to wish as it does to
plan."*

-Eleanor Roosevelt

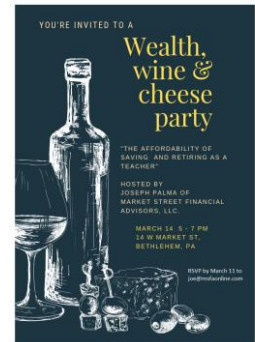

What's New

The flowers are blooming! What a great time to organize and refresh your home. I'm here to help you shake off your winter blues by purging and organizing the clutter that has been weighing you down.

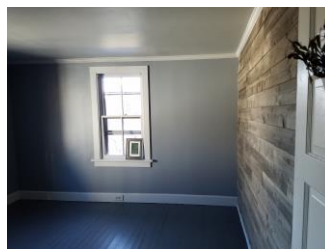

I am thrilled to share that business has blossomed since I started a little more than one year ago. The good word is continuing to spread from happy clients and networking friends. Both new and original clients are taking advantage of seasonal services and quickly filling the summer time slots.

Here are some recent services;

- **Wealth, Wine & Cheese:** A very talented financial planner has teamed with me to host a series of Wine & Cheese events that can help expand both your wine tastes as well as your financial portfolio. His first topic was focused on teachers and others are coming soon.
- **Summer Vacations:** I am booking overnight pet sitting for families away on vacations this summer. I am looking forward to spending time with my regulars and am excited to meet my new fur clients. Spaces are filling up so call soon if you need to book.
- **Home Office Dream Come True:** After Josh Ogden from Wynnfield Restoration patched the ceiling and installed the shiplap wall, I painted and added some final touches for the fun and rustic office my client always wanted.

**REDUCE
STRESS.
SAVE
TIME.**

Mobile Notary*

New Offerings

- **Digital Inventory for Insurance** – I am offering a new service for those needing to digitally document to breakdown the contents within their home for future loss or damage insurance claims.
- **Private Winery or Spirit Tours** – Looking for a great day with a special someone or a way to entertain out of town guests? How about a private tour of local pubs, wineries, and/or distilleries? Tours are custom designed and I'll even provide snacks between stops.

There are more projects and exciting plans on the horizon so look for updates, photos and my full list of services on Instagram, Facebook and at asyouwishlvpa.com.

Finally, **Thank You** to all my friends, clients, and family for a successful first year in business. Be well!
