SUBDIVISION, MAPLE RIDGE**

ENGINEER:

D.K. BOWINS & ASSOCIATES INC.

SHIMOPROJECTS

OVERVIEW

Shimo Projects completed the take-off and prepared the site servicing and roadworks project tender. The tender was accepted, and the construction works will commence in 2024.

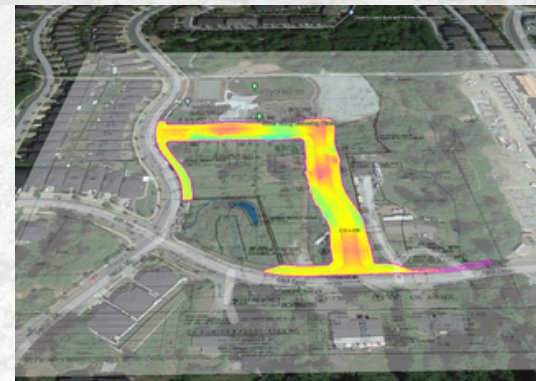

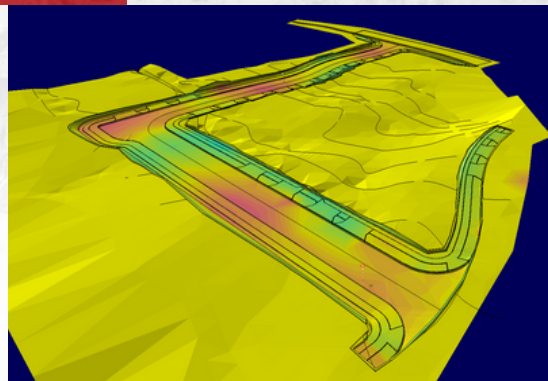

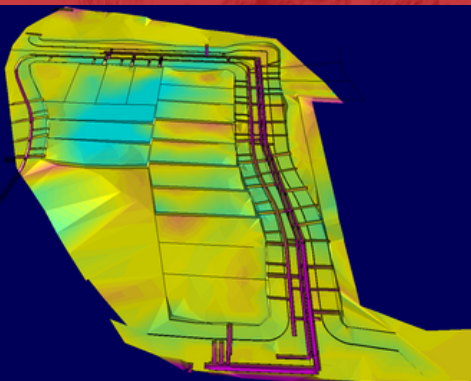

In addition to the estimating services, Shimo Projects will be completing the traffic management planning for the project along with project management services through to the project completion.

PROJECT SCOPE

The project scope includes land clearing, stormwater treatment, storm and sanitary sewers and watermain, roadworks, street lighting, and BC Hydro, Telus and Shaw Cable civil works.

OUR PROMISE

Our company specializes in civil engineering and provides precise proposals and tenders. With meticulous quantity take-offs and cost estimates, we ensure thorough project evaluation to mitigate risks. You can trust us to flawlessly manage and execute your projects from start to finish.
