CAN I APPLY?

At Takeda, we believe all patients should have access to the medications prescribed by their healthcare providers. We also understand that some patients may have financial situations that make it difficult to pay for their prescriptions. Help At Hand (the Program) provides assistance for people who have no insurance or who do not have enough insurance and need help getting their Takeda medicines.

All applications are reviewed on a case-by-case basis in accordance with program criteria.

To be eligible, you must:

- Have been prescribed a Takeda medicine by a U.S. physician licensed and practicing in the U.S. or its territories
- Be a resident in the United States
- Not have health coverage, or not have enough coverage to obtain your Takeda medication
- Have a household income equal to or less than 5 times the Federal Poverty Level (for more information on Federal Poverty Levels, visit <https://aspe.hhs.gov/poverty-guidelines>)
- Not have access to alternate sources of coverage or funding
- Have recently lost your job and are experiencing financial hardship

For Takeda Help At Hand PAP medications reimbursed under Medicare Part D, if you have a household income below 150% of the Federal Poverty Level (FPL), you may qualify for "Medicare Part D Extra Help" and not be eligible for Help At Hand PAP. If you have already applied for "Medicare Part D Extra Help" (also known as "Extra Help" or "Low-Income Subsidy") and been denied, please include a Pre-decisional Notice or denial letter with your PAP application. For more information, visit <https://www.helpathandpap.com/Eligibility.aspx>.
