

Susan Klacik

sklacik.luzerne@outlook.com

After a humble start being hired as a frame stylist with no eye care experience, Susan Klacik fell in love with optics, bought books (with borrowed money) to teach herself, and has gone on to hold positions at nearly all levels, and in nearly every aspect of the eye care industry. In her current role as Territory Sales Manager for Luzerne Optical, Susan brings a refreshing, multi-faceted perspective to her clients as a trusted practice consultant and educator.

Susan has served the eye care industry for over 35 years and is recognized by the ABO and AOA as a valued provider of continuing education. She has presented her lens design and technology courses to 3 of the nation's optometric universities and over the years has provided countless hours of continuing education to eye care professionals across the U.S. and

Canada. Regardless of their personal skill level or years of experience, participants in Ms. Klacik's educational programs are certain to take away something relevant and immediately applicable to their vocation.
