WUI Cost-Share Programs

- **Do you own forested property in Lincoln County?**
- **Are you concerned with the threat of wildfire or forest health issues on your property?**
- **Would you like technical assistance with forest management?**
- **Would you like more information on defensible space and fortifying your “home ignition zone”?**

There are state grant programs that can provide landowners with technical and financial assistance to thin privately owned forested land and/or create defensible space around homes.

The main objectives of the Nogal Canyon WUI (Wildland Urban Interface) Cost Share Programs are to mitigate fire risk while improving forest health. These grant opportunities can reimburse program participants for up to 50% of the cost to treat private land.

For more information about the cost-share program for fuel reduction, contact:

New Mexico State Forestry: (575) 354-2231 or email: Mitchell.Harper@emnrd.nm.gov

Upper Hondo SWCD: (575) 354-2220 or email: upperhondo@uhswcd.com
