

COST SAVINGS EVENT: SUPPLIER IDEATION

SITUATION

You spend heavily with your key Suppliers and get good value and service but need them to participate in your end-to-end cost savings effort.

There are multiple areas of waste and inefficiencies for you to work on together without cutting their margins.

SOLUTION

You engage an experienced facilitator to co-plan and facilitate a joint event with your team and one or more of your key suppliers.

1- to 2-days structured with key participants, specific prework, multiple ideation tools, and action planning for next steps.

BENEFITS

Dozens of new cost savings and improvement ideas.

Joint action plan with real savings for both partners.

Improved processes with reduced waste and inefficiencies.

Stronger relationship.
