Summary of Experience

INTRODUCTION

AMT66, LLC was established in 2010, certified in 2016 as an SBA 8(a), an Economically Disadvantaged Woman-Owned Small Business (EDWOSB), Minority Business Enterprise (MBE), and a Disadvantaged Business Enterprise (DBE). We have aligned ourselves with government entities, and other private businesses that work hand in hand with our military units, working alongside them providing products and services needed to protect and serve our great country.

CURRENT and PAST PERFORMANCE

Date	Client / Location	Performance Summary Description
2014 - 2015	United States Department of the Army / Utah	Telecom infrastructure upgrades, inspections, emergency repairs, and certification of telecommunication towers.
2015 - 2016	Williams Electric Company (WEC), Subcontractor / Louisiana	Program & Logistics Management for the United States Army Corps of Engineers: The Army had manholes, handholes, and conduits that needed to be installed to connect multiple points on the base. The work consisted of boring the paths, placing multiple conduits, placing manholes/handholes, and sweeping the infrastructure into the buildings AMT66 provided twelve locations with the installation of all-new conduits for their meter infrastructure.
2016 - Current	AT&T / Marta Station Lindbergh / Georgia	Provide weekly, quarterly & annual custodial maintenance for fourteen (14) locations. This includes stripping, waxing, buffing, scrubbing of floors, and window cleaning. AMT66 provides monthly maintenance services at each location for Mold Remediation and other Restoration Services, Hazardous Waste, Plumbing, HVAC Maintenance/Repair, and Light Fixtures.
2017 - 2018	National Institute of Health (NIH) / Arizona	AMT66 as Prime: Installation of fiber optic for hospital and TGEN research buildings.
2018	United States Department of Agriculture (USDA) / Utah	Program and Logistics Management of building communication shelters for the use of technical equipment.
2018	U.S. Department of Interior (BLM NTC) / Arizona	Installation of fiber in the Training Facility Support rooms with the installation of fiber in three buildings.
2019	Federal Aviation Administration (FAA) / Arizona	Provided management of compliance inspections, monitoring, and testing of airport fire and water emergency equipment.
2019	Chatham Properties / Alaska	Program Management, Logistics, and Operations Management of janitorial, property, equipment for multiple buildings, OSHA and Safety certification management, and compliance with USDA safety requirements.
2020 - Current	Federal Aviation Administration FAA / Virginia	AMT66 as Prime 8(a): Program Management for a five-year facility, janitorial contract of an 18,000 sq. ft. regional security building.

2020 - Current	- Change Healthcare / USA	Program Management of customized software design, development, and implementation at VA hospitals of Barco Display controller for auxiliary displays, advanced workstations, USB Keyboards with Integrated CAC Reader TAA, and Diagnostic Display Controller.
2021 - Current	- Federal Aviation Administration (FAA) / Arizona	COVID-19 RL3 Routine Cleaning of the Communication Tower, and TRACON buildings.
