Revenue Sources for the United States and its Citizens

By Paul J. Wickliffe, author, photojournalist, horticulturalist, researcher, Christian and Bible student (50 years).

1. ASSET SEIZURE—Executive Order 13818—The seizure of all assets from Deep Staters involved in crimes against humanity, proxy sabotage, pedophilia, treason, theft, political offices and graft beholden to drug cartels, trade secrets sold to foreign adversaries, color revolutions within the U.S. etc. Assets to be released when N.E.S.A.R.A. deployed and jubilee declared (debt forgiveness)
2. FOREIGN INVESTMENT—$20.2 trillion in foreign, business investment, with the stipulation that these manufacturing plants will hire American construction crews, utilize American materials, and once plants are up and running, employ American workers
3. GOVERNMENT BLOATEDNESS—Waste, fraud, and abuse identified by D.O.D.G.E. (Dept. of Gov. Efficiency) just **within government** NOT the private sector
4. GOVERNMENT WILL RUN LIKE A BUSINESS (90% reduction in the size of government across all levels)[1]—Efficiency and seamlessness introduced (quantum computerization and Super Intelligence, SI); duplication of services eliminated; introduction of the competitive component built into the hiring and retention practices of labor, as well as contract acquisitions; the elimination of automatic promotions and raises without routine performance reviews; parity with the private sector involving wages, salaries, benefits, sick time, vacation, retirement withholding, time off, maternity leave, holiday's observed, moving expenses, bonuses, overtime and shift differential
5. DRUG CARTEL MONEY & ASSETS SEIZED—63 senators bought by Venezuelan dictator and drug lord, Nicolas Maduro. The drug cartels

[1] Federal, state, county, local

have owned numerous U.S. cities and officials within those cities (L.A. and Karen Bass, for example) as well as numerous blue states[2]

6. CARTEL TRUSTS, NON-PROFIT'S, NGO'S, RELIGIOUS ORGANIZATIONS—The Roman Catholic Church and her denominations are a good start. 36,000 religious assemblies within the U.S. have been involved in child trafficking. 2,600 in Nebraska, alone
7. SAINT GERMAINE TRUST—Established for the American citizen as a retirement trust, it has grown into a massive $150 trillion dollars. Its investments include numerous natural resources such as gold, silver, rare earth's, and others key tangible assets
8. ILLEGAL ALIEN BENEFITS & HOUSING RETURNED—With the borders closed, self-deportation occurring, and illegals sent back to their country of origin, millions of dollars are being redirected back to **lawful** American citizens, as the cost of housing is declining with its drop in demand, while the pressure on local infrastructure is easing
9. MILITARY-INDUSTRIAL COMPLEX BLACK BUDGET PROJECTS—While over 6,000+ patents are poised to be released, and a trickle of these patents are incrementally surfacing, these inventions that should have been benefitting mankind years ago, have been purposely and selfishly hidden by the Deep State (excuse given—"national security"). They will be released when N.E.S.A.R.A.[3] is deployed. Billions are being confiscated from the construction of globalist D.U.M.B.'s,[4] sinister cloning labs, organ harvesting and adrenochrome operations, alien (demon) cross breeding experiments, weather manipulation-transmission-intensification arrays, human trafficking exchanges, pedophile rings, etc.

[2] The reader should be reminded that the Jesuits of Rome are behind all unrest, theft, murder, mayhem, sabotage, lying, treason, and chaos.

[3] The National Economic Security and Reformation Act (N.E.S.A.R.A.) operates within the quantum realm, not the old Deep State, hackable Internet overseen by shadow banning cartel Gatekeepers, and utilizing Super Intelligence (SI), not the Deep State Artificial Intelligence (Ai), the Quantum Financial System (QFS), will destroy the Deep State's god of currency with its economic booms and busts, worthless Federal Reserve Notes, and finally, inflationary manipulation.

[4] D.U.M.B.'s have been and are being demolished as they provide an escape and protection for these elite, pedophile reprobates.

10. RE-PATRIATED GOLD FROM THE VATICAN—Estimated value of between $37-$48 quadrillion recovered from the 1,500-mile tunnel from the Vatican to Jerusalem[5] conveyed on 650 Galaxy C-5A's & C-5M's military air transports[6]
11. TARIFFS & A CONSUMER ECONOMY—One of the many things that makes America great is its working-class that has been the backbone of American success and its capacity to purchase products within our borders—A CONSUMER ECONOMY. Whereas most countries in the world are socialist, the American working-class, living in a **Constitutional Republic**, have enjoyed the benefit of a disposable income, whereas in socialist countries most people are barely surviving.[7] If you want to sell your wares in our country, then you can either build your plants here, utilize our materials, and hire our workers, or pay the piper—the tariff! Eradicate the IRS. Construct the External Revenue Service
12. NO MORE WASTE, FRAUD, & ABUSE TO FOREIGN GOVERNMENTS—The elimination of the government agency, USAID
13. PRIVATE SECTOR ACCOUNTABILITY & FOREIGN ACTORS—Nick Shirley and his exposure of Somali fraud in Minnesota and the state's complicity and involvement in this malfeasance, created a government fraud division headed up by Vice President, J.D. Vance, and an expanded whistleblowers hotline and compensation division. From Medicare and Medicaid fraud to phony insurance claims, this conflagration of theft has spread to numerous other states
14. 63 MILLILON BARRELS OF VENEZUELAN OIL—After years of abuse, death, and chaos under the iron fisted rule of butcher and captured

[5] This was recovered in the first 6 miles from the Vatican's end of the tunnel.
[6] This would include multiple flights from the U.S. to the Vatican as there are a limited number of these airframes currently in operation and in storage; however, since there is a white hat military alliance of 60+ other nations involved in this operation to purge the world of the Deep State, it is conceivable other Galaxy airframes we sold to our allies could have been utilized in this covert operation.
[7] Who pays for Europe's socialist health care experiments and drug discounts, military defense, and who rebuilt Europe under the Marshall Plan after WWII? Don't ever compare America to any socialist country. Ask yourself why we are the biggest consumer nation in the world? That should answer the skeptics, naysayers, and idiots.

drug lord Nicolas Maduro, this is payback for our refineries, storage, and transport facilities and vessels that fell into disrepair because of Maduro's love of drugs, terrorism, and his ruthless reign of terror over the Venezuelan people

15. THE PLANNED DEMOLITION OF THE FEDERAL RESERVE'S RIDICULOUS PRICE CEILING OF GOLD AT $42/OUNCE[8]—When the true value of gold and silver are reflected in these commoditie's manufacturing and public demand, not a central bank's artificial decree nor the possession of bank futures, gold and silver will skyrocket
16. CORPORATE BAIL-OUTS & BAIL-INS—Americans are tired of paying for the poor management decisions of CEO's and CFO's (upper management) to the detriment of their support staff and the American taxpayer. Whether it's GM, Chrysler, United Health Care, or any other corporate entity, they can declare Chapter 13 and re-organize, while firing the incompetents, OR go out of business
17. UNIVERSAL HIGH INCOME—Championed by philanthropist, entrepreneur, and conservative technocrat, Elon Musk, the concept of a universal high income seeks to return to every American the money that will be saved through the transition from a labor-intensive work force, to a computerized work force employing robots, SI, data centers, and a minimum of human oversight. These plants can be operated 24-7 with a minimum of human supervision with its wages/salaries, benefits, sick time, vacation, etc.

[8] While the lying, Deep State Ai indicates it is the government that set this price for gold in 1973, anyone that knows anything about the Committee of 300 and the Fed, with its globalist policies, understands this institution tells our government what the set price of gold should be. The central banking cartel and London have been the ones behind the suppression of the real value of this commodity since 1973.
