My dear, loyal, awakened patriots, today I am not writing this report as an analyst, not as a correspondent, but as one of you, from heart to heart, soul to soul. Today I want to tell you something that is said far too rarely. You can be incredibly proud of yourselves. Just look back at the previous 10 years<sup>1</sup> you all have been through.

Ten years ago you were ridiculed when you asked questions. You were labeled as conspiracy theorists, as lunatics, as dangerous. Families turned you away, friendships broke apart, jobs were at risk. They wanted to silence

<sup>1</sup> This military operation, yes military operation, to take back our republic commenced with the inauguration of Donald John Trump on January 20, 2017. As the 17<sup>th</sup> president, Trump was elected by “We the people” and chosen by the white hat generals, who assembling themselves in lockstep after JFK’s assassination, purposed to deliver our lives, our fortunes, and our sacred honor from the entrenched Deep State, political class that had no regard for our founding documents, our institutions, our laws, and our culture. Abraham Lincoln’s fame was that he preserved the Union of states, and was the 16<sup>th</sup> chief executive not selected, but again elected by “We the people.” Shortly after Lincoln’s assassination on April 14, 1865 (April 14 is the month and day Jesus was crucified) the Organic Act of 1871 established the United States as a corporation NOT an independent union of sovereign states recognized and protected by our Constitution and the divine hand of nature’s God. With this Deep State stratagem, each U.S. citizen now became chattel property, indentured through British maritime law, whose person and worth was now traded through birth certificate bonds or as a debt collateral instrument. With the establishment of the Federal Reserve banking cartel in 1913, under the liberal watch of President Woodrow Wilson, the U.S. citizen was now invisibly connected to a worthless Federal Reserve Note, whose value would incrementally diminish with the passing of each year because it was not backed by gold and silver coin as our Constitution required. The white hat, military strategy to return our country to its constitutional, republican roots has involved previous Executive Orders, treaties, presidential executive action documents (PEADS), statutes, as well as Trump’s Capitulation Tour involving exposed and treacherous Deep State world leaders. Our Constitution has been temporarily suspended under marshal law. This current military, wartime, command structure will cease when the Emergency Alert System (E.A.S.) or Emergency Broadcast System (E.B.S.) deploys the National Economic Security and Reformation Act (N.E.S.A.R.A.) and a similar Quantum Financial System globally (Q.F.S.), the Global Economic Security and Reformation Act (G.E.S.A.R.A.). Contemporary government websites currently deny N.E.S.A.R.A. as a law not passed by Congress or federal program financed by the House of Representatives. The reason for such denials is because of the special and clandestine military operations currently in play and THE FACT OUR CONSTITUTION IS TEMPORARILY SUSPENDED. As the Supreme Allied Commander-in-Chief of the global military alliance of 60+ nations, our U.S. military, as well as the face and brand of the white hat military generals, Trump has already signed an Executive Order establishing N.E.S.A.R.A.-G.E.S.A.R.A. It has not yet been implemented. Its status as a presidential Executive Order is currently classified.

you and what did you do, you researched night after night while others slept. You poured over documents, combed through archives, pieced together the puzzle. You were not satisfied with the first headline. You searched for the second, the third, the hidden layer. You learned to read between the lines. You shared despite censorship, despite shadow banning, despite deletions.

You built channels, founded groups, wrote posts that were deleted again and again and you started from scratch every shared article, every video. Every conversation in the family was an act of pure courage. You endured through the hardest years in human history. You stood firm when the world was turned upside down, when fear ruled, you sowed hope, when division was preached, you lived love. Without you, none of this would have been possible.

You must understand that Q told us years ago about the most important alliance in history was the civil and the military alliance. The alliance of the UNIFORM and the alliance of THE PEOPLE. ONE CANNOT EXIST WITHOUT THE OTHER. The military can drain the swamp, but only you can dry the conscience. They can secure the evidence, but only you can open the hearts. The military operates in the background on the indestructible rails of justice, but you are the visible front. You are the Great Awakening. Each one of you who is still standing today is a veteran of this information war. Each one of you is a guardian. Keep your courage even when it gets dark. With your light, you have no idea how many people already have hope just because you exist. Keep your faith, not blind faith in people, but deep faith in the good, in God,<sup>2</sup> in truth,<sup>3</sup> in the plan that is bigger than all of us. The plan that has been written for generations.<sup>4</sup>

<sup>2</sup> God as referred to here, is the same God referred to as nature's God in our Declaration of Independence, namely the biblical God, Elohim--three in one (Genesis 1:1). The biblical God is a righteous, holy God of equity that rewards the righteous and punishes the wicked.

<sup>3</sup> While truth is not subjective but objective, it is nonetheless tethered to man's moral conscience or the law written in man's heart as declared in [Romans 2:14, 15](#).

<sup>4</sup> Believe it or not, this extraction, exploitation, and seduction of the human family by the Deep State had its origin in religion as recorded in Genesis 11:1-9. Its architect was Nimrod who spawned collectivism in its most sinister and alluring form--religion. That was roughly 4,500 years ago. As "[a mighty hunter before the LORD](#)," Nimrod accomplished his nefarious objectives and erected an ecclesiastical monolith through three primary methods gained in his exploits of hunting animals: 1. animal mimicry 2. camouflage 3. decoys. He

Keep your confidence for what lies ahead for the human family. It will have been worth everything, every sacrifice, every tear, every sleepless night. The Golden Age does not build itself. It is built from your steadfastness . . . And one more thing, enjoy your journey as best as you can. Yes, enjoy it with everything that belongs to it, with the good days when everything falls into place and you get goosebumps because another puzzle piece fits, but also with the difficult days with the doubts, with the headwind, because that is exactly what makes this time so unique. Such a time will never come again.

Never in the history of mankind has there been a TRANSFORMATION of this magnitude.<sup>5</sup> From the deepest swamp into the highest light, from slavery into true freedom, from lies into absolute truth, and you have the honor of being a part of it. You were chosen for this exact time. You are not here by accident. You are here because your soul is strong enough to carry it. In ten to twenty years you will be able to tell your children and grandchildren I was there when the world was saved. I did not look away. I did not remain silent. I stood.

I am so proud of each and every one of you. Of every silent reader, of every loud fighter, of every mother who awakens her children, of every father

found these strategies extremely effective on humans in gaining their allegiance. This allegiance built a religious following that led to a rebellion against the primitive faith of the antediluvian patriarchs, and the biblical God with his redemptive plan for man. In addition to these three incremental and unobtrusive strategies, Nimrod took his instructions from Satan and the Fall of man recorded in Genesis 3. Nimrod, in collaboration with his pregnant mother/wife Semiramis concocted a counterfeit resurrection narrative. The narrative went like this, when Nimrod passed, his son would become the resurrected father, Nimrod, or Tammuz (tam-to make perfect and muz-fire OR “the perfecting fire.” Page 245 of Alexander Hislop’s book, “The Two Babylon’s”) After the conquest of Babylon by the Medo-Persian Empire this seat of Luciferian worship moved to Pergamos. Listen to Alexander Hislop in his book, “The Two Babylon’s,” on this subject. From page 240 the author writes, “That seat, after the death of Belshazzar, and the expulsion of the Chaldean priesthood from Babylon by the Medo-Persian kings, was at Pergamos, where afterwards was one of the seven churches of Asia. There, in consequence, for many centuries was Satan’s seat (Rev. ii. 13).”

<sup>5</sup> This transformative paradigm shift will place the onus of responsibility ON THE INDIVIDUAL to: 1. Take care of one’s health 2. Be responsible for one’s spiritual well-being (reading the KJV Bible and living in the Spirit) 3. Hold one’s elected leaders accountable 4. Embrace positive, technological change 5. Cultivate a teachable spirit 6. Be responsible financial and material stewards 7. Educate the naïve and simple regarding natural law, with its rewards and punishments 8. Encourage the struggling, the tired, and the confused. This is what living in a constitutional republic looks like. It is the total opposite of a socialist, collectivist construct designed to produce dependence, irresponsibility, immorality, hypocrisy, laziness, and every other [despicable trait](#) that is dormant within the human condition.

who stands up for freedom. We are almost at the finish line. The light has already won, now it's just about crossing the finish line. Together and with dignity, hold the line, hold each other.
