Primary Selling Points

Performance

Phone lets you customize your Lock Screen in fun new ways. Layer a photo to make it pop, track your activity, and see live updates from your favorite apps.

Dynamic Island

Introducing this feature, a truly OEM innovation that's hardware and software and something in between. It bubbles up music, sports scores, video chat, and so much more - all without taking you away from what you're doing.

Camera

For Pros or enthusiasts - Phone has something to offer everyone with the upgrades to the sensor size, software, and physical lenses. Making Phone photography and filming capabilities up there with the best if not the best.

Saftey

Have peace of mind knowing when you're off the grid or in an accident, Phone lets you text emergency services over satellite and will call 911 and notify your emergency contacts after detecting a severe car crash.
