

# COTTAGE SECURITY WITH INTELLIGENCE

**Spectrum Systems** has the security solution for your cottage that:

- is reliable under extreme environmental conditions
- supports cellular connectivity
- has a mobile app to report alerts
- provides surveillance cameras streams
- monitors perimeter of cottage
- monitors burglary, fire, flood, freezing conditions, equipment malfunctions
- monitors sump pump, furnace/AC, generator malfunctions, Electrical outages
- has the ability to control devices remotely

Security concerns are inherent in half of the cottage owners. Often the cottage owner is hundreds of kilometers away. To know that everything is in good order is a comfort that is needed while not at the property.

At **Spectrum Systems**, we believe that people shouldn't have to live in fear in today's world. When you're under the reliable protection of a Spectrum alarm, you're safe from thieves, fires, CO or flood that can cause real harm to property and people.

1 Motion detected

2 Alarm triggered

3 Evidence captured
