

George Bourque is an ABO Master Optician from Massachusetts. George has been a licensed optician for over 25 years! He is a second generation optician and independent owner of Concord Optical with his wife, Lisa. Together they make their home in West Boylston with their daughter, Savannah, and Maggie their dog!

George is an instructor at Franklin Cummings Tech in Boston. He began teaching at the college in 2007. He loves teaching and is known for his fun, thought-provoking, and interactive courses! He is a regular presenter at both Vision Expo East and West.

George is a director to the ABO-NCLE board. He is the former chair for the Opticians Guild of America, former director to the Opticians Association of America, and a past president of the Opticians Association of Massachusetts.

George loves his family, optics, and football! He says his purpose in life is to help people see!
