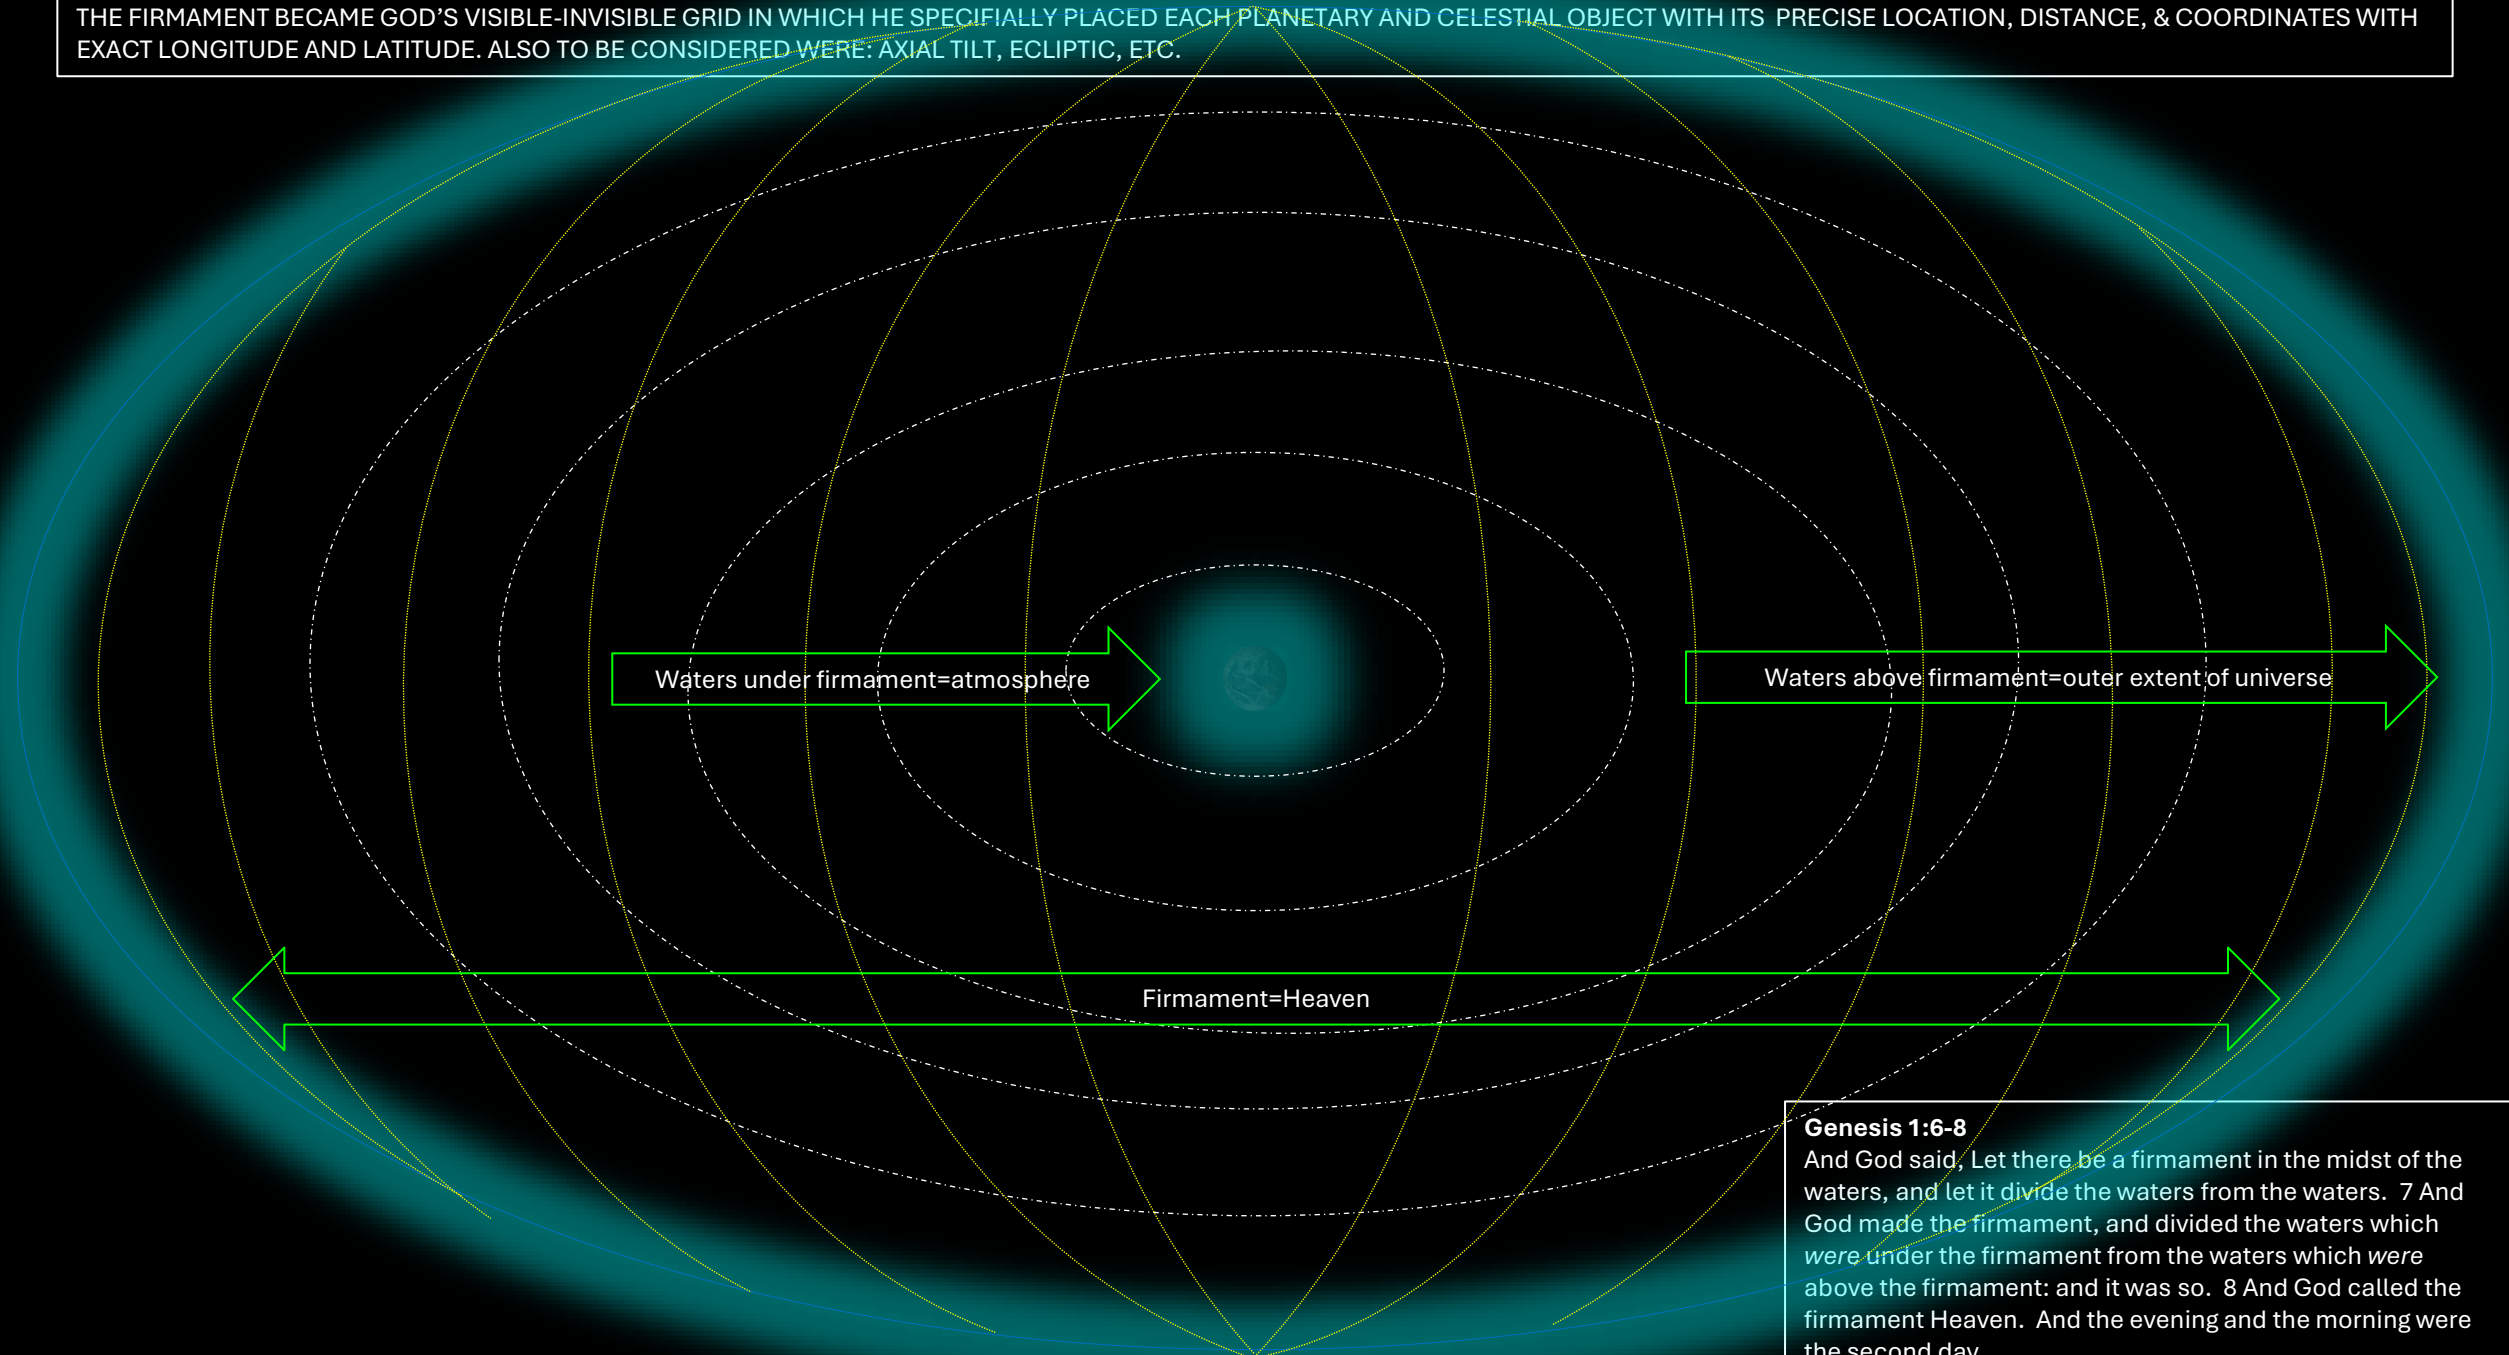

1. **DAY'S DISSECTION**—A twenty-four-hour period possessed the distinguishing features of Day and Night. The day began; however, with the evening. From there it gave way to the morning. The hours consist of minutes, of which there are sixty. These in turn are composed of seconds within the minute. There are sixty seconds within each minute. Again, a day starts in the evening and then progresses toward the morning. A day consists of twelve hours of darkness, and then twelve hours of daylight. This is totally unlike the convoluted system we presently see (e.g., 12:00 noon is referred to as p.m. with six hours left of daylight, while 12:00 midnight is referred to as a.m. with six hours of darkness remaining). Thus, creation's day is defined, delineated or dissected.
2. **DAY'S ENUMERATION**—Another salient point is that the days of creation were numbered—1-6—with the seventh day being a day of rest. The week starts on Sunday, with Saturday being the day God rested. I understand Jesus rose on the first day of the week, Sunday, but his resurrection was hardly a passive, inactive, uneventful, accomplishment. It was the quintessential event in human history—making possible the spiritual restoration of sinful man to a holy Creator.
3. **DAY'S LIMITATION**—The enumeration of the day gives contextual support that these days were literal, not unspecified eons unbelieving men could assign any arbitrary age

Genesis 1:3-5

And God said, Let there be light: and there was light. 4 And God saw the light, that *it was* good: and God divided the light from the darkness. 5 And God called the light Day, and the darkness he called Night. And the evening and the morning were the first day.

THE FIRMAMENT BECAME GOD'S VISIBLE-INVISIBLE GRID IN WHICH HE SPECIFICALLY PLACED EACH PLANETARY AND CELESTIAL OBJECT WITH ITS PRECISE LOCATION, DISTANCE, & COORDINATES WITH EXACT LONGITUDE AND LATITUDE. ALSO TO BE CONSIDERED WERE: AXIAL TILT, ECLIPTIC, ETC.

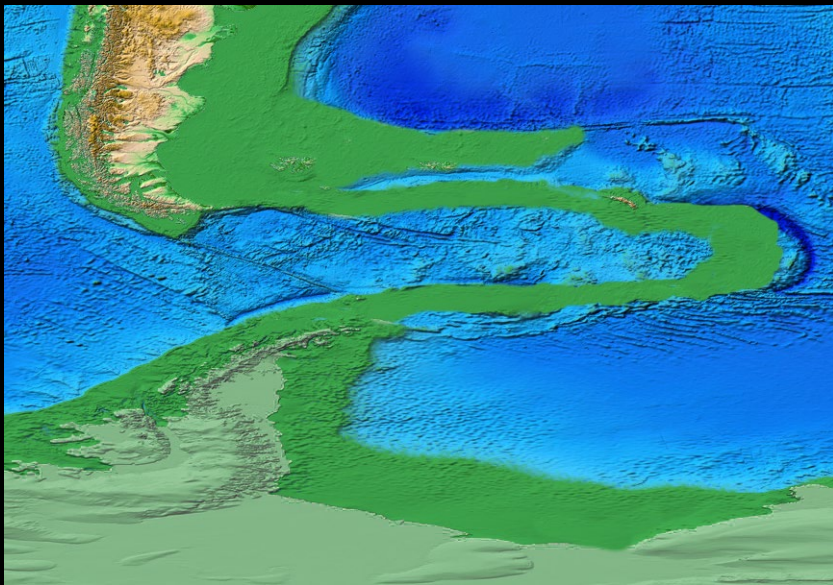

Waters under firmament=atmosphere

Waters above firmament=outer extent of universe

Firmament=Heaven

Genesis 1:6-8
And God said, Let there be a firmament in the midst of the waters, and let it divide the waters from the waters. 7 And God made the firmament, and divided the waters which were under the firmament from the waters which were above the firmament: and it was so. 8 And God called the firmament Heaven. And the evening and the morning were the second day.

This land bridge between South America and Antarctica was a major migratory path as God decreed the **dominion mandate** to Adam and Eve to be fruitful and multiply and replenish the earth and subdue it.

Genesis 1:3-5

And God said, Let the waters under the heaven be gathered together unto one place, and let the dry *land* appear: and it was so.

THE WATERS CONSISTED OF AN OXYGEN-RICH ATMOSPHERE. ALSO TO BE CONSIDERED WAS AN ATMOSPHERE WHERE THE WATER VAPOR CONTENT WAS AT A MAXIMUM. REMEMBER IT RAINED FOR FORTY DAYS AND FORTY NIGHTS. THERE WERE TWO OCEANS BENEATH THE FIRMAMENT; ONE GASEOUS, THE OTHER LIQUID.

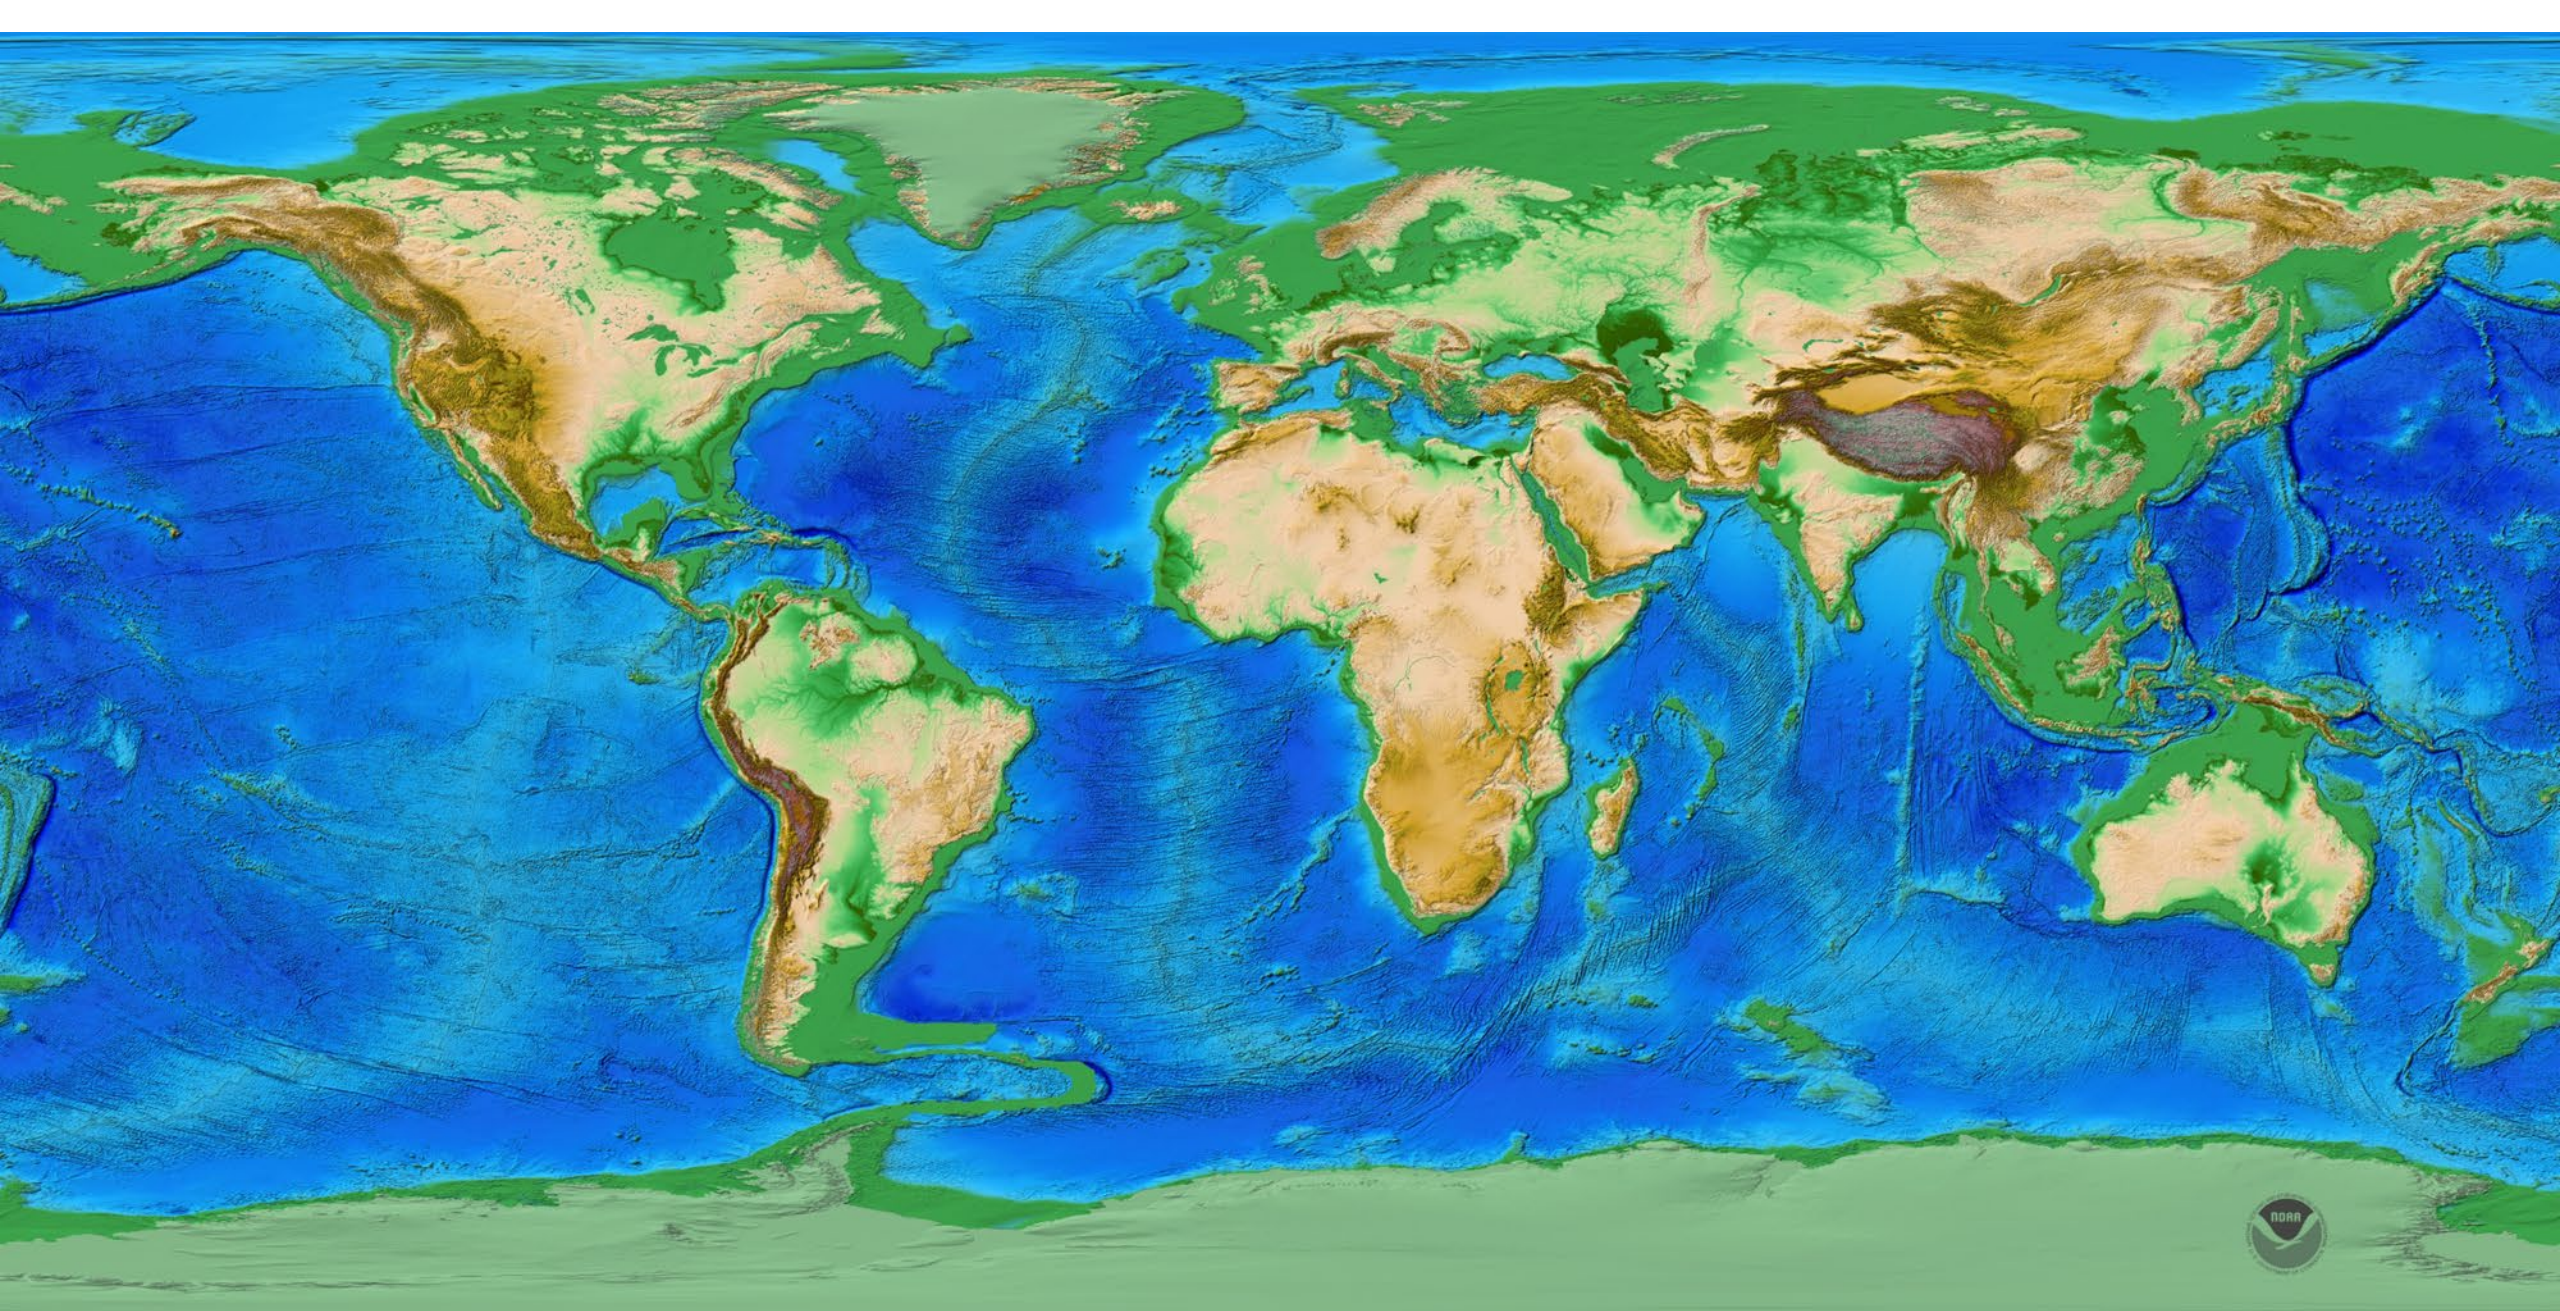

The concept of a Pangea or supercontinent could arise from a misunderstanding of the above. What God is saying in this verse above is the seas, in liquid form, were gathered together unto one place, separated from the earth's gaseous atmosphere. God is distinguishing for us the difference between an atmosphere saturated with water vapor and the seas in liquid form.

Consider this:

1. EARTH'S FOUNDATIONS SURE—In Job 38:6 the scripture says the foundations of the earth are fastened by the line which God stretched upon it. A foundation is immovable by virtue of its definition. In Psalm 104:5 it says, "*Who* laid the foundations of the earth, *that* it should not be removed for ever."
2. NO RADICAL CONTINENTAL DRIFT OR PLATE TECTONICS ASSERTED, HOWEVER; THE EARTH'S TOPOGRAPHY CHANGED NONETHELESS—While the four rivers, mentioned in Genesis 2—the Pison, the Gihon, the Hiddekel, and the Euphrates—had their headwaters just outside the garden of Eden, their precise location and course changed after the flood. This does not mean, though, that some of those rivers are not evident today.

According to the Bible, God determined the precise location of each continent with absolute precision as well as determining that they would not 'drift' like the hypocritical and contradictory secular, geological uniformitarians assert. Again, God did not have to go back and re-arrange the continental masses because he had a 'senior' moment.

Remember, this is an officially sanctioned government department. Showing the continental shelving or the earth's foundations, N.O.A.A. (National Oceanic & Atmospheric Administration) taking current bathymetry readings, rendered the map you see above.
