

No More Heavy Lifting. Roll Your Lift In With Ease!

HEWITT LIFT EASE

Make Installation and Removal of Your Boat Lift Easy!

Hewitt Lift Ease wheel kit allows the lift to be easily moved. 27" wheels can roll over many types of terrain.

This adjustable screw wheel kit features a full-length mounting extrusion and is attached to the lift in two locations for added strength.

Built-in tire brake helps avoid tire rotation when the wheel is not touching the ground.

20-1/2" of adjustment.

27" wheel standard,
optional 18" wheel
available.

**INNOVATIVE. TOUGH.
TRUSTED.**
