

The E.B.S.¹ (Emergency Broadcast System) Awaits & What I Have Learned About this Event

By Paul J. Wickliffe, author, B.A. U.S. History, Bible student and believer in Christ (50 yrs.), Deep State analyst (49 yrs.), web designer, horticulturalist (40 yrs.)

11/27/2024

The implementation of the E.B.S. will signal the visible end of the Deep State's stranglehold over the world as their lies, spanning millennia, are exposed. Brace yourself as the truth will shatter your fabricated views of reality. Consider this:

1. **A SPIRITUAL CONFLICT LIKE NO OTHER**—Nothing like this is suggested anywhere in the Bible.² This is a spiritual conflict between righteousness and wickedness, Christ vs. the elevation of man assisted by the powers of darkness. While we are in the latter days, Jesus also said we are in [the beginning of sorrows](#). This time aligns with the opening of the 5 seals of [Revelation 6:1-11](#).
2. **GEORGIA GUIDESTONES: A THING OF THE PAST**—The Deep State's 2030 agenda was designed to enslave all humanity, while the 500 million who remained after the 'final solution' of the Covid-19 bioweapon, it would be these that would serve the globalist masters.
3. **LATTER DAYS, YES, BUT NOT AT THE DOOR**—As a student of Bible prophecy for 34 years, it is my belief we are in the last days; however, I am not convinced we are at the door of the next event revealed in [Revelation 6:12-14](#), namely the cosmic disturbances and the earthly anomalies.
4. **DEATH KNEEL OF THE OLD INTERNET**—10-12 days of internet silence.
5. **THE REVEAL**—24-7 television revelations of Deep State lies revealing those involved and the central casting individuals filling in.
6. **GOODBYE DUAL JUSTICE SYSTEM**—Televised equity³ and justice dispensed to Deep State Luciferians at places like Gitmo (Guantanamo Bay, Cuba), Diego Garcia, Camp Blaz (Guam), Tierra del Fuego (tip of South America), as well as Antarctica.⁴
7. **MASSIVE ROUND-UP OF THE DEEP STATE**—During the 10-12 days of internet silence 700,000+ federal indictments⁵ will be issued to Deep State actors and their

¹ Also known as the EAS or Emergency Alert System.

² What I am suggesting here is not the judgment by God upon men, but the elimination of men at man's own hand--cyborgs serving their collectivist, globalist masters.

³ A biblical term, equity means that God has set the punishment for the transgression. In this case treason and crimes against humanity. These crimes are punishable by death.

⁴ Remember, Antarctica was the scene of a Nazi exodus after WWII. Admiral Byrd encountered heavy resistance and casualties from Nazi elements making Antarctica its new Aryan Atlantis. There are historically accurate videos circulating on the internet revealing this harrowing military encounter.

⁵ It has been suggested that for every federal indictment there are 99 people involved. If you take 700,000 indictments and multiply that number by 99 you arrive at 69,300,000 arrests. These detainees will be held incommunicado at secure military installations (Gitmo, Diego Garcia, Camp Blaz (Guam), Tierra del Fuego (Southern tip of S. America), etc.

accomplices. The serious offenders who have committed treason and crimes against humanity will be privy to a necktie party at a designated tribunal location.

8. **BETTING IN ALL ITS FORMS IS WRONG (BETTING, GAMBLING, SPECULATION)**—After the E.B.S. is declared there will be a corresponding disappearance of the global stock exchanges and markets, as well as sports betting. Disposable and not so disposable income applied to the casinos will be funneled into more worthwhile human endeavors. Insider trading and information will give way to transparency, security and integrity as those addicted to such destructive behavior will get a new look into what is important, valuable, and can do the most good for the greatest number of people within their local communities.
9. **THE SWITCH TO 5D**—After the 10-12 days of internet silence we will switch to the new quantum internet. Goodbye cell phones and cell phone towers that emit harmful E.M.F.'s (electro-magnetic frequencies). 5-D has nothing to do with consciousness or ascension as some within the alternative media have put forth, for example John Michael Chambers.⁶ It has to do with knowledge regarding the functioning of our natural world, and that we are just beginning to understand, for example, there is a little understood quantum mechanics phenomenon known as *quantum entanglement*. This is a physical phenomenon where two subatomic particles affect each other regardless of distance, time, or an electrical grid disruption. In the realm of Med Beds, this subatomic entanglement does not make any difference whether a Med Bed is physically present, or this advanced medical device is virtual, namely invisible but nonetheless beneficial to the user. It also operates on the thoughts or conscious healing desires of the user. My wife and I can attest to this truth as we have a virtual Med Bed in our home.
10. **WARTIME COMMAND STRUCTURE**—We have been under martial law, since 2020, with the intent of taking back our constitutional republic. Before we ever had a Constitution we had a military. Our military came first, then our founding documents!
11. **SNOWFLAKES MELTHING AMONGST THE HEAT**—Much of what has not been visible (covert or clandestine military operations) has been done to prevent civil war, chaos, and 'shocking' emotionally unstable souls from 'losing it'
12. **GOODBYE JOE, HELLO ARTHUR**—The real Joe Biden was executed for high crimes and treason on Jan. 20, 2020, and the actor Arthur Roberts installed as a replacement and puppet
13. **COMPENSATION, RESTITUTION, RESTORATION**—During the 10-12 days of internet silence Wells Fargo (?) will send a text to the internet group of Americans (Tier 4b)⁷ telling them the time and place of a redemption center appointment. As of 2025-

⁶ In JMC's fireside chat entitled, "The Take Down Is Real. The Reset Is Inevitable." His comments about 5-D consciousness and ascension begin at roughly [25:30 into the video](#).

⁷ These are the patriots who made it their business to inform themselves about the Liberal and destructive trajectory our country was heading towards, and were morally motivated to do something about it. Yea, they had jobs, lives, while facing numerous physical, spiritual, and relationship challenges; however, they cared enough about our Republic to educate, be educated, and share that information with those of like mind and political persuasion.

2026 a new tier has emerged, tier 5. It has been suggested that these individuals will get appointments at a state credit union

14. **GET RIGHT WITH YOUR CREATOR**—Nine stations will be housed at the redemption center where your intentions and personality are laid bare. It is here that your individual frequency, vibration and energy fields will reveal your true character, hence the name redemption center. What will become evident at redemption centers, and the state credit unions will be individuals who: possess peace, contentment, godly purpose, and harmony with one's God-given moral conscience VS. unforgiveness, bitterness, hatred, variance, strife, occult participation and involvement, masonic membership, hypocrites, and those who love and make a lie.
15. **MILLENNIAL RESTITUTION**—At the redemption center you will exchange your Federal Reserve currency, as well as any foreign currencies (Dong, Bolivar, Dinar, Zim Bonds) for the contract or special rate, whatever is higher. Once the currency exchange has been made, you will receive a commensurate amount in your quantum access account
16. **LOOSE LIPS SINK SHIPS**—Silence about your newly acquired funds will require you to sign a 3–4-page Non-Disclosure Agreement (N.D.A.). You are to remain silent about your funds for 90 days or 3 months. Any violation of this agreement will result in a forfeiture of the individual's newly acquired wealth
17. **GOODBYE FINANCIAL MIDDLEMAN**—You will receive a quantum access account card unique ONLY to you. You will be able to execute all financial transactions through your quantum phone and quantum lap-top that will be issued to you.⁸
18. **CAN YOU SAY QUICK**—Your quantum phone will operate at speeds unseen and unheard of previously from the old iPhones or Samsungs. Your phone will have an average storage capacity of 1 TB and a photo resolution of 256K pixels
19. **P.O.I.L.'s**—You should be able to obtain proof-of-income letters at the redemption center for future purchases of considerable size and expense—a car, vacation, boat, a motorhome, a house, etc.
20. **DO UNTO OTHERS AS YOU WOULD HAVE THEM DO UNTO YOU**—You will also be allowed to submit your *Humanitarian Initiative Trust* when you are at the redemption center. The template for this incredible way to bless others, while realizing a life-long dream, can be obtained by acquiring the template from DavidXRPLion on X. Instructions on how to fill this out can be found there also.
21. **TAXING INVENTIVENESS, INNOVATION, AND CREATIVITY IS EVIL**—A 14% consumption tax on new items will be assessed. The feds will get 7% while the states, counties and cities are to receive 7%. It is immoral to tax production, which by the way the Deep State has been doing for a long time
22. **PRECIOUS METALS VALUE THROUGH THE ROOF**—There will be a window

⁸ Middleman is a buzzword for those Deep State operatives that have engaged in the relentless extraction of working class and retired individual's productivity and value through insurance companies (betting the worse on you), mortgage and title companies (punitive and endless extraction where you never own your home), usury on all kinds of loans (the principle-interest conundrum), property tax (software that projects future land values not on reality, but on planned market manipulation). I have heard that those tier 4b individuals will receive a phone and a laptop at no charge. I do not know about those people attending state credit unions, tier 5. This is fluid. This could change.

of 5-7 days, possibly after a visit to the redemption center, where possessors of physical gold, silver and other precious metals will be able to redeem these commodities for top dollar. Again, any exchange of these precious metals will be reflected in one's quantum access account. The U.S. Treasury will be the primary minter of gold and silver coin along with the U.S. Rainbow Currency certificate. Many gold and silver dealers will disappear. It is possible some of the private mints will remain operational

23. **THANKS ELON AND STARLINK**—When a financial transaction is made anywhere in the world there will virtually be no latency (delay) as it is reflected in one's quantum access account. Latency will give way to immediacy. A disappearance of financial middlemen (moneychangers--[Matt. 21:12](#); [Mark 11:15](#)) and bankers ([Luke 19:23](#)) gives way to true financial freedom as these gate keepers and extractors disappear. The old Elon Musk has been executed as he was one of many tech guru's that was extremely Liberal and Left in his worldview. The current Elon body double is an American patriot.
24. **BLOCKCHAIN: A TECHNOLOGY IN THE MAKING**—All financial transactions will be immediate, recordable, transparent, and secure through blockchain technology
25. **JEWISH BABYLONIAN ASHKENAZIS**—The decades long propaganda satellites of the Kabbalistic Mossad will be destroyed. Remember, we are not against the Jewish people but their corrupt Ashkenazi ([Gen. 10:3](#)) leadership, namely Netanyahu and possibly many within the Israeli Knesset. The Balfour Declaration, drafted by the Rothschild family and introduced into the anti-American U.N., established the nation of Israel in May of 1948. Many of the Deep State politicians, including Netanyahu, have already been executed. Body doubles have been installed to continue the movie just a little longer.
26. **TRUTH IS STRANGER THAN FICTION**—The progressive media outlets, academia, 'science,' Deep State sourced 'scientific' journals, Hollywood entertainment, and other forms of propaganda and sinister narrative formulators will be replaced by truth tellers, digital warriors, conservative news platforms, influencers, and others who care to report news that is objective.⁹
27. **REDUCTION OF THE GOVERNMENT LEVIATHAN**—Government will be reduced by 90%, while all government employees will no longer be entitled to bloated pension programs and cushy medical insurance plans for pennies on the dollar. This unsustainable coverage heretofore granted to government employees, will now find they will have to compete not only for their jobs like those in the private sector, but will also be paid what those in the private sector are paid.
28. **LIGHT OF HUMAN D.N.A.**—Photonic light technology will make computer hacking a thing of the past, while making financial transactions, safe, transparent, and secure
29. **FINANCIAL INTEGRITY**—Quantum technology was specifically designed with the financial security and parity of nations considered, the financial freedom and potential of individuals in mind, while cross border transactions will be assured through transparency, security, and immediate time-stamped/recorded receipts

⁹ Objectivity will depend on whether the individual's worldview is rooted in biblical truth NOT denominational-sectarian lies--namely church propaganda or as the Bible labels it, sorcery.

30. **GOODBYE ROCKEFELLAR ALLOPATHIC MEDICAL COMMUNITY**—Med-beds will replace Big Pharma, the sinister ‘vaccine’ industry, and much of the allopathic medical community. Three types of med-beds (holographic, regenerative, and regressive) will treat and cure virtually all human ailments. Trauma care will be about the only reason to keep hospitals, emergency vehicles, and personnel around. Every ailment the mainstream medical community has kept us in bondage to (disease management vs. disease identification and eradication) will disappear.
31. **CRIMINALS WILL NOT ABIDE BY BASAL III BANK REGULATIONS**—All financial institutions will take on a new appearance or be rendered unnecessary in this financial renaissance in which the old paradigms and traditions disappear and the new emerge. The one constant in life is CHANGE. Those that refuse to embrace the transformative quantum system will struggle.
32. **SECULARISM UNMASKED**—The Enlightenment and the consensus ‘science’ crowd will be unmasked, while the emphasis on biblical creationism will replace esotericism with all of its religious, nonsensical drivel. Assumption, prognostication, and forecasting, will give way to empiricism, factual observation, and the scientific method
33. **WILL PUBLIC EDUCATION SURVIVE?**—The liberal National Education Association (N.E.A.) and Jimmy Carter’s Department of Education will disappear as power is decentralized from Washington and given back to the parents and local communities. Educational options will be provided to parents, while school vouchers give parents a variety of choices such as a Trump tax free educational academy, charter schools, home schools, along with numerous private schools. The public schools will have to compete with these performance-driven educational institutions, while trying to survive on a 7% consumption tax parsed between the state, county and local governments.
34. **AN UNPARALLELED EXPLOSION OF TECHNOLOGY**—The release of 6,000+ patents made available to all people, will usher in a technological revolution surpassing the Industrial Revolution of our predecessors. These technologies will eliminate famines, pestilences and other scourges we have been told, convinced, and brainwashed into thinking are impossible to resolve. The whole Deep State lie of resource scarcity will be shattered.
35. **SOVEREIGNTY OF NATIONS**—The Deep State concept of collectivism, in all its forms,¹⁰ will be destroyed as individuals and their leaders become directly responsible to their Creator, Jesus Christ,¹¹ and to their fellow man. When NESARA (National Economic Security and Reformation Act) and GESARA (Global Economic Security and

¹⁰ The foundation from which the most popular political collectivist isms have been founded, namely Socialism, Marxism, Fascism, and Communism, have had their genesis in religious collectivism. Religious collectivism having been spawned from Nimrod’s Tower of Babel, has produced the progeny of Romanism, with its cult of personality, namely denominationalism and sectarianism. Among these are the three largest religions. One of them, Romanism, wears the mask of ‘Christianity.’ The other two, Islam and Judaism, reject grace through faith, as well as Christ being man’s Redeemer and the Holy Spirit as the believer’s teacher. From there it degenerates into the Human Potential Movement or New Age Movement of Helena Blavotsky.

¹¹ Another way of putting this is men will heed their God-given moral conscience, namely the law written upon men’s hearts ([Romans 2:14, 15](#)).

Reformation Act) are deployed, any nation with imperial-globalist ambitions will encounter the severest consequences, economically, militarily, and technologically.

36. THE UNVETTED MULTITUDES DEPLOYED BY THE DEEP STATE TO DESTROY

PEOPLES, TRIBES, TONGUES, AND NATIONS—The ceaseless, lawless and deliberate release of illegal aliens into sovereign nations across the globe, for the purpose of robbing the working class of their prosperity, stealing their voice through voter fraud, and eventually destroying the cultural identity of any sovereign nation, will cease. Self-deportation will be the only hope the illegal aliens have of financial restitution, material restoration, and cultural reclamation.

CONCLUSION:

Several people within the conservative movement, who were once part of Trumps' base, have abandoned their support because they fail to recognize a principle taken directly from the Bible and Jesus himself. This principle is to extend grace and mercy to your enemies (Judas Iscariot). Instead of using blackmail, Trump employs whitemail--giving the individual the opportunity to do right, namely, listening to their God-given moral conscience.

Like any business or academic institution and the product they produce, in this case company assets or competent graduates, this fruit must be examined in light of its contribution or burden on society.¹²

Whatever happened to reading, writing (composition & penmanship), math, history, the Bible, critical thinking,¹³ and Constitutional law. The students coming out of school today have been taught to hate America, confused about their gender, and lack many of the basic skills their competent and successful predecessors possessed.

Having access to all intel available at his fingertips, Trump is not taken by surprise with any of his cabinet appointees. Also, do you know where those who were thrust into the public eye? They betrayed their Constitutional oath! Barrack and Michael Obama, Joe, Jill and Hunter Biden, Bill and Hillary Clinton, Bill and Melinda Gates,¹⁴ Francis Collins, Anthony Fauci, and Debra Birx are 6 ft. under? They have been executed for treason and crimes against humanity!

I realize Trump was instructed by the military to tone his rhetoric down regarding the 'vaccine' issue. He complied with the military's request despite the fact he was speaking in code using the word vaccine in reference to a beneficial organism that would, once inoculated into the patient, cause an immune response increasing T-cell production and white blood cell multiplication. In Trumps' Bill O-Reilly interview, where Trump said he had received the vaccine, and that it would save lives, this was in reference to his receiving an

¹² God calls on his people to care for the physically handicapped and people momentarily afflicted by an act of God (earthquake, flood, reduction in force by an employer, sickness resulting from a communicable disease, etc.)

¹³ When you suppress, deny or ignore your moral conscience, you eliminate the individual's capacity to critically examine, reason, and problem solve.

¹⁴ Bill and Melinda Gates were hung in 2013 by Indian nationals as they wickedly destroyed the immune systems of Indian children through 'vaccination.'

enhanced anti-body treatment. Trump said this treatment, if made available to others, could benefit them as it had Trump.

My argument is that by the time he gave this interview, conservatives who did not realize he was speaking in code, knew the dangers about the Covid-19 inoculation. The Liberals on the other hand, who attended his rallies because of their hatred for Trump, would never do anything the former Commander-in-Chief suggested. He did not 'move the needle' of public opinion in either direction. No one ran out and got the 'jab' because Trump said so!
